# Military Appreciation Night at Acadia University Hockey Game

By: Captain Scott Spurr

Last Saturday, February 14 2009 Acadia University honoured 14 Wing Greenwood, by inviting members to watch their Acadia Axemen play against the Saint Francis Xavier X-men which was the Axemen's last regular season game.

This was the second game the University graciously gave tickets to the Wing to watch one of their hockey games with the first one being the game on January 28, 2009 where Acadia played Dalhousie.

Lieutenant Colonel (LCol) Doug Baird, the Commanding Officer for 404 (Maritime Patrol and Training) Squadron (404 Squadron) and his wife Lois and Chief Warrant Officer (CWO) Denis Gaudreault (also from 404 Squadron) and his wife Brenda filled in for the Wing Commander and Wing Chief Warrant Officer to do the official puck drop at centre ice before the game. Piper Sergeant Scott Pollon thrilled the crowd with his piping as he piped in the LCol and CWO and their wives.

The weather outside was not great and caused slippery roads, but the game inside of Acadia's fitness facility was positively electric for the Acadia Axemen as they

trounced the visiting X-men 6-0! This win moved Acadia up in the overall standings from fifth place to sixth and they will now play the X-men in the first round of the University playoffs that will start on February 18, 2009.

The University donated 150 tickets for this game to the Wing and several military personnel and their families braved the inclement weather to come out and view the event and witness some fine hockey!

This was the first time the University had a Military Appreciation event for one of its hockey games and the Wing and its personnel certainly appreciated their generosity, as was also evident last fall when the University honoured the Wing at one of its football games.

This event would not have been possible without the work of Eric Cederberg, the Universities Sports Information/Events Management representative as well as the University itself.

Even though it was Valentine's Day, the personnel from 14 Wing Greenwood had a great time watching the Axemen break the hearts of the visiting X-men.

## 14 SES Bits and Bytes

**By: Lt Yves Daigle**

It has been a while since the Wise Owl scribe has had the chance to put feather to paper!

For such a small unit, 14 SES has a fair share of ongoing tasks. These tasks support current operations and seek to identify how SES will lead the fleet over the next five years while we transition to a Block III airframe.

Currently, the unit is striving to complete the testing of Version 24 software. Being the unit's number one priority, this version will greatly enhance crew situational awareness on the Block II aircraft. Mr. Les Smith and Capt Adrian Matheson are leading this effort.

There is a buzz around the squadron for the Overland Equipment Mission Suite project (OEMS) with Mr Henry Hoeksma being the Senior System Engineer (SSE). This project will soon add new capabilities to the Aurora to enable crews to better fulfil overland missions.

14 SES will be supporting this project in three ways: we will design the computer networks on-board the aircraft; develop the software that integrates the aircraft with the various vendor computers; and, we will test software to make sure everything functions properly. There are seven 14 SES members busily designing and building these components:

Capt Mariano Arruda, Mr. Michael Borek, Mrs. Anne Dort, Capt David Dunwoody, Mr. Tom Eaton, Mr. Henry Hoeksma, and Mr. Jonathan Tweedie.

Everything will start coming together in February with a first flight planned for the spring. By the fall, the OEMS will make the Aurora a more capable airplane for flying the much anticipated overland missions.

Our unit's current third priority task is to continue to enhance the Operational Mission Simulator (OMS) to increase the fidelity of the trainer to match the aircraft. The first phase of this modification was a great success for the fleet, led by Capt Jason Furlong and his team. Now that Phase One is complete, the team, now led by Capt Colin Timmons, is working to increase the communication and navigation capability of the trainer to ensure its viability until the advent of the Block III OMS.

Quite a few of our brethren

have left 'the Parliament' and some have joined us since our last article.

Mr Marcel Journeay joined us from Wing Technical Information Services and is our new Network Systems Manager. Capt Dave Dunwoody, freshly graduated from the Aerospace Systems Course, has joined the Operational Liaison and Acceptance (OLA) team. Lt Etienne Gignac-Bouchard, a recent Borden graduate has joined the Operational Mission Simulator (OMS) team. Maj Chris Larsen from 404 Squadron is our new Deputy Commanding Officer. Mr Henry Desjarlais from Vancouver has joined the Overland Equipment Mission Suite (OEMS) team. Mr Jonathan Tweedie from Kentville is also part of the OMS team. As for me, Lt Yves Daigle, I recently graduated from Borden and am now working as the Full Flight Simulator Systems (FFS) Engineer. Also joining the Owls are 2Lt Denise Vidito as our new Administration Officer and Ms Debbie Cooper and MWO Barry McBride in the Quality

Management Cell. Welcome aboard to all!

There were a couple of promotions to mention as well: Maj Glenn Robbins and Lt Gignac-Bouchard have pinned up their new ranks.

Owls who have left the nest include Capt Rob Arsenault who was posted (along with his easel) to 402 Squadron in Winnipeg. Lt Marta Lachowicz is now posted to Edmonton. Capt Trevor Stevens jogged across the parking lot to 14 AMS. Capt Rick Alisch has flown further afield to CFAWC in Ottawa while Capt Dave Hanes also migrated to Halifax. Mr Carvell Fenton took new employment at CFNCS in Halifax. Furthermore, Capt John Lloyd and Maj Ron Chisholm are currently picking sand out of their teeth while on deployment.

Both Capt Darren Daigle and Maj Mark Levack retired.

Finally, we've had to say a sad, final farewell to Sgt Bruce Young.

The squadron, running on all cylinders, continues to plan for the future and maintain focus on operational tasks! Remember – the bugs stop here.

## Working with the Canadian Helicopter Force Afghanistan

By: Captain Scott Spurr

Captain (Capt) Yvonne Muirhead from the 14 Wing Administration Branch is currently serving in Afghanistan with the Canadian Helicopter Force. She arrived at the Kandahar airfield (KAF) on 5 December, 2008 for her five month tour. The unit is made up of eight Griffon and six Chinook helicopters and its primary mission is to transport soldiers and equipment around southern Afghanistan.

This is Capt Muirhead's first tour and it was somewhat of a culture shock when the plane she was on landed and she got her first look at the Base. There was not much time for her to get used to her surroundings either as the newly formed unit started work right away.

The newly formed unit is comprised of personnel mostly from 408 Tactical Helicopter Squadron from Edmonton, Alberta and Capt Muirhead is the adjutant for the unit, which is an important position to keep the administration flowing a smoothly as possible.

Capt Muirhead misses her family dearly, but can communicate with them almost on a daily basis and Canada House at KAF has a big screen T.V., plus a library to help keep her occupied when she is not working.

The accommodations and food are not bad as Capt Muirhead lives in a weather haven, which is like a big tent with seven other women. She does not mind her tour as long as she has access to her Tim Hortons large coffee with cream!

Capt Muirhead expects to return to Greenwood sometime this summer and would like to thank everyone for their support, especially her 413 (Transport and Rescue) Squadron friends, Wing Headquarters orderly room staff and of course her family.

## Filling All Your Antifreeze Needs

Jim Luddington, Service Manager for Canadian Tire, Greenwood says, the #1 Antifreeze/coolant in North America and the Official antifreeze of NASCAR, Prestone Antifreeze/coolant

provides maximum freeze-up and boil over protection (from -84° to +276° F) for cooling systems in automobiles and light duty trucks. Prestone Antifreeze/coolant's patented Dual Action Formula uses high quality inhibitors to protect

against the ravages of rust and corrosion to all cooling system metals, including the thin aluminum radiators found in today's new vehicles.

Use a mix of  
50% to  
70%

Prestone Antifreeze/coolant and water for outstanding protection. Optimum change intervals - Once per year to provide unsurpassed protection.

Jim explains, that unlike engine cooling system antifreeze products, Prestone RV Antifreeze is specially formulated for winterizing all types of potable water systems, such as those found in vacation homes, boats, RV's as well as swimming pools and heating systems. This propylene glycol-based antifreeze enables users to prevent

water supply pipes from suffering bust damage down to - 50°F, while protecting against the build up of rust and corrosion. The nonpermanent-staining pink colour indicates that it is in the system. Jim reminds motorists when you are ready to use the water system, just flush out until the water runs clear.

Ideal for winterizing all types of portable water plumbing systems. Use undiluted. Optimum change interval - Winterize annually.

### Le Curtiss HS2-L

Bien que n'ayant été ni conçu ni construit au Canada, le Curtiss HS2-L a joué un rôle important dans l'histoire de l'aviation canadienne. Dans les faits, les premiers HS2-L présents au Canada étaient 12 appareils provenant de la Naval Air Station des États-Unis établie à Halifax qui sont restés au pays à la fin de la Première Guerre mondiale et qui ont par la suite été donnés au gouvernement du Canada. L'ARC a finalement utilisé la plupart de ces appareils, auxquels sont venus s'ajouter 12 autres achetés plus tard, leur confiant divers rôles, comme des missions de photographie aérienne, de surveillance des frontières et des pêches ainsi que de respect de la prohibition, et ce, jusqu'en 1928, année du retrait des derniers HS2-L encore en service.

Des 12 avions donnés au Canada, la Laurentide Paper Company en a demandé 2 pour ses opérations forestières. Sous les couleurs de ce qui allait devenir l'entreprise Laurentide Air Service, le HS2-L a fait office de pionnier en réalisant plusieurs premières canadiennes, comme l'utilisation d'un avion pour repérer des feux de forêt ou prendre des photographies aériennes. Mais ce qu'il a éventuellement réalisé de plus important, c'est la livraison de courrier par voie aérienne et le premier vol de transport régulier de passagers, montrant ainsi que l'avion serait tout à fait capable

d'assurer de tels services.

L'Ontario Provincial Air Service a été un grand utilisateur du HS2-L, ayant lancé ses opérations en 1924

avec 14 avions et finissant par en utiliser 20. Ces appareils ont permis à ce nouveau service de faire un relevé précis des ressources forestières et ont par la suite été utilisés dans divers rôles, le plus important étant celui de protection contre les incendies. De nombreux petits exploitants, comme la Canadian Airways et la Pacific Airways, ont également utilisé le HS2-L pour transporter des passagers, essentiellement des prospecteurs et des arpenteurs, dans des endroits reculés, ainsi que des marchandises de grande valeur.

Bien qu'étant mal adapté au vol de brousse, le HS2-L a néanmoins montré qu'il pouvait être grandement utile dans le Nord, aidant à ouvrir de nombreuses routes et à

### Curtiss HS2-L

Although not built or designed in Canada, the Curtiss HS2-L played a significant role in Canadian aviation history. The first HS2-Ls in Canada were 12 left over from the United States Naval Air Station in Halifax at the end of the First World War and were subsequently donated to the Government of Canada. The RCAF would eventually use most of these aircraft plus an additional 12 purchased later, operating them to perform in various roles, including aerial photography and anti-ur, customs and fisheries patrols until 1928 when the last HS2-Ls were retired.

Of the 12 donated aircraft, the Laurentide Paper Company requested two aircraft for use in its logging operations. Under what became the Laurentide Air Service, the HS2-L went on to pioneer a number of firsts in Canada including the use of aircraft to spot forest fires and aerial photograph. Perhaps more important was the delivery of mail by air and the first regular passenger service, demonstrating the viability of aircraft performing these services.

A major user of the HS2-L was the Ontario Provincial Air Service, which began operations in 1924 with 14 aircraft, eventually operating 20. These aircraft allowed the

fledgling service to make an accurate survey of forestry resources and were subsequently used in many roles, the major one being fire protection operations. Many smaller operators, such as Canadian Airways and Pacific Airways, also used the HS2-L to fly passengers, especially prospectors and surveyors, into remote locations as well as transport high-value freight.

The HS2-L was not an efficient aircraft for bush flying; however, it did prove that the aircraft could be used for myriad purposes in the north and helped pioneer many routes and roles. It therefore retains a unique place in Canadian aviation.

# International Women's Day Celebrations – Tokens of Appreciation

Think of the special women who have touched your life. Wives, mothers, sisters, aunts, cousins, co-workers, nieces and grandmothers – they all have something in common: they are powerful influences that play important roles in our lives. We often overlook the struggles and barriers that women are facing and have faced in our dramatic history and can easily take their role in society for granted. The intent of International Women's Day is to celebrate the political, social and economic accomplishments of women throughout history. The first International Women's Day was celebrated on March 19<sup>th</sup>, 1911 in Denmark, Germany, Austria and Switzerland ([www.internationalwomensday.com](http://www.internationalwomensday.com)). It is now celebrated

globally, and is considered a holiday in some countries such as Russia, China, and Bulgaria ([www.internationalwomensday.com](http://www.internationalwomensday.com)). The tradition is now held annually on March 8<sup>th</sup> with hundreds of celebrations from across the globe in many forms such as political demonstrations, theatrical events and parades. These world wide events can be viewed at the International Women's Day website: [www.internationalwomensday.com](http://www.internationalwomensday.com). We encourage you to visit the website and take advantage of all of the historical information, event announcements and general knowledge to educate your family on the many barriers women have faced and still face in current society.

Join us at the GMFRC as we celebrate International Women's Day by acknowledging the women of our community with tokens of appreciation from March 4<sup>th</sup> until March 9<sup>th</sup>, 2009. All women who come to the centre during these few days will receive a free "empowering women" piece of merchandise by our themed author Suzy Toronto, and their names will be put into a draw for a basket, which will be drawn on the 9<sup>th</sup> of March. It is our hope that this will show support to all of the contributing ladies of our military families who make such a difference in forming their part in society and their roles in supporting Strength Behind the Uniform.

# Wing Logistics & Engineering and Wing Administration Branches Finish New Display at the Greenwood Military Aviation Museum

In January, the Wing Logistics & Engineering (WLE) and Wing Administration (WAdmin) Branches mounted a new display at the Greenwood Military Aviation Museum. The project began in the Spring

of 2007 and saw many members contribute both historical and current information on each Unit's role in the operation of 14 Wing.

WLE Branch consists of Wing Supply and Foods Services Squadron,

Transportation and Electrical & Mechanical Engineering Squadron, Wing Telecommunication and Information Services Squadron, Wing and Construction Engineering Squadron, and the significant functions of Wing Environment and General Safety.

WAdmin Branch is responsible for Personnel Services including non-public funds and community and support programs, Personnel Administration which provides administrative services for 14 Wing personnel, and the Wing Chaplains. Lodger units include 26 Canadian Forces Health Services Group and 1 Dental Detachment, as well as a wide range of partnerships such as the Air Reserve Flight, CANEX, and the Military Family Resource Centre.

This display marks the first occasion that these two large support organizations have formally been represented at the Military Aviation Museum. The project could not have been possible without the support of the

During that week, all 19 of Nova Scotia's Conseil scolaire acadien provincial de la Nouvelle-Écosse (CSAP) schools will be holding open house events. Parents can learn how sending Acadian and Francophone children to any one of these schools will open doors of opportunity for their children.

If you, your spouse or one of your grandparents is Acadian or Francophone, this is your opportunity to offer your children cultural, social and even economic life advantages. You can achieve this by sending your children to one of the CSAP early childhood centres, elementary or secondary schools. Many early childhood programs and services are available in the Acadian and Francophone communities. These programs and services can offer an array of early language learning experiences to the young child.

French language post-secondary education at both the collegiate and university levels are also available in Nova Scotia. Many adults have rediscovered their French language and heritage through literacy courses.

**It's your heritage, so why not take advantage of it?** Visit the school listed below to learn about offering a better life for your child. Call the school for an appointment if the date of the open house is not convenient for you.

## Winter Carnival Honours RCAF Flyers 1948 World Championship Thursday 26 February 09 - During Opening Ceremonies

Sixty years ago, the Royal Canadian Air Force (RCAF), the precursor to today's Canadian Forces Air Command (AIRCOM), played a surprising role in the 1948 Olympic Games held in St. Moritz, Switzerland. Due to strict amateur eligibility requirements, the Canadian Amateur Hockey Association (CAHA) could not send a hockey team to the *V Olympic Winter*

*Games*. The RCAF Flyers, a senior amateur team based out of Ottawa, fit the bill nicely and were bankrolled by the President of the Royal Bank of Canada, Sydney Dobson. Despite some early misgivings by players and experts alike, the team brought home the gold with a record of 7 wins, 0 losses and 1 tie, with an incredible 69 goals for and only 5 goals

against.

14 Wing Greenwood's annual Winter Carnival will include a Labatt Cup Hockey Tournament with round robin play from February 23-25, 2009. The final game of the Tournament will be played in honour of the RCAF Flyers and their incredible 1948

Olympic gold medal win. This game will take place immediately after the Opening Ceremonies at 8:00 PM on Thursday, February 26, 2009 at the Greenwood Gardens Arena and entail lots of good-natured fun for hockey fans of all ages. Local broadcaster, Jerry Neville,

from Magic 94.9 will be on hand to call the game and to act as the Master of Ceremonies for the event. 50/50 tickets will be sold with a draw during the game. In addition, there will be lots of door prizes to be won. We cannot hope to replicate the astounding feat of an untested hockey team showing up at the Olympics and walking away with the gold at our

humble Greenwood Gardens, but we hope everyone will want to take part in a wing-wide opportunity to watch some amateur hockey and have a good time at the Winter Carnival.

Don't forget to purchase your 50/50 tickets as you enter the Arena and bring your families and friends out for an evening of entertainment.

## Winter Carnival Family Games and Wagon Rides

**Where: Greenwood Community Centre • When: Saturday, 28 February 2009 from 1000-1130 a.m.**

**By Eric MacKenzie Community Recreation Coordinator**

Winter Carnival is just days away! Since we are celebrating the centennial year of powered flight in Canada, the theme of the 2009 14 Wing Greenwood Winter Carnival is Vintage Wings. The 14 Wing Community Centre is ready to once again offer you some fun indoor games and outside fun for the entire family.

We will be offering a number of great family games, which will be taking place inside the gym of the Community Centre, for all to enjoy. During this same time there will be wagon rides outside for all families as well. The wagon rides will depart from the parking lot of St. Mark's Chapel, across from the Community Centre, and then take you on a relaxing ride down Church St. and through a small

section of the PMQ's before returning back to the Church parking lot.

This year's Vintage Wings theme will be incorporated into our fun indoor games which will include the famous candy hop station as well as the always popular cookie decorating station. Once again, inside the gym, a large Bouncy Kingdom will be set up for the children and face painting along with a Vintage Wings craft corner will also be available.

This event is free of charge so make sure you mark it on your calendar and remember to include us in your Winter Carnival weekend of Fun!

If you have any questions about the Family Games inside the gym or the outdoor wagon rides, please call Eric MacKenzie, at the 14 Wing Community Centre, at 765-1494 ext. 5337.

## Morfee Annex Preschoolers Take the Roof Off Winter!

This week, the children from the Morfee Annex Preschool Took the Roof Off Winter! Eric Mackenzie, the Recreation Coordinator at the 14 Wing Community Centre, visited Maurina Duret's and Rachel O'Rielley's classes to teach the children about curling. Both classes learned about curling shoes, brooms, sweeping, the house and button and most importantly, they perfected their "hurry hard!" voices. Eric talked about the importance of playing outdoors and being winter active with their friends and family! The preschoolers then took turns demonstrating and practicing a curling shot. One student held the broom, two students swept the stone, one pre-schooler pretended to throw the stone while the others encouraged the team by yelling, "hurry hard!"

For further information about our school English or French Immersion Nursery School (2 1/2 - 3 yrs of age) or Preschool (4 - 5 yrs of age) programs please drop by and visit us or contact the school Director Maurina Duret at 765-1494 local 5301. We are presently taking registration for our 2009/10 classes.

# African Heritage Month Commemorative Event

14 Wing commemorated African Heritage Month at the Annapolis Mess on Friday, 13 Feb 09. Major Spiers, as the Employment Equity Operational Committee Mil Co-Chair, hosted the morning event.

Sgt Gero, of the event planning committee, had the honour to welcome Mr. Irvine Carvery to speak after the audience viewed the National Film Board's DVD "Remember Africville". Mr. Carvery is the President of the Africville Genealogy Society. He spoke from his heart about this community and shared his experiences of living in Africville. For many of those in attendance, simply learning about Africville was an experience but to listen to an emotional history of the destruction of the community was beyond words. Thank you to Mr. Carvery for sharing his experiences with 14 Wing.

CWO Hamalainen, as the Wing's Employment Equity Champion, welcomed 14 Wing employees, board members of the Valley African Nova Scotian Development Association (VANSDA) as well as counsellors and students from Nova Scotia Community College (NSCC). He provided a brief background on why we commemorate African Heritage Month and the fact that 2009 is the 25<sup>th</sup> year that

this has been commemorated in Nova Scotia. He spoke to his support in educating the Wing employees on the importance of raising the level of awareness of Employment Equity and Diversity.

CWO Hamalainen also had the pleasure of introducing, CWO Kevin Junior. CWO Junior is the former national military co-chair of the Visible Minority Advisory Group as well as currently the Regimental Sergeant-Major of the Toronto Scottish Regiment. CWO Junior shared some of his personal challenges as a black CF member back in the 1980s. As well, he shared his experiences in Sierra Leone as part of Op Sculpture. He is a captivating speaker and an inspirational man. He left us with a quote that his mother shared with Rev. Dr. W.P. Oliver - "Born with a call, if I can help somebody as I pass along then my living shall not be in vain". Thank you CWO Junior for sharing his experiences with 14 Wing.

Although the turnout was small for this event, those

who attended walked away with a feeling of connection and awareness that they perhaps didn't have before. There was opportunity for socializing afterwards which gave the attendees the opportunity to speak to our guest speakers.

If you are seeking to learn more about African Heritage, 14 Wing employees are invited to browse the Employment Equity/Diversity section of the Learning & Career Centre library located in the Birchall Training Centre, room 204.

# For the Birds

By: Patrick Giffin

Many thanks to our readers for their competent, interesting, reports.

Tony Chalk is pleased to see the Common Redpolls at his feeders. He wrote: "They are everywhere on the ground, sitting in the feeders and in the trees and their distinctive chatter is so pleasant to hear. The Chipping and American tree sparrows are still around as are the Downy and Hairy Woodpeckers taking turns at the bird pie even fighting off the Starlings." Barbara and I have watched the Redpolls arrive at a clump of Birch Trees/Bushes, consume all of the Catkins/Seed Pods then proceed to the next supply. This time of year there is likely little food left in the natural environment so your feeders become essential.

Gary Myers wrote: "Monday, Roger Short and I took a drive to the Sheffield Mills area. The eagles were pretty much a no-show, at 1500 the eagles on Dyke Road were nearly outnumbered by the people. We saw a flock of 20-30 Horned Larks on Highway 341 just south of Canning. While we were trying to get a photo of them (strangely heavy traffic kept scaring them up) we were distracted by the sight of a large flock of Canada Geese just east of the Canard River Bridge. On Highway 221, in Dempsey Corner, we saw an unusual, predominantly white, Red Tailed Hawk. He didn't stay long

enough for us to get Roger's scope on him but we did get a look through binoculars. When we first saw him in the air we were reminded of a Snowy Owl. It was definitely a hawk but neither of us has seen one with such a white breast." (consider Jon's Goshawk, below)

In Aylesford, Ann Young wrote: "The Red Bellied Woodpecker is still here, I hope he stays for the summer. The usual Blue Jays, Red & White-breasted Nuthatches, E. Starlings, Dark-eyed Juncos & American Goldfinches. It seems to me that some of them are starting to get brighter yellow already. I had a few Kinglets, I don't often get them, fascinating to watch them work their way through a spruce tree! I guess my big news is that today is the first day that I have seen a Robin! It was eating Crab Apples from my tree, keeping 1 foot tucked up in the feathers. I certainly hope that it is a sign that spring isn't far away." I expect Ann is seeing Golden Crowned Kinglets as the Ruby Crowned Kinglets should be south this time of year.

Jon Muers asked, "Would it have been possible that I saw a Northern Goshawk on my property in South Farmington? It was a big bird, larger than a Red-tailed Hawk, which we see from time to time. The back and wings were a greyish colour and the underside pale, almost white. It flew with a steady wing beat, weaving in and out of the trees. I saw a program on

TV several years ago on Goshawks, and seeing this bird, immediately this came to mind. I haven't seen it since. We do get the usual visitors to the bird feeders and in the trees including the occasional Pileated Woodpecker." I found it interesting to consider Jon's report in conjunction with Laura Lefebvre's report, she wrote, I saw an unusual bird on Feb. 2, in our yard in Margareville, unusual both seasonally and geographically. An Osprey spent a good half hour perched on a Maple tree in our backyard. It was quite easy to identify due to its size, white chest and black eye bar. We spent many years in the Northwest Territories and saw them up there infrequently. I hadn't really seen one around here before and thought that you might be interested." If we consider statistics collected by Blake Maybank, an Osprey was not reported during a NS, winter in the decade prior to 2009; however, at least one was sighted this year. However, all of the field marks Laura reported also apply to the Northern Goshawk that Jon reported in South Farmington. Our field guide shows details that are common for both species. Briefly, habitats for these species are significantly different, N. Goshawk prefers a forest, the Osprey fishes; however, the Goshawk would be content with the habitat near the Margaretsville Osprey sighting. We have asked Laura to please consider the details pertaining to both these species. Please report to [barpat@ns.sympatico.ca](mailto:barpat@ns.sympatico.ca)

## World Day of Prayer 2009

World Day of Prayer is a worldwide movement of Christian women of many traditions who come together the first Friday of March to observe a common day of prayer each year. Through World Day of Prayer, women and families affirm their faith in Jesus Christ and become aware of the whole world; are enriched by the faith experience

of Christians of other countries and cultures; share the burdens of other people and pray with them and for them; become aware of their own talents and use them in the

service of God's world. Prayer and action are inseparable and both have immeasurable influence in the world.

You are invited to join your neighbours in celebrating

World Day of Prayer at:  
St. Mark's Protestant Chapel  
Church Street, 14-Wing  
Greenwood  
Friday, March 6, 2009 at 7:00 p.m.

More information is available from Liz Heinrich, 825-2143

## Western Valley Female Midget AA Vixens to Host 2009 Provincials

Submitted by: Shelley Williams

The Western Valley Female Midget AA Vixens will be hosting the Hockey Nova Scotia Midget AA Provincials, March 20-22, 2009 at the Middleton Arena. Many of these girls began playing hockey on all boys' teams over 10 years ago and have been playing together on all female teams for the past 7 years. The Vixens have advanced to Provincials several times, winning silver on more than 1 occasion. The Midget AA Vixens have had an extremely successful 2009 season with a record of 30-3-1, winning gold at the 2 tournaments they attended earlier in the season. The team is off to PEI for the Sweetheart Tournament Feb. 20-22 in Summerside.

The Vixens play in the HNS South Conference League and have been neck and neck with Cole Harbour for 1<sup>st</sup> place all season. They played a successful exhibition series, winning all their games against Antigonish, who won the Midget AA Provincials the last 3 seasons and beat out the Vixens in the gold medal round at the 2008 Midget AA Provincials last year in Antigonish. The Vixens want to compete on home ice for the chance to win gold this year in front of family and friends.

We are very appreciative of the support of local businesses

Three members of the Western Valley Female Midget AA Vixens: L-R - Tabatha Bent, Stefanie Banks, Aleisha Williams

that help make events like this possible. The host team must fundraise 100% of the funds necessary to run an event such as this to pay for all the ice, officials and other expenses that may be incurred to insure a successful Provincial Championship. Thanks again to all our local sponsors who we will be recognizing throughout the Provincial weekend.

The first game of the tournament will begin at 4:00 p.m. on Friday, March 20 with the 2 Valley contenders Western Valley Vixens and Acadia facing off. The Opening Ceremonies will commence at 5:30 p.m. directly following the first game. Halifax, Cole Harbour and Antigonish will also be competing for the Provincial Female Midget AA title. Games will continue all day Saturday and Sunday beginning at 9:00 a.m. Each team will play 4 games in the round robin with the Championship game being held at 2:00 p.m. on Sunday. A skills competition will be held on Saturday at 2:00 p.m. Come out and cheer on our local players!

The female game is fast, skilled, clean and very exciting to watch! We are looking forward to an action packed weekend and hope to see many spectators take advantage of this opportunity to see our local girls compete against some of the best female players in the Province. For more information please contact Tournament Chair Shelley Williams 825-6804.

# Youth Happenings at the 14 Wing Community Centre

**By: Brendan Loughnane  
Youth Recreation  
Worker**

Hello everyone the end of February is here and that means that so is Winter Carnival. This week there is going to be tons of fun activities being hosted all around the base. One of those events includes a Family fun day at the Community Centre on Saturday February 28<sup>th</sup>. There will be all sorts of fun stuff for the family like a bounce kingdom, cookie decorating, face painting, candy hop, hockey accuracy, sleigh rides and much more. The doors open at 10:00a.m. and the fun event will continue until 11:30 a.m. If you want any more info about the Winter Carnival just give us a call at 765-8165.

At the end of each month we all need to sit back for a moment and think of the fun activities we did at the Community Centre. While

you're sitting reminiscing about the good old times last month, why not take another moment and think about all the fun stuff we have got planned for you this month. Yes that's right February is over and March is here! Along with the new March calendars. So when you get a chance come on down and pick one up. We have got a lot of fun stuff planned for this month. Meanwhile here is what's going on this week at the Community Centre.

**Boyz Club**

Come join the buddies for their new adventure in space. This movie is rated G

**Teen Movie Night/ Hockey Night**

Teen movies run from 8:30 – 10:30 p.m. Admission to the movie is free with your membership card or \$2.00 drop-in fee. This week the teens will be watching the Leafs play the Senators. Instead of showing

a movie this week we decided to host the battle of all time (or at least the biggest battle of that day). The puck drops at 8:00 p.m. and we won't stop until there is a winner. Which will be the Leafs, of course. Come on out and join us it should be a good night.

# HOROSCOPES

February 22 to February 28

## ARIES - Mar 21/Apr 20

Aries, patience is a virtue you don't seem to have this week. But rushing others to get what you want is not the way to go about things. Put on the brakes.

## TAURUS - Apr 21/May 21

Taurus, assess the situation from all angles before you weigh in with how you feel. This way you avoid any confrontations, or can deftly explain your position.

## GEMINI - May 22/June 21

Jump into that new relationship with both feet, Gemini. It'll be the best decision you've made in quite some time, and you'll have a new partner to show for it.

## CANCER - June 22/July 22

Cancer, after doing for others for so long it's time you do for yourself. Don't feel bad about treating yourself well. If you are happy you can continue to brighten others' days.

## LEO - July 23/Aug 23

Factor fun into the equation for the week, Leo. It's time to lighten up, kick back and relax. After being refreshed you can jump back into the daily grind.

## VIRGO - Aug 24/Sept 22

Resist the urge to take what everyone says to heart. An opinion is just that — an opinion. You don't necessarily have to follow what others say. Tuesday could be a challenge, Virgo.

## LIBRA - Sept 23/Oct 23

Someone asks you an important question this week, Libra. Just when you thought you knew what you were going to say, you experience a change of heart.

## SCORPIO - Oct 24/Nov 22

Scorpio, you're back on top and now is the time to devote energy to staying in that position. Just don't work too much at it or else you'll foil all of your hard work.

## SAGITTARIUS - Nov 23/Dec 21

You are undecided about a housing situation, Sagittarius. Take the advice of someone close to you who only has your best interests at heart. A new friend is on the horizon.

## CAPRICORN - Dec 22/Jan 20

The stress of too much planning leaves you a tad on the weary side, Capricorn. You just need to take a few days off and get back into the swing of things. Leo helps a lot.

## AQUARIUS - Jan 21/Feb 18

It's one thing to be cautious with money, it's another to be Mr. Scrooge, Aquarius. Now's the time to loosen the reigns on those bank accounts and spend wisely.

## PISCES - Feb 19/Mar 20

Surround yourself with friends this week, Pisces, and nothing will get you down. Birthday plans prove to be lots of fun.

## FAMOUS BIRTHDAYS

# Golden Oldies Lose to the Greenwood/Berwick Girls But Raise Money for Rink Automated External Defibrillator (AED)

Submitted by R.E.H.

The Valley Golden-Oldies Oldtimers played an exhibition hockey game at the Berwick arena last Saturday night versus the all girls Valley Hockey team. The object of the game was not who won or lost but to raise money for a defibrillator for the rink in case of a person having a cardiac arrest. The enthusiastic crowd may have been small (100) but were very supportive with their vocal chords and finances. When the final tally was made, about \$1,200 to \$1,500 was raised from donations, silent auctions and fifty- fifty draws.

Game play was stopped a

couple of times as a few skits were played out much to the delight of the crowd. When it comes to organizing skits Neptune Theatre in Halifax should look into hiring Bob Landry as choreographer and his wife Barb as M/C who did a commendable job on Saturday night.

The man with the whistle wearing a black and white shirt who kept the game under control by donating his free time was none other than Bob Best, "Many thanks Bob."

Getting back to the fun night at the Berwick rink the organizing committee wish to thank all the volunteers, players, players wives, and

fan support for showing up, for this good cause despite it being Saint Valentine's Day plus a dirty night outside to boot.

April will soon be upon us again sports fans. Don't forget to submit your name to Bob Landry at 847-1124 if you plan to attend the Eighth Annual Golden Oldies Over 55 Spring Tournament. Don't delay; apply today.

Congratulations are in order to the Greenwood

Young Bombers who won their Hockey Regional last Friday afternoon in over time play 6-5 over CFB Halifax at the Greenwood Gardens. For the first time in many a moon Greenwood will be going to the Nationals instead of Halifax. "Best of luck guys."

Food for thought – You are never a loser until you quit trying.

That's it folks, have a good week, and see ya at the rink!

On Sunday, 15 Feb, Greenwood Minor Hockey played host to the Annual Tim Horton's Timbits Tournament. Six teams were in attendance, two from Middleton, two from Berwick, and the home team, Greenwood Bombers, represented by two of our own finest Initiation Program (IP) teams. With over 80 five to six year old hockey players in total, Greenwood Gardens came alive with excitement. Playing three 30-minute games each, the enthusiasm abounded.

Excitement swept the stands as spectators were regaled with non-stop action, heart stopping

saves, and spectacular breakaways with these 5-6 year olds claiming the ice.

With unmatched enthusiasm, these young athletes rocked the rink. Our Bomber's day of glory concluded with sweets, treats, medals and, memories for all as each young star displayed incredible amounts of heart and enthusiasm. # 14 Wing Member Coaches NS Boxers at the Nationals

First of all I would like to take the time to thank the 14 Wing Sports Coordinator for all the support in processing my application to participate in the 2009 Senior National boxing championships that were held January 21st – 25th 2009 in Trois-Rivières, Québec.

I was fortunate enough to help coach my daughter Beth (Sweet Pea) Muir along with nine other boxers from Nova Scotia. All these Athletes were competing for a place on the Canadian National Team. The Senior Nationals is also an Olympic qualifier, just to get to this level of competition is no small feat and our competitors did Nova Scotia proud. Although twelve boxers in total earned the chance to represent Nova Scotia, Shannah Hook and Devin Viner could not compete due to injuries.

Shannah hopes to compete at the final team selection held in Alberta at the end of February. Joey Laviolette from the Halifax region will defend his Gold medal in Alberta along with Custio Clayton who also won best over all boxer for the event. Dukus Davis and Stephanie Walker each earned Bronze medals for their efforts.

For some of the boxers it was the first time they have competed at this level and some will admit they may have been a little overwhelmed at the size of the venue, but all vowed they would be back in 2010.

Phylcia O’Connell, Chantal Doucette, Beth Muir, Alonzo Johnson, Dior Arif and Craig Hiller all put up an excellent effort in hard fought competitions.

Beth “SWEET PEA” Muir from Pegasus Amateur Boxing Club scoring with a solid jab to Caroline Verve of Quebec City during the bronze medal match. Thanks to Fitness and Sports for your support and making this possible. Presented by MCpl Muir, 14 Wing TEME.

It is that time of year again!
