Future Flyers Meet the Snowbirds Event

... cover story.

The occasion will include the Air Forces aerobatic team, the Snowbirds who will perform at 6:30 p.m., plus the CF-18 demonstration aircraft will also be on hand to do some flybys. Other events will include static displays of various aircraft such as the CH-149 Cormorant helicopter, a C-130 Hercules and CP-140 Aurora aircraft plus the replica of the Silver Dart.

The first Silver Dart flew off a frozen lake near Baddeck, Nova Scotia 100 years ago and the replica to commemorate that event flew off the same lake earlier this year.

There will be several events for families and their children such as the CF-18 cockpit simulator, tetrahedral kite building by personnel from the Alexander Graham Bell museum, photo opportunities with the Snowbirds, bounce Kingdom, a paper airplane contest, aviation arts and crafts by the Art Gallery of Nova Scotia and a performance from the Maple Grove/Yarmouth High Schools Memorial Club.

Food vendors such as Subway, Meadowbrook Farm Meat Market and the Lions Club will also be on site. For a complete list of timings see the following schedule:

3:00 p.m.
4:30 p.m.
5:00 p.m.
5:55 p.m.
6:00 p.m.
6:05 p.m.
6:30 - 7:30 p.m.
7:30 p.m.
8:00 p.m.

Schedule of events:

Event opens to the public
Cadet Drill Demonstration
Official unveiling of the Anson aircraft
Announcement of photo/essay/model competition winners
Singing of the National Anthem
Public vacates static display area in preparation for the air demonstration
Snowbirds and CF-18 demo aircraft perform
Static displays re-open
Event concludes

National Coaching Certification Program (NCCP)

Designing a Basic Sport Program Module (4 hours)

By: **Eric MacKenzie,**
Community Recreation Coordinator

The National Coaching Certification Program (NCCP) is a coach training and certification program for 65 different sports that is offered in both official

languages. NCCP workshops are designed to meet the needs of all types of coaches, from the first-time coach to the head coach of a national team.

The 14 Wing Community Centre will be offering the "Designing a Basic Sport Program" Module (4 hours)

on Friday June 5th 2009. This module, running from 6:00pm until 10:00pm, will be held in the Upper Multi Purpose Room of the 14 Wing Community Centre. This module is a component of the Part A course (formal level 1) with intergraded NCCP material.

After finishing this module, you will know how to design a basic sport program that meets the training and competition needs of your athletes. In particular, you will be able to:

- Develop a program structure based on opportunities for training

and competition

- Establish indicators of athlete development in your program
- Develop practice plans that reflect season training priorities

Please note that the course registration fee is \$35 and you must be 16

years of age prior to or on the date of the course. Also, please note that these courses fill up quickly on a first come first serve basis. If you would like to register, or to learn more about this module, please call Eric MacKenzie at 765-1494 ext 5337.

Wing Commander's Corner

It has come to my attention recently that there is a great deal of uncertainty within the military family here at 14 Wing about the future availability of French Immersion in our local community.

In order to address those concerns I met with the Superintendent of Schools for the Annapolis Valley Regional School Board who has assured me that French Immersion will continue to be available in the local area. However, there may be changes to the program regarding where it will be offered due to funding, staffing and class size issues.

The main issue facing the School Board is one of class size. In order to maintain a viable program for the Early

and Late French Immersion Programs, enrolment must be 25 students in Primary and Grade 7 respectively. This is necessary to ensure that as students proceed through the program that there remains a feasible number of students to continue offering French Immersion. It has been often demonstrated that although 25 students will start in the Early and Late programs, that as they proceed through the grades, the numbers of students have traditionally diminished year by year. The required number of 25 ensures that as the students leave the program that a sufficient number remain to maintain a practicable class size. In exceptional circumstances, where numbers do

not reach 25, the principal may request consideration from the Board to begin a class with fewer than the required number.

Currently, three local schools offer French Immersion; Dwight Ross Elementary School (P-5), Kingston and District Elementary School (P-5) and Berwick and District School (P-9).

Effective in the next school year, French Immersion will continue to be offered at all three schools. However, due to limited registration, a Primary Immersion class will not be offered in Dwight Ross in the 2009-2010 school year.

It is important to note that the follow on grades will not be affected and will continue to run until the current stu-

dents graduate from the program, where numbers warrant. I have also been assured that if in the following year(s) there are sufficient students available to open the Early Program at any of the schools, then the program could be reinstated at Dwight Ross.

Parents of students who are unable to participate in the Primary French Immersion program at Dwight Ross are welcome to apply for transfer to Kingston and District Elementary School or Berwick and District. Students from outside the normal bussing area will have the ability to access the bus at the nearest stop to their home, space permitting.

Although it is disappoint-

ing that there may not be complete French Immersion at all of our local schools, the School Board is making every effort and is committed to maintaining a healthy and viable French Immersion program. I will ensure that this information is available at the MFRC, the IRP Office and in our local 14 Wing Information Booklet so that anyone who is posted to 14 Wing Green-

wood is fully aware of the programs offered. I am confident that anyone who wishes to enrol their children in a French Immersion Program has the ability to do so in the local area.

If you have any further questions, please do not hesitate to contact the Wing Administration Officer, LCol P.J. Smith McBride at extension 5231.

Local Players Earn Spot at Nova Scotia's Hockey Development Festival

Hockey season may be over for some but not so for a crew of five Western Valley Peewee 'AAA' Spartans. Having attended Hockey Nova Scotia's High Performance Program three day tryouts in April, Spartans' forwards Zac Moody and Emerson Coulter (Middleton); Alex Rawding and Grant Janes (Greenwood); and defenseman Brad Boone (Kingston) were evaluated along side their Peewee 'AAA' counterparts from across Nova Scotia. Their hard work and determination were met with success as their evaluations garnered each of these players a coveted spot on the 69 player roster for Hockey

Nova Scotia's Hockey Development Festival. This five day camp, to be held at St FX University in Antigonish in July, serves as a second series of evaluations that will whittle the roster down further to a 22 player, Team Nova Scotia that will represent the province at the Atlantic Challenge Cup in Moncton, NB at Thanksgiving. Congratulations to these young hockey players, and good luck at the upcoming festival.

Greetings from your local bug exterminators. We've been keeping pretty busy turning CP140 operational requirements into software solutions; here are some things we've been working on.

First of all, our Squadron's bread and butter, Primary Mission Vehicle Operational Program (PMV-OP), the mission computer software for the CP-140 Aurora:

Version 24: The version team is currently conducting a ground Flight Qualification Testing and is expected to be delivered to Maritime Patrolting and Evaluation Unit

(MP& EU) for operational validation (OPVAL) in June. This version is implementing Version 20 IM capabilities onto the Block II aircraft. Kudos go to Captain (Capt) Adrian Matheson (Project Coordinator), Warrant Officer (WO) Norm Gurzinski (Test Director) and the entire V24 team for coming together beautifully in the past few months to get this version out to the streets on a radically tightened schedule.

Version X: A future version

is in the conception stage at this moment, the major theme of this version will be to integrate some of the Overland Equipment Mission Suite (OEMS) features into PMV-OP.

Version 23: Unfortunately, development of this version has been terminated. This version was started to integrate the 502 Sonobuoy Receiver (SRX) on the General Purpose Data Computer (GPDC) 1553 data bus, but has been suspended due to higher priorities in the operational community.

The Full Flight Simulator

(FFS) team has solved many issues and is working hard to solve them all. The Maritime Airports Project has one last bug to work out and is otherwise complete. The new West Coast Airports Project, which includes Yellowknife, Edmonton, Elmendorf, Whitehorse, and Palm Springs are roughly 80% complete.

The Overland Equipment Mission Suite (OEMS) Team with Capt Dunwoody and Mr Henry Hoeksma are doing their integration work and it is coming along very well.

With the posting season

just around the corner, we're looking forward to seeing some new faces around the squadron. At least one of our inbound folks is a 14 SES re-tread, Capt Pete Dietert. The Parliament of 14 SES would like to wish all the best to our recently retired Senior Warrant Officer (SWO), Master Warrant Officer (MWO) John Doucette and his wife Izzy. You will be missed by all. I would also like to welcome our new SWO, MWO Andy Sweet, you have some big shoes to fill! The word on the street is that he is a Montreal Canadians fan however, I suppose we won't hold that against him...

Well, that's all for now. Remember, "The bugs stop here!"

In Memory of
~~ Chris Anderson ~~
Who passed away May 12, 2008

We little knew that day
God was going to call your name
In life we loved you dearly
In death we do the same
You did not go alone
For part of us went with you
The day God called you home
You left us peaceful memories
Your love is still our Guide
And though we cannot see you
You are always at our side
Our family chain is broken
And nothing seems the same
But God calls us one by one
The chain will link again.

You AUTO KNOW

~ Nitrogen Tire Inflation ~

Nitrogen is all around us, says Jim Luddington, Service Manager for Canadian Tire Greenwood. When used to replace oxygen and other gases in tire inflation, it enhances handling, improves fuel efficiency, extends tire life, protects the Earth and, most importantly, keeps you safer on the road.

By reducing the percentage of oxygen, water vapour and other gases in your tires for 22% to 7% or lower, your tires will maintain proper pressure longer than if you use "plain old air." For example, with 95% nitrogen in your tires, they retain optimal pressure three to four times longer, states Jim.

Proper tire pressure is a big deal. Maintain it with nitrogen, and you will see these **three primary**

benefits:

- Increased Fuel Efficiency - Correct tire pressure keeps the manufacturer's recommended "contact Patch" on the road. This lessens the rolling resistance and maximizes fuel efficiency.
- Longer Tire Life - When it

comes in contact with other materials, oxygen causes oxidation. Oxidation can make rubber brittle and cause it to lose tensile strength. In addition, at high temperatures and pressures, oxygen reacts and damages inner tire liners and belt packages; and nitrogen does not.

- Increased Safety - Under-inflated tires cause 90% of blowouts. Nitrogen provides more reliable pressure for reduced blowout potential.

Other Benefits:

- Improved TPMS Performance - If you have a new car, you likely are plagued by a flashing light telling you your tire pressure is low. For example, one woman's light was going off every four to five weeks. After inflating with nitrogen, her

light did not reappear for 53 weeks!

- More Predictable Pressure Fluctuation - NASCAR teams use nitrogen so they can more accurately predict tire pressure fluctuation. Regular compressed air can fluctuate considerably when water vapour is present.
- Longer Rim Life - Rim rust caused by condensation from water vapour and other gases can get caught in valves and create slow leaks in tires. Nitrogen is completely dry, so it eliminates the potential for condensation.

Who Else is Using Nitrogen?

- NASCAR
- Commercial Airlines
- Canadian Government
- Food Processors and Packagers

For more information on Nitrogen Tire Inflation call 765-6337 and ask for Jim.

Don't forget to register your children for the Fun/Support Group.

Thank you

On April 19th, our four-year-old son Keaton, woke up from a short nap to a seizure.

We called 911 and before we knew it the Firefighters and MPs were at our door, and a few moments later the EMS arrived and helped give oxygen to our Son.

Our little guy was taken to Soldiers Memorial, but shortly after airlifted to the IWK in Halifax. After many tests, and even more long hours, the neurologist believed it was a Febrile Seizure, and these can occur with kids from 6 months up to 5 years of age. He recovered completely and is back to the normal funny, loving Boy he was before the incident. My entire family would like to say thank you to everyone who helped on that scary day. We tried to get around the base and Hospital to thank you in person, but if we couldn't get to you, please accept our greatest thanks. Thanks to the EMS guys, Jay Marshall, and Kevin Davison. Thanks to the Firefighters who showed up so quickly and rode in the Ambulance with our Son. WO John Martin, MCpl Grant Dollard, Cpl Jim Perry, Cpl Richard Orichesky, Cpl John MacNeil, and Pte Alexandre Desorcy. Thanks to the Military Police, particularly LS John Dingwall. Thanks to the LifeFlight team who took our Boy on a Helicopter flight. To bad he wasn't awake for it, he would have loved it. And of course thank you to the entire staff of Soldiers Memorial who attended to our little guy, I don't know all of your names but I know Doctors Christopher Yoell and Donald Craswell and the all the Nurses who helped that day, you know who you are.

Thanks to all our friends and family for your prayers, they worked. Thanks to the 14 AMS Component Shop, my extended family, for your well wishes and to Sgt Lambert for your understanding and caring. If we missed anyone, please know we will be forever in your debt, and that you all did your part. God Bless you all, you are all my heroes!

From Cory, Olivia and Keaton.

Keaton Gargin with the firefighters who helped him.

Spring Shopping Expo 2009 Declared a Grand Success!

Submitted by: Jennifer Christopherson,
Secretary - Military Family Home-Based Business Group

The Military Family Home-Based Business Group (MFHBBG) kicked off its 2009 business season the first weekend in May at the Queen of Heaven Church in Greenwood. Business was brisk and there was a steady flow of people looking to connect with their favourite business, or pick up that special item that they've been searching for!

Our door prizes were won by Cindy Trevors, Phyllis Harrison, and Rhonda Crave. Traditionally we have one door prize containing items donated by all of our vendors, but Kim Smith of Mood Crafts generously donated two additional gift baskets for this event! Thanks Kim! I'm sure our winners appreciate it!

I was blown away by the selection of businesses that were represented at this expo. There were independent consultants representing Mary Kay, PartyLite, Watkins, Fifth Avenue Collection, Sunrider,

The winner of the big basket was Cindy Trevors.

Tupperware, and Curves to ensure that our shoppers got connected with some of their favourite companies.

We had many gifted crafters offering beautiful hand made teddy bears, jewellery, bath and body products, belts and cufflinks, purses and so much more! Other independent business owners were advertising their products and services, includ-

ing custom button makers and numerology readings.

Our group would like to send a big thank you to Class Bondy and Isabelle Mullen who provided very valuable assistance to us in the kitchen, ensuring that our luncheon table stayed well stocked. Ms. Bondy has been kind enough to help us at our last two events, and this was Ms. Mullen's first

event. We certainly hope to see these lovely, friendly faces at our Christmas Shopping Expo!

Thank you to the Queen of Heaven Church who graciously allowed us to use their facility to host this event. Free will offerings were given at the door and a portion of the money collected from the table registrations will be donated back to the church.

Another big thank you

goes out to the crew at The Aurora Newspaper! Without your support and assistance, this would have been a much more challenging event to promote! So, thank you for supporting the MFHBBG!

And finally, on behalf of all the vendors that attended this event, we'd like to give our sincere thanks to two members of the MFHBBG, Jennifer Arsenault and Sheri Wood who dedicated a ton of time, energy and enthusiasm in getting the Spring Expo 2009 off the ground and making it a success yet again!

If you would like more information on becoming a member of the Military Family Home-Based Business Group, please contact Ms. Sheri Wood at 765-8756 or e-mail her at swood@eastlink.ca

Pre - Teen Movie Night

Every Saturday is pre-teen movie night. The fun starts at 6:00 p.m. and runs until 8:00 p.m.. Admission to the movie is free with your membership card or \$1.00 drop in fee. This week's Pre-Teen movie is TBA.

Teen Movie Night

Teen movies run from 8:30 - 10:30 p.m.. Admission to the movie is free with your membership card or \$2.00 drop - in fee. This week the teens will be watching "The Uninvited" rated PG-13. A young teen-

age girl is hospitalized after a car accident. Unfortunately her mother who was driving didn't make it. After a lengthy recovery process the girl returns home to discover that her father is already engaged to her mother's former nurse. Displeased with her father's choices the girl doesn't know how to deal with the news. Strangely she is visited by the ghost of her mother who tries to warn her of the stepmother's wrongful intentions. The teenage girl and her younger sister team up and try to convince their father that the woman he is engaged to is not who he thinks she is.

Historic Aircraft that Played a Significant Role in Canadian Aviation Heritage

Submitted by: Bryan Nelson, Executive Director, Canadian Aeronautical Preservation Association

North American Harvard

North American Aviation of California began development of the AT-16 advanced trainer in 1937. In August 1938, R.B.C. Noorduyn bought the manufacturing rights for the aircraft, believing that Britain and France, who were buying aircraft at the time, would select this trainer. His perception paid off.

In 1939, the RCAF was seeking a trainer for its own requirements. An order was placed with North American; however, with the signing on the British Commonwealth Air Training Plan (BCATP) in December 1939, larger numbers were needed and an order placed with Noorduyn in January 1940. The Harvard, so named by the RAF and adopted as the name by other air forces, was one of the primary trainers used at Elementary Flying Training Schools, sharing the duties with the Fleet Finch which it outnumbered 3-1 in service. The RAF also placed large orders, of which most were used in RAF schools in Canada and later incorporated into the BCATP.

After the war, RCAF surplus Harvards were

given to France, Italy and Turkey, as well as the nascent West German Air Force under NATO's Mutual Aid programme. When the NATO Air Training Plan began in 1949, the RCAF ordered newer Harvards from Canadian Car & Foundry, which had purchased the license. The Harvard continued in RCAF service until 1960 after 21 years service.

The Harvard's agility and speed gave it some of the same characteristics of a fighter, which helped weed out weak pilots. These same characteristics endeared it to post-war fliers who bought surplus aircraft. These civilian Harvards have been used not

only as personal transport, but also for air display teams, with many painted in RCAF colours.

Noorduyn built 2,800 Harvards while Canadian Car & Foundry built another 555 after the war, making the Harvard the aircraft built in the largest numbers in Canada. The Harvard trainer several generations of Canadian and NATO pilots and continues to thrill aviation enthusiasts.

En 1937, la North American Aviation of California commence à mettre au point l'avion d'entraînement avancé AT16. En août 1938, R.B.C. Noorduyn acquiert les droits de fabrication de l'appareil. Il croit que la Grande-Bretagne et la France, qui achètent à l'époque des aéronefs, choisiront son avion d'entraînement. Sa perspicacité lui rapportera beaucoup.

En 1939, l'Aviation royale

du Canada (ARC) se cherche un avion-école et passe une commande à la North American. Toutefois, étant donné la signature de l'entente relative au Programme d'entraînement aérien du Commonwealth britannique (PEACB), en décembre 1939, il faut un plus grand nombre d'appareils et une commande est transmise à Noorduyn, en janvier 1940. Le Harvard, nom qui lui est donné par la Royal Air Force (RAF) et qui est adopté par d'autres forces aériennes, fait partie des premiers avions d'entraînement utilisés par les écoles élémentaires de pilotage. Le travail est réparti entre cet appareil et le Fleet Finch, qu'il surpasse en nombre (rapport de trois à un pour les avions en service). La RAF commande également beaucoup d'appareils, dont la plupart sont utilisés dans ses écoles au Canada avant d'être plus tard intégrés au PEACB.

Après la guerre, les Harvards excédentaires de l'Aviation royale du Canada sont donnés à la France, à l'Italie et à la Turquie, ainsi qu'à la force aérienne

naissante de l'Allemagne de l'Ouest dans le cadre du Programme d'aide mutuelle de l'Organisation du Traité de l'Atlantique Nord (OTAN). En 1949, au début du Programme d'entraînement aérien de l'OTAN, l'ARC commande de nouveaux Harvards à la Canadian Car & Foundry, qui s'est procuré la licence. Le Harvard est utilisé au sein de l'Aviation royale du Canada jusqu'en 1960, c'est-à-dire pendant 21 ans.

En raison de son agilité et de sa rapidité, le Harvard possède quelques-unes des caractéristiques d'un chasseur et facilite ainsi l'élimination de ceux qui présentent des faiblesses en pilotage. Ces mêmes caractéristiques le font apprécier des aviateurs d'après-guerre, qui se procurent des appareils excédentaires. Les Harvards de l'aviation civile sont utiles non seulement comme moyen de transport personnel, mais également aux équipes de démonstrations aériennes qui, dans la plupart des cas, se servent d'appareils peints aux couleurs de l'ARC.

Noorduyn a construit 2 800 Harvards, alors que la Canadian Car & Foundry en a fabriqué 555 autres après la guerre, soit au total le plus grand nombre d'avions construits au Canada. Cet appareil, qui a permis d'entraîner plusieurs générations de pilotes canadiens et de l'OTAN, continue d'enthousiasmer les fervents de l'aviation.

Another Successful Season of Inter-Section Hockey Complete

It's that time of the year again. The IHL league has wrapped up another season. This year the league played a round robin schedule until just after Christmas, at which time we split into two divisions. After the split the teams in both divisions were more competitive with each other. From the Christmas break right up until the playoffs the games were more enjoyable for all concerned. Once the playoffs arrived the competitive nature of

all players went up a level indicating that anything was possible. In A division 404 Squadron finished the first round of the playoffs undefeated meaning that the ACS section team known as the Pylon Crushers would have to beat 404 Squadron twice in order to repeat as A Division champs. ACS won the first game setting the stage for a very competitive final. The championship game was very entertaining with the Pylon Crushers emerging victorious

once again. In the B division things were a little different 405 Squadron swept through the first round of the playoffs undefeated meaning that last years champs Police Services would have to beat them twice for a chance to repeat. In the first game 405 Squadron came out flying taking a 2 goal lead and for a while it looked like it was over. Police services did not quit and capitalized on their chances tying the game late in the second period 3-3. Overtime proved nothing and they went into a shootout. 405 Squadron was victorious in the shootout becoming the new B Division Champions.

We would like to take the time to thank everyone who participated this year. Without the players we have no league, this year we had very few incidents which makes for a great season. A special thanks to the league executive for helping out this year. President Cpl Brad Ross, Vice Pres Sgt Jason McNeil, Secretary Cpl Drew Condie, the Treasurer Cpl Tom Tucesku, and Cpl Tony Foster for scheduling and WO R Albert. Last but not least I would like to thank Mike Hawboldt and all the Officials for keeping us in order this year. Thanks and good luck next year.

A Division Champs - Pylon Crushers.

GMFRC Early Childhood Education Program

Submitted by Brenda Virtue-Ellis, Early Childhood Educator 765-1494 local 5053

The Early Childhood Education Program at the GMRC is a site-specific program, licensed by the Nova Scotia's Department of Community Services. It has been serving this community since 2002.

The program is designed to meet the social, emotional, cognitive, fine and gross motor needs of children. The program strives to meet the unique individual needs of all children.

The curriculum provides developmentally age appropriate activities that foster growth in all areas. Early literacy and school readiness skills are incorporated into the program. Children are encouraged to participate and explore their environment through art, music, cognitive activities, circle time, gross motor, and dramatic play. Children are encouraged to participate in the selections of topics for the in-depth studies. This provides concrete learning opportunities for the children.

The E.C.E program is separated into two groups: one for each age level. Currently there is a 2.5 to 3 year old program and a 4 to 5 year old program. Fall Registration for 2009-2010 is currently underway. If you would like more information on these programs contact Brenda.

Children in the 3 year-old Early Childhood Education Program are participating in a colour mixing experiment. Alexa Russell, Darian Sampson, Abby Comer and Morgan Lawrence.

BUFFALO CHIPS • 404 (Long Range Patrol & Training) Squadron's Latest Adventures

Two newly designed 404 LRP&T Squadron coins available for purchase at \$10 each.

Recently 404 (Long Range Patrol & Training) (LRP&T) Squadron (Sqn) participated in Noble Manta 2009 based in Sigonella, Italy. It is one of the largest Anti-Submarine Warfare (ASW) exercises in the world. It was an excellent opportunity to hone our anti-submarine warfare skills again in order to maintain proficiency in a busy and challenging environment.

Both 404 and 405 Squadrons flew several ASW missions against numerous diesel submarines for which the CP 140 Block II Aurora is particularly well-suited and we were able to simulate several successful attacks. Unfortunately, we had a lightning strike on our fifth trip which damaged our aircraft and the ASW exercise ended before we were able to have it re-

paired.

The Canadians were in second place overall at the time of the incident, also during this deployment, 404 LRP&T Sqn had the opportunity to conduct some Airborne Electronic Sensor Operator (AES Ops) Maritime Operational Aircrew training (MOAT) which resulted in successful check rides for three newly minted "B" Category AES Ops

for 405 LRP Sqn.

Back home in Greenwood, Pilot and Flight Engineer MOAT training is ongoing with two of four flight engineer's having recently graduated; Sergeant (Sgt) Paul Bourgoin from 405 Sqn and Sgt Mike Hambley from 407 Sqn.

With the success in Sigonella, AES Op MOAT 0801 concluded in early March 2009 which turned out a total of six enthusiastic "B" Category's; Master Corporal Churchill, MCpl Spearin, Cpl Whitaker, Cpl Whyte from 405 Sqn and Cpl Boswall, Cpl Ogilvie from 407 Sqn. Hopefully this will help alleviate some of the Squadrons operational shortages. MOAT 0901 started March 23, 2009 with six more brand new AES Op's which will keep us very busy until the summer break.

Acoustic Sensor Officer (ASO) MOAT 0802 was finally complete with eight students graduating with their ASO Basic qualification in late March. Captain (Capt) Lapointe, Capt Parent, Capt Currie, Lieutenant (Lt) Collins from 405 Sqn and Capt Hollenbeck, Capt Tardif, Capt Dickert and Lt McNab from 407 Sqn. Four of these students are continuing with Navigator/Communicator (NAVCOM) instruction to

Hockey Shoot Out and BBQ a Huge Success

Submitted by Mary Rankin, Scotiabank Customer Relations Representative

On October 31, 2008 Scotiabank Greenwood held a special fund raising event. A Hockey Shoot Out and BBQ was supported by many customers, friends and local celebrities. K-Rock attended and promoted our event over the airwaves, which made for a fun afternoon. When the last puck was shot and the last hot dog eaten, a grand total of \$2,218.46 was raised and a huge shopping cart filled with groceries was collected. The full proceeds were donated to the Upper Room Food Bank Association. Our thanks to all who supported this very worthy cause.

Our next fund raising event will be a BBQ from 11:00 a.m. – 2:00 p.m. on May 29th. All funds raised will be donated to the Upper Room Food Bank Association. Come join us for some fun and help support a great cause.

achieve a Dual qualification as both NAVCOM and ASO.

Congratulations to all our recent graduates!

In other squadron news, 404 LRP&T Sqn is delighted to have recently received newly designed Squadron coins which are available for purchase from Sgt Dave Shears (765-6260 extension 3420), or 404 Sqn's Commanding Officer's administrative assistant

Debbie Pothier (extension 3605), or at the Greenwood Military Aviation Museum for ten dollars each. Coins are numbered (choice of number may be available) and can have an inscription on the coin edge up to 14 characters. Both serving and retired members are invited to purchase one of these striking new commemorative coins for their collection!

"Change never comes from a place of comfort" - Anonymous

Parenting can be one of the most immense challenges that many of us will face throughout our adult life. After all, our decisions and actions impact more than one person; there is an entire family involved. I have heard so many people ask, and occasionally have asked myself, "where is the manual for this?". Ultimately, irrespective of what you read and the training you attend, your role as a parent is steeped in the values which you hold dear. I believe that

no expert will ever know your family as well as you do; I choose to humbly work with families, recognizing that there are vast teachings I must be open to learning from my clients.

I often work with families who describe Negative Feedback Loops – this does not indicate the nature of the pattern of behaviour, rather only that the current method of relating to one another maintains a static outcome. Son does not do the dishes right after supper, Mom feels frustrated thinking "I shouldn't have to ask him, he should know this", Mom demands that he complete the dishes before watching T.V. Son feels irritated, feels that he has no say in scheduling his evening, exerts control by choosing to play Wii before washing the dishes.

Mom feels angry that he is "defiant", and demands louder...and so it keeps going. This isn't necessarily a negative experience, rather a repeated pattern of relating within this family that elicits the same outcome time and time again...conflict.

Picture your family like the surface of a lake, and your behaviour like a pebble. When a pebble is thrown into the water there is the initial splash, followed by undulating ever increasing ripples. Often we become comfortable in the ripples we know and understand, whether they are helpful or not. In this example Mom may maintain her role as Manager with her son, comfortable with the perceived responsibility of being required to schedule his time. Son is comfortable to some

degree as The Pawn, not being required to take responsibility for making decisions and owning consequences. When we change the ripple pattern, we in essence force a different outcome. Although this sounds simple it can be confounding, because change is uncomfortable. Mom may choose to coach

her son, and encourage him to make positive decisions "If dishes aren't working for you, what do you believe is reasonable?". Son may choose to experiment, perhaps he will decide to complete the dishes immediately after supper and observe Mom's response in return. Changing a pattern of relat-

ing does not have to involve grandiose activities or even discussions, the smallest shift that you choose to make can effect immense changes in your relationships with your children. So experiment, toss a new pebble into the lake and see what happens, remember feeling uncomfortable can be a good thing.

Le sondage national du PSFM est volontaire et confidentiel. Son but est de recueillir des commentaires sur l'expérience des familles des militaires avec le Programme des services aux familles des militaires. Seulement un questionnaire peut être complété par famille.

À la 14e Escadre de Greenwood, le sondage se déroulera sur une période de un mois entre le 11 avril et le 11 juin 2009. Les questionnaires pourront être complétés en personne au CRFMG n'importe quand durant les heures d'ouverture. Tous les questionnaires complétés seront scellés dans des enveloppes individuelles et seront retournés à la direction du PSFM à Ottawa.

Pour de plus amples renseignements sur le sondage du PSFM ou sur le tirage, veuillez communiquer avec le CRFMG au 765-5611 ou visitez-nous en ligne au www.greenwoodmfr.ca.

At 14 Wing Greenwood, the survey will be conducted over a month period from May 11th to June 11th, 2009. Surveys can be completed in person at the GMFRC anytime during business hours. All completed surveys will be sealed in individual envelopes and returned to the MFSP Directorate in Ottawa.

For more information on the MFSP Survey or the draw, please contact the GMFRC at 765-5611 or visit us online at www.greenwoodmfr.ca.

Request to GMFRC Users!

Submitted by Annette Davidson, GMFRC Board of Directors Chairperson

Hello families! The Board of Directors for the Greenwood Military Family Resource Centre would like to ask for your help. We are looking for success stories and experiences of users of our Centre. This year's AGM will be held on Wednesday, May 27th at 4:00 p.m. The theme is "Appreciation from the Families" and we would like to read out experiences, successes and positive thoughts from our users to our staff during the presentation. We

also would like to invite families to come to this event and share their own heartfelt thoughts to the staff as to how they have touched their lives and helped them integrate into this wonderful community. If you have a story to share, please email the Board at gmfrboard@eastlink.ca or drop off your written statement to the front desk at the Centre. If you would like to be able to present your own appreciation sentiments, please include your name and phone number. Thank you for your participation and look forward to hearing from you!

Annnonce d'intérêt public

Rapport Annuel et Activités familiales du Centre de ressources aux familles militaires de Greenwood

Venez-vous joindre à nous pour réunion et Rapport Annuel du CRFM de Greenwood, suivi d'un spectacle de clown et un souper BBQ. Cette année, le Conseil d'administration

encourage le public à s'impliquer en les aidant en exprimant leur appréciation aux membres du personnel du CRFMG.

Cet événement familial se tiendra le mercredi, 27 mai 2009, à 16h00 au Centre AVM Morfee (rue School à Greenwood). Le service de Garde d'enfants sera offert gratuitement durant la

présentation. S.V.P. téléphonez le CRFM afin de réserver le service de garde pour les enfants de 6 mois à 3 ans. Si vous êtes intéressé à faire parti du Conseil d'administration du CRFM de Greenwood ou si vous avez des questions, téléphonez au Centre 765-5611. On vous attend en grand nombre!

Greenwood Military Family Resource Centre Annual General Meeting & Family Fun Event

Come and enjoy the ceremony of our Annual General Meeting followed by a clown show and complimentary BBQ. This year the Board of Directors would also like to express our appreciation

for the GMFRC staff and encourage you to come out and help us. This great family event will take place on Wednesday, May 27th, 2009 starting at 4:00 p.m. at the AVM Morfee Centre (School Road, Greenwood). FREE childcare is provided during the brief meeting. Please contact the

GMFRC to register your children 6 months to 3 years to ensure adequate childcare is available. If you are interested in the Board of Directors or have any questions please call the Centre at 765-5611.

We look forward to seeing you!

Getting ready to pour tea is Gail Croucher while Jamie McCorry and Alice Langill watched.

Greenwood Golf Club 50th Anniversary Tea

The Greenwood Golf Club 50th anniversary Tea was held Sunday May 3rd with over 30 members, past and present, in attendance. The ladies were well turned out in the fashions of the 50's. A couple of gentleman was also noticeable in their rolled up jeans and white tee shirts.

All, thanks to the donations from the members and the club, everyone enjoyed an abundance of food. Prizes were awarded for the best

dressed of the era. Sandra Cathcart won the prize for best 50's dress with Betty Salzman a close second. Honourable mention went to Doris Sampson and Rita Bartlow for their decorated hats. Six door prizes were also given out.

Many thanks to Mike and Jamie McCorry, Karen Gorman and the staff, and Sara Walters for taking pictures of the event. Thanks to everyone who attended for their support.

Meet Princess Greenwood

My name is Courtney Harrison. I am a student at the Nova Scotia Community College, Kingstec Campus. My program in which I am enrolled is Business Administration with a concentration in **International Business**. I graduated from West Kings District High School, June 2008. I have lived on Tremont Mountain Road for 15 years living with my parents, Arlene and Michael Harrison, and younger sister, Kristen Harrison. In my spare time I like to go horseback riding, playing guitar and dancing. I danced for the Scotia Valley Stompers Dance Studio, and played guitar for 10 years.

During my years at West King I played on the Senior Girls Basketball team for three years and Senior Girls Soccer team for my grade 12, senior year. With the community I played for the U18 Indoor Soccer Team for Somerset, Summer Soccer Somerset Team and this year for the Senior Women's Indoor Soccer Team for Wolfville. I was also involved with the T.A.D.D. Safe Grad Committee at West Kings and the Kingstec Open House.

I love spending time with family and friends. On my spare time I like to watch NASCAR, Family Guy, and Supernatural. My goals are to obtain the **Advanced Diploma** for International Business and be able to import from various countries. I love to travel and learn about other cultures. The more you know, the more you can accomplish!

Warmline Training

The Warmline Program is a GMFRC service designed to reach out to our deployed families, provide information, referrals, and extend services. PSI is hosting a Warmline Training for everyone interested in becoming a volunteer Warmline Caller.

****Training will be held on Monday May 25, 2009 from 6:00pm to 8:00pm at the GMFRC. To register please contact Karen Doiron at 765-5611 local 5866.**

Multicultural Women's Coffee

The GMFRC has some keen volunteers who are interested in developing a weekly Multicultural Women's Coffee group. "It's nice to go somewhere where you don't have to worry about having an accent", this will be an open group welcoming women from all walks of life. Designed to build relationships, share stories, and knowledge; the Multicultural Women's Coffee will provide the opportunity to celebrate differences and find a commonality. For more information please contact Shannon Doubleday.

UP-COMING EVENTS • CLUBS • ORGANIZATIONS • GROUPS

FYI is The Aurora Newspaper's format for publishing items of interest to the community submitted by NOT-FOR-PROFIT Service Groups, Clubs and Organizations. Due to space limitations, submissions are limited to approximately 25 words. Items MUST be submitted each week either in person to our offices located on School Road (Morfee Annex), 14 Wing Greenwood, by FAX to (902)765-1717 or e-mail: aurora@auroranewspaper.com. These announcements will be published on a first-come, first-served basis and are limited to the space available for that particular publication. To guarantee that your announcement will be published, you may choose to place a paid advertisement at our current advertising rates. The deadline for FYI submissions is Thursday at 9:30 a.m. previous to publication unless otherwise notified.

HOROSCOPES

May 10 to May 16

ARIES - Mar 21/Apr 20

Aries, hold on a little longer and you will get your just desserts. A surprise bump-in with a former friend could lead to a rekindled relationship in the future.

TAURUS - Apr 21/May 21

Taurus, late at night you think about what you were put on earth to do. The realization may be a little startling but it will provide needed direction this week.

GEMINI - May 22/Jun 21

Gemini, you are the one friends and family always look to for help. You may find that you need to bail out someone in need in the near future. Feel good that you are trusted.

CANCER - Jun 22/Jul 22

When you feel that all of your strength is gone, Cancer, a helping hand is extended and you carry on. On the weekend you will have a brief respite.

LEO - Jul 23/Aug 23

Leo, there is so much going on this week you don't know where to begin. Something at home pops up so that may be the priority. Thursday is a pivotal day.

VIRGO - Aug 24/Sept 22

Others don't approve of your actions, Virgo. But this week you're content to walk to the beat of a different drummer. Romance stalls on Tuesday and won't rebound for a while.

LIBRA - Sept 23/Oct 23

Celebrate the small accomplishments, Libra. It may be a while before you get more recognition. Aproposition at work has you thinking long and hard.

SCORPIO - Oct 24/Nov 22

Scorpio, feeling under the weather can ruin your mood. But you will bounce back and be on top of your game sooner than you think. Work is put on hold for a while.

SAGITTARIUS - Nov 23/Dec 21

Sagittarius, family relations are a little strained and you don't know what upset the apple cart. Thinking you are blame-free could be irresponsible. Get to the bottom of it.

CAPRICORN - Dec 22/Jan 20

Capricorn, it's a good week for you and you're relaxed and all smiles. Enjoy the warm spring weather and take a road trip or another type of vacation.

AQUARIUS - Jan 21/Feb 18

Aquarius, there's not much you can do to change others' minds about a situation. But stick to your guns. Sooner or later some people may be won over.

PISCES - Feb 19/Mar 20

Frustration leaves you looking for answers, Pisces. They may be a little harder to come by unless you look in many different places.
