# Greenwood Military Aviation Museum - Bolingbroke Restoration Project

The Greenwood Museum's Bolingbroke aircraft restoration project came from a farmer's field near Dauphin, Manitoba, having rested in a swamp since World War II (WW II). Built under license by Fairchild Aircraft Limited, Longueuil, Quebec as a Canadian version of the Bristol Blenheim, Mark IV, this aircraft saw service in western Canada as a trainer for the British Commonwealth Air Training Plan (BCATP).

Conceived in the mid 1930's by Lord Rothermere, a wealthy British newspaper publisher, the Blenheim was to be a fast (250 mph) commercial aircraft to carry up to six people plus pilot. Although the Bristol Aircraft Company was somewhat reluctant to build an aircraft that was superior to anything then being flown by the Royal Air Force, the aircraft was developed and constructed, with the first flight in 1935. Initially equipped with wooden propellers, a change to metal propellers was made shortly after production started. The new propellers astonished

the aircraft designer as he watched his aircraft exceed 300 mph - eighty mph faster than anything in the Royal Air Force at the time!

With the outbreak of World War II, the British warmed to this fast new aircraft and Bristol quickly transformed the aircraft into wartime production as a fighter/light bomber. The Blenheim could "fly rings around the other British aircraft of the day..." (Timothy W. Shire ensign.ftlcomm.com). In fact, the first bombing raid of WW II was carried out by Blenheims on 4 September 1939 from RAF Station Wattisham. Greenwood's 404 and 415 Squadrons flew the Blenheim bomber versions overseas, while the BCATP units at Greenwood flew the Bolingbroke (affectionately known as the Bolly) as a target tug and utility aircraft. The distinctive yellow and black markings of a target tug have been selected for the Museum's restoration project.

Leading the restoration team is Robert "Bob" Johnson (aka CO 517 F/L Graham Air Cadet Squadron), with team members Norm Bonney, Peter Davis, Rolf Hippman, Bob MacDonald, Ian Patrick, David Richards, Hugh Ryan, Brian Troniak, and Malcolm Uhlman. In the workshop behind the Museum, organization was the key word last month with the start of the project. So, where to start such a daunting project?

Bob MacDonald constructed an adjustable cradle of 2" x 8" spruce on heavy casters to hold the fuselage. His next task is the adaptation of the cradle to enable the team to turn the fuselage on its side, giving access to the bottom of the fuselage where many panels will need to be replaced.

As the aircraft is constructed of aluminum panels riveted over aluminum ribs, the main job is to simply drill out the old rivets, allowing the panels/ribs to be repaired or replaced - the old panels being used as templates for any new pieces. Progress, so far, is slow but steady as the team cleans up the structures and learns how to do the required work. The gun turret, the horizontal and vertical stabilizers, and many small parts have been removed. Besides the Restoration Team, Cadets from 517 Squadron have been known to slip in after hours to offer needed help. Thanks to them; all help is appreciated.

Next month, a more detailed look at the aircraft and the work done so far will be presented. To view the progress of the project, go to the internet:

## 14 Wing Family Snowshoe Day

2010 has arrived, and with it our community will see the return of the third annual 14 Wing Wellness Campaign. The ongoing campaign is based on the idea that a healthy community is a happy community, and a happy community is a supportive community for our troops.

The 14 Wing Community Centre and MFRC will once again be partnering to offer a day of snowshoe bliss on Friday January 29th, at the 14 Wing Greenwood Golf

Course. This event is a challenge to all Military and Defence Team members to get active, and enjoy the afternoon with their families. The event is offered from 3:30 p.m. - 5:30 p.m. and is designed for all families to attend (including non-military).

This event is also a "Take the Roof off Winter" celebration. According to Recreation Nova Scotia, "Take the Roof off Winter" is a physically activity campaign designed to help Nova

Scotians of all ages improve their health and quality of life by getting outdoors and being more active this winter. To learn more about this winter campaign, please visit [www.taketheroofoffwinter.ca](http://www.taketheroofoffwinter.ca)

As mentioned, this third annual Family Snowshoe Day is an event designed for the entire family. We have snowshoes to fit any size foot, big or small. Plus, there will also be a Kid Zone where your child can enjoy a face painting, crosswords, etc.

Please note that the Kid Zone is not a child care service, and children can not be dropped off and left unsupervised.

There will be sleigh rides during the two hour event for those who do not want to test their luck with snowshoes and for those who would like to enjoy both activities. In addition, there will be complementary hot drinks and sweet treats to warm the soul. Plus, prizes can be won along the course and additional prizes will be handed out back in the club house.

So make sure you mark the third annual 14 Wing Family Snowshoe Day on your calendars! This event is a great way to "Take the Roof off Winter" and kick start an Olympic year with physical activity for the entire family. More information will be available in the coming weeks but to learn more please call 765-1494 ext. 5337, 5337 or 1421.

# Fire Chief's Corner • Kitchen Fires

## Too hot to handle: Putting a lid on kitchen fires

More fires begin in the kitchen than any other room in the home. In fact, residential cooking is one of the leading causes of fire-related deaths. The majority of kitchen fires begin with cooking equipment. Number one on the list of fire sources is stoves, including microwave ovens.

## Be constantly alert to cooking habits

- Keep pot handles turned toward the back of the stove: a small child could pull on a handle extending out at the front of a stove and be burned or scalded by the pot's contents. Avoid loose clothing while cooking: loose clothing can brush heating elements and easily catch fire.
- Never leave food cooking unattended on the stove.
- Never store frequently used items above the stove where

you may be burned reaching over the hot stove to get them.

- Remove pans of cooking fat or oils from the stove when not in use - it's easy to accidentally turn on the wrong burner.

## To help prevent kitchen fires

- Keep stove and oven clean because built-up grease and food particles are easily ignited. Keep combustibles (i.e. curtains, dish towels,

plastic or wood utensils, newspapers, grocery bags) away from the stove, oven and all appliances.

- Unplug kettles, frying pans and other appliances when not in use.

## In case of a grease or pan fire

- Turn off the stove. Smother flames with a pot lid or larger pan, if possible. Protect your hand with an oven mitt or wrapped dishtowel.
- Use of an approved portable fire extinguisher only if you are familiar with its safe operation.
- Never throw water or use flour on a grease fire.
- In case of an oven fire, close the oven door and turn off the oven. Never touch or attempt to carry a flaming pot. The contents may spill, spread or burn you.
- If the fire is not brought under control immediately,

get you and your family out and call 9-1-1.

## What if I accidentally make contact with a flame or hot surface?

- If your clothing catches fire: stop where you are, drop to the ground, and roll back and forth to put the fire out.
- Immediately cool a burn with cool running water under a tap for five to ten min-

utes and then seek medical attention.

## How safe is my microwave oven?

Microwave ovens are safe appliances, but if you accidentally place a twist-tie or other piece of metal inside an oven, "arcing" may occur and pose a danger.

- In case of fire, unplug the appliance and do not open the microwave door until the flames are out.

## What other steps can I take to prevent kitchen fires?

- Make stove controls easy to read from a distance - perhaps mark "off" with a bright red dot.
- Examine the stove and oven, toasters, coffee makers, and other cooking devices for signs of cracking, fraying or wear on cords and plugs.
- Look for signs of overheating.
- Check for recognized testing laboratory labels to show that the unit has been well designed.
- Keep matches out of reach of children. Explain the dangers to your children.

## Fire extinguishment and evacuation

- A dry chemical fire extinguisher belongs in the kitchen. Mount it to the wall near an exit and not too close to the stove.
- Know when and how to operate your extinguisher; read the label carefully for directions.
- Remember, your first priority is to evacuate and call the Fire Department at 9-1-1. When purchasing electrical appliances and fixtures, look for the Canadian Standards Association (CSA) seal of approval. This is your assurance that the CSA has tested the products for shock and fire hazards.
- When purchasing fire extinguishers and smoke alarms, look for the Underwriters' Laboratories of Canada (ULC) label. This is your assurance that the ULC has tested the equipment and that it will perform satisfactorily provided you use it and/or install it in accordance with the listing specifications.

# YOU AUTO KNOW

## Filling All Your Antifreeze Needs

Steve Boutilier, Service Manager for Canadian Tire, Greenwood says, the #1 Antifreeze/coolant in North America and the Official antifreeze of NASCAR, Prestone Antifreeze/coolant provides maximum freezeup and boil over protection (from -84° to +276° F) for cooling systems in automobiles and light duty trucks. Prestone Antifreeze/coolant's patented Dual Action Formula uses high quality inhibitors to protect against the

ravages of rust and corrosion to all cooling system metals, including the thin aluminum radiators found in today's new vehicles.

Use a mix of 50% to 70% Prestone Antifreeze/coolant and water for outstanding protection. Optimum change intervals - Once per year to provide unsurpassed protection.

Steve explains, that unlike engine cooling system antifreeze products, Prestone RV Antifreeze is specially formulated for winterizing

all types of potable water systems, such as those found in vacation homes, boats, RV's as well as swimming pools and heating systems. This propylene glycol-based antifreeze enables users to prevent water supply pipes from suffering bust damage down to - 50°F, while protecting against the build up of rust and corrosion. The nonpermanent-staining pink colour indicates that it is in the system. Steve reminds motorists when you are ready to use the

water system, just flush out until the water runs clear.

Ideal for winterizing all types of portable water plumbing systems. Use undiluted. Optimum change interval - Winterize annually.

For more information contact Steve and his staff at the Greenwood Canadian Tire store.

Skaters and Parents of the Greenwood Skating Club surprised James Hazelton with a nice send-off as he heads to the Canadian Junior National Championships today (Jan 10th). James qualified in December with a personal best score and has high hopes of cracking the top 15 in his first season as a Novice skater.

"Things have been going well and I am getting stronger with each practice" noted the young 16 year-old. He travels three times per week to the Greenwood club from Digby to work with his coach, Cheryle Gaston, who will travel with him to the event in London Ont. Competition starts on Tuesday. The skating club wishes James all the best!

# Canada Post Supports our Troops

**Submitted by: Michelle Thibodeau Wagner, Coordinator of Special Events and Promotions, Greenwood Military Family Resource Centre 765-1491 local 1421 michelle.thibodeau-wagner@forces.gc.ca**

Supporting our troops is an important thing to do, especially during possible uncertain and unsafe times for our deployed troops. Acknowledgement not only provides support for our troops who are away but also their

families left behind at home. It sends a message that they are thought of and hoped a speedy and safe return home.

It's a wonderful thing when an organization does something unique and special to show support for our troops. Local Area Manager of Canada Post, Marcia Longley-Caroppi, dropped into the Greenwood Military Family Resource Centre (GMFRC) just before Christmas with a beautiful binder filled with Canada Post customer and staff messages of

support for our troops. Hundreds of messages of support were collected from 36 different postal locations reaching from Lakeside, near Halifax, to Smith's Cove in Digby County.

The messages of support will be forwarded to our theatres of operations to allow our deployed troops to see how supportive the people of

Nova Scotia are and that they are on the minds of Nova Scotians everyday, everywhere.

Kudo's to Marcia Longley-Caroppi and her team at Canada Post for allowing Nova Scotians to express their support for our troops. Thank you for your efforts, our troops will very much appreciate it!

# Sack Races

**Submitted by: Kelly Clancey**

What an exciting morning! During a little gym time fun at the Morfee Annex Nursery School Chelsey, Tatum, Alyssa and Lydia took their turn racing to the finish line in their colourful "sacks".

Each day the boys and girls have time in their school gym for a bit of gross motor activity, stretching and building their muscles ...not to mention burning off a little excess energy!

For more information on our schools English or French Immersion, Nursery or Pre-school programs please contact Maurina Duret at 765-1494 local 5301.

Canada Post's Marcia Longley-Caroppi presents the GMFRC's Michelle Thibodeau Wagner with messages of support to be sent to our deployed troops.

# 14 Wing Greenwood Curling Club - The Masters are Coming

The Masters of curling are arriving at 14 Wing Greenwood Curling Club. The provincial playoffs will commence on the 23 Jan 2010, latest indication is, there will be four draws on the 23rd with the first draw commencing at 0800 and the second at 1220. Additional draw times will be published at the curling club as soon as the information is received from the Nova Scotia

Curling Association.

There are 16 teams from across Nova Scotia that have confirmed their entry into the spiel. Although this is a provincial championship spiel, the winners do not proceed to a national event. There is however an Atlantic Regional bonspiel to which the first and second place teams are invited to attend.

The Master's consist of curlers 60 years of age or

older. Some of these curlers who have entered this spiel have been participating in curling since they were of junior age. Others started in their later years and have developed into very competitive curlers. With the changing of equipment, some individuals who have had to give up curling due to physical injuries have now been brought back into the game with the use of

the stick. The stick enables a curler to throw their respective rocks, as they did as juniors, but without the bending down in the hack. Others, who have won various provincial titles and are still throwing their rocks in the conventional style have entered the spiel and are coming to display their talents.

Remember, If you are interested in viewing the fine

art of curling, meeting old or finding new friends, come on over to the 14 Wing Curling Club and enjoy the friendly and social atmosphere of our

club. It's there for you to enjoy. Come out and support your home club team.

Remember, as our Olympic curlers say, *Hurry Hard!*

# HOROSCOPES

January 10 to January 16

## ARIES - Mar 21/Apr 20

There is a cause in your heart, Aries, and it will direct much of what you do for the week. You may need to recruit a helper to keep up with all of your plans.

## TAURUS - Apr 21/May 21

Think about a change of scenery, Taurus, because you can use it. It may take more than a day or two away from work to recharge your batteries, however.

## GEMINI - May 22/June 21

Gemini, a new address leads to plenty of new relationships. You just have to weed through them to find the ones that have serious potential. A friend is jealous of your good fortune.

## CANCER - Jun 22/Jul 22

You are tempted to play the blame game, Cancer. But think better of it when some new information comes to the surface. Thursday will be a good day for personal reflection.

## LEO - Jul 23/Aug 23

Leo, there's a chance you will be passed over for something important this week. Don't let it get you down. You'll have another opportunity soon enough.

## VIRGO - Aug 24/Sept 22

Even though someone repeatedly asks you not to do something, you seem to keep on doing it, Virgo. If you're looking for trouble, this is the perfect way to get into it.

## LIBRA - Sept 23/Oct 23

Libra, a big argument yields no winners, only losers. It's your responsibility to start mending some fences. There's a close friend who has some good advice if you'll listen.

## SCORPIO - Oct 24/Nov 22

Cabin fever, boredom, the winter blues ... call it what you want to, Scorpio, but you've certainly got a case. This could be a good time to head to a warmer climate.

## SAGITTARIUS - Nov 23/Dec 21

Now is not the time to make big decisions, Sagittarius, such as financial moves or whether to get a pet. In a few weeks things will seem more clear and it may be a better time.

## CAPRICORN - Dec 22/Jan 20

Capricorn, before you get sidetracked by one way of thinking, it's better if you listen to as many ideas as possible. The right one for you is just around the corner.

# Make Story Time Special

**Submitted by: Kim Dixon, GMFRC Coordinator of Child and Youth Services at 765-1494 local 1812**

"Once Upon A Time, in a land far far away..." How many images does this simple phrase bring to mind. We instantly remember stories told to us from our parents, grandparents, babysitters, teachers, or friends. These stories often told of exciting adventures, fairy princesses, or fiery dragons. If your parents read to you or told you stories at bedtime, these may be some of your most treasured childhood memories.

We remember these stories so clearly because of the experience we had sharing the moment with our parents. These are the kinds of memories we want to give our kids – quiet, loving moments together; stories that will have them pretending to be princesses or knights in shining armour will spark their imagination and stay with them forever.

Research has shown that children benefit intellectually, emotionally, and developmentally from being read to from an early age. There are many books geared towards infants for parents to read. These special plastic books with colourful pictures are perfect for babies to look at or chew! Before children are able to talk, parents are able to ask children to point to different things in these types of picture books. As our children develop, we can ask them to tell us about the pictures – what they like, colors, size, or shape – the possibilities are endless.

Children also love to hear stories about themselves when they were babies. There is something very exciting to a child when the description or name of the story character sounds exactly like them. Tell them stories about the lives of their toys, dolls and pets before they came to live in their house! Be imaginative – you will surprise yourself at how much fun you and your child will have together.

The important thing about storytelling is the closeness that these simple stories can create. For a few short minutes, you are paying 100% of your attention to your child. You are teaching

them, bonding with them, and showing them that you enjoy spending time together. The years of snuggling at story time are very limited. Before you know it, your children have decided that they are too old for stories and hugs. Be sure to take advantage of these special moments.

Children of Military Families are often faced with having one of their parents absent for an extended period of time. Therefore, the time spent with that parent becomes even more special. Parents who find themselves preparing for a deployment or who will be away on course can still share in the routine of story time with their child. Being prepared is key when it comes to nurturing your relationship with your child during your absence. With the many wonderful technological gadgets available today, parents can not only record themselves reading their child's favourite stories, but can video tape story time for their child. These tapes can be played or viewed with the other parent or caregiver at bedtime. This allows for children to still feel as though the missing parent is still part of their day.

Parents who are looking for information on the importance of reading to children or who would like to hone their story telling abilities can simply check out any of the following resource sites to gather further information: [www.literacycentre.net](http://www.literacycentre.net), [www.caringforkids.cps.ca/behaviour/Reading2Kids.htm](http://www.caringforkids.cps.ca/behaviour/Reading2Kids.htm), or [www.kidsdomain.com/games/read/htm](http://www.kidsdomain.com/games/read/htm). Remember your local MFRC

is a great place to look for programs and services that address the unique needs of military children and their families.

## Face Painting Fun!

Picture taken by Emelye Smith

Submitted by: Kim Dixon, GMFRC Coordinator of Child and Youth Services at 765-1494 local 1812

The GMFRC Parent & Tot Program provides young children and their parents/caregivers with a professionally developed program that is geared to meet the developmental needs of young children. Pictured is one of our friends, Cooper Smith who really got into his art creation on painting day! Cooper had a great time experiencing the texture of finger paint with his mom as he decided to give face painting a try - his style! Our program is available FREE of charge to families of 14 Wing who would like to spend a morning playing, doing crafts and meeting new friends at the GMFRC. There is no need to pre-register just come on out and join us! This is a great way for both parents and children to make connections with other military families in a very relaxed and fun atmosphere. Stop by the GMFRC and pick up your copy of our monthly newsletter and calendar of activities that we will be doing in Parent & Tot and make plans to join us for some fun with you child in 2010!

# Kingston's New Year's Eve Family Celebration 2009

I, Kingsley the Steer, would like to say a big thank you to everyone who helped me and the Village of Kingston ring in the new decade at the Western Kings Arena on New Year's Eve. There was a great crowd of people that gathered that night. We had an awesome time together and lots of money as well as 700 pounds of food was collected for the Food Bank. Wow!! What a wonderful way to share the joy of the season! Thank you, Canada Post, for lending me some of your sturdy flatteners to tote all that food.

Lots of people seemed to know about the grand evening because the local churches and schools helped to spread the word. And I saw that Para Paints on Bridge Street and McDonald's helped me by posting signage a few days ahead of New Year's Eve. Thanks for that! Radio and

newspapers were also great in getting the word out, too. The Aurora Newspaper even published a couple of articles about me!! With the assistance of Anna West and Gillian Howell, I visited Greenwood Mall and Superstore in the afternoon of New Year's Eve to do what I could to remind the community to come to my party and they didn't disappoint me!

That evening Jared Mackintosh, and Princess Kingston, Hailey Mackintosh, helped me get around visiting with my many guests, flanked by 2 princesses from other valley towns. It sure was nice to get the royal treatment! Sometimes the arena ice surface was so crowded with revelers, I chose instead to wander around upstairs where Dana MacDonald and her friends were painting faces. Lots of little kiddies were

lining up for a balloon animal crafted by Bob Deveau when he took breaks from singing. There were hot dogs, cider, and hot chocolate offered everywhere by some rather dedicated and distinguished folks. I was honoured to have MLA Leo Glavine serving up hot beverages while he visited with my guests. Even in the Rec Hut, folks were cooking up dogs and serving families as they lined up for a wagon ride, courtesy of a couple of handsome teams of my equine cousins brought in by the Bezanson brothers. Firemen helped keep the line moving and made sure everyone had a turn. At the other end of the Rec Hut, Village Chairman Tom Beardsley and his wife Sharon endlessly churned out cotton candy and kiddies could also have their sticky little fingerprints taken.

The evening ended with

some stunning fireworks which many admired from the Superstore parking lot and nearby streets. I'm sure I saw a cow jump over the moon that evening! **I know these things don't happen without the support of lots of people and businesses and I would like to thank the following establishments for their kind generosity:**

**Municipality of Kingston; Fraser's Pro Home Centre; Kingston Lions Club; Village of Kingston; Sobey's; Loomer's Pumping Services; HE Armstrong's; Century 21; OH Armstrong Food Services; Valley Credit Union; David Proudfoot, Solicitor; Paragon Golf/Country Club; Greenwood Mall Merchants; DeCoste Kitchens; Parker & Richter Law Office; Dairy Queen, Greenwood; Dr. Paul McGuire; Pharmasave; Royal**

**Canadian Legion, Kingston; Exit Realty; Remax Banner Realty; Western Kings Arena; Freeman's Auto Sales; Rona Cash & Carry, Kingston; Andy's Tire Shop; Grampies Country Barn; Subway; Assaunte, Don Rawding; Kings Enterprises Ltd.; Atlantic Superstore, Kingston; Aurora Inn, Best Western Kingston; Medical Clinic; Sports Swappers, Wilmot; Avery's Farm Market; Mama Sofia Pizzeria; The Co-Operators; Boates Family Farm; Mid Valley Construction; Bower, Deschamp & Co.; MLA Leo Glavine; CC Cleveland Ins.; OK Tire.**

*Sincerely, Kingsley the Steer, Kingston's Village Mascot.*

## GMFRC Volunteer of the Month

Submitted by Jennifer MacLeod, GMFRC Program Support Assistant

Shirley Peck

Our volunteer of the month for December 2009 is **Shirley Peck**. She started volunteering in 2008 and has over 223 registered hours that she has contributed to the GMFRC. Shirley is a hard worker who does everything with grace and a smile. Thank you for bringing so many smiles to our centre and to our community! We value your hard work!

The **Greenwood Military Family Resource Centre (GMFRC)** recognizes that our volunteers truly do make a difference within the centre

and the community. Every volunteer donates their time and energy and embraces our mission by supporting and celebrating our unique

military family lifestyle.

At the beginning of each month we will feature a different volunteer. It will be posted monthly in the Aurora newspaper. Deciding on a *Volunteer of the Month* is simple. Names will be chosen and drawn based on the *volunteer sign-in book*. It is important to always remember to record your hours, as the *Volunteer of the Month* will receive a special thank you gift.

We understand that every volunteer works hard and gives freely of their time and we would love to recognize each and every one of you, but there will only be one *Volunteer of the Month*,

per month. As a registered volunteer with the GMFRC, we do have an annual Volunteer Appreciation Dinner coming up in April 2010 where every volunteer is invited and recognized for their outstanding efforts and hard work.

If you would like more information on *Volunteer of the Month* or how to become a registered volunteer at the GMFRC, please contact the Coordinator of Volunteer Services, Janie Gagnon at 765-1494, local 5938 or email at [Janie.Gagnon@forces.gc.ca](mailto:Janie.Gagnon@forces.gc.ca)
