ple and the provision of fuel to the aircraft. It was interesting having the US military there. They worked closely with 408 Sqn to simulate the resources they will have in theatre including medium

lift helicopters (the CH-47 Chinooks) and the medical evacuation capability helicopter (the UH-60 Blackhawks). The men and women from the two US units were friendly, professional and always willing to pitch in.

The team spent

On the 7<sup>th</sup> of May 2009, the main body of 14 Mission Support Squadron (14 MSS) departed from 14 Wing Greenwood for a 44 day deployment to the Canadian Manoeuvre and Training Centre at CFB Wainwright, Alberta. Their job: Support all Air Force elements participating in EXERCISE MAPLE GUARDIAN. To accomplish this, 14 MSS set up a camp for roughly 600 people including accommodation tents, kitchen, mess, showers, canteen, gym and theatre. They also setup phone, Intranet and Internet service for all participants.

This was also the confirma-

tion exercise for the squadron to ensure their readiness to deploy to Camp Mirage in December 2009.

The camp was home to 408 Tactical Helicopter Squadron (408 Sqn), 1 Canadian Field Hospital, the "Role 3" medical folks preparing for deployment, the Heron Unmanned Aerial Vehicle, Detachment, 8 Air Command and Control Squadron, two United States (US) helicopter Squadrons, and of course 120 MSS personnel.

Once the camp was set up, the team focused on support to operations. This included the care and feeding of 550 peo-

ple. But it was worth it. Many people stated that it was the best camp they had ever seen. If laughter and smiles were indicators, then it really was very good.

The Wing Commander, WCWO, WLEO WLE CWO and MSS HCol came for a visit. They managed to talk to just about everybody in the Sqn. They even stayed over night in the accommodation tents!

All in all, this was a very successful exercise. 14 MSS formed some lasting bonds, learned a lot about camp and aviation operations, and prepared themselves for the upcoming deployment to the Middle East.

## By Captain Scott Spurr

14 Wing and Annapolis Valley Health (AVH) gathered at the Morfee Centre on Wednesday, July 22, 2009 to celebrate the creation of a unique plan to support local health needs.

For years, military family members, as well as the local community have had a hard time finding a family physician. A chronic shortage of health care professionals, right across the country has made it hard for rural areas to attract doctors and the villages of Greenwood and Kingston

are not immune to this.

Discussions between the Wing and AVH, that began two years ago, and identified that there was a need to establish a family health clinic for military families and people of the broader community. Both groups have been working diligently to create a partnership and a solution. This work has included planning of the clinic space, obtaining funding for staff and equipment, planning with local physicians, construction of the physical space, and formalization of the partnership. Construction was started last fall on an annex of the Morfee Centre to provide the facility for the clinic. 14 Wing completed construction in the spring of this year and AVH, through support of a local family physician team and the Nova Scotia Department of Health will provide staff and equipment.

The plan for staffing of the clinic includes a nurse practitioner, dietitian, and receptionist. Through support of a local family physician team, a family

physician will be available two days per week to work collaboratively with the nurse practitioner and dietitian to provide primary care services.

Once the facility is open this fall, it will only be accepting patients who are family members of both Regular and full time Reserve military personnel, who currently do not have a family physician or one within twenty five kilometres of their home. Further details of the process of how to become a patient of this clinic, will be shared shortly.

Access to a family physician and comprehensive primary care services for the broader community is an ongoing concern. AVH considers recruitment of family physicians a priority and expects that this joint venture with 14 Wing will enhance efforts to attract doctors to the local area. It is anticipated as the team expands; and more physicians are recruited, there will be a greater ability to provide care for patients in the community at the Family Health Clinic.

# Director General Personnel and Family Support Services Visit - 8 July 09

During the past six weeks the Wing has hosted a steady stream of visits from Personnel and Family Support Services (PFSS) in Ottawa. This organization used to be called the Canadian Forces Personnel Support Agency (CFPSA) and has taken on the new name which more accurately reflects the family aspect of their role.

On 8 July 09 the Wing was visited by BGen (retired) David Martin who is the first Director General for the Personnel and Family Support Services (DGPFS) for the Canadian Forces. He prepared for this expanded title and role during a two-year stint as the CEO of CFPSA. DGPFS now encompasses Personnel Support Programs (PSP), CANEX, SISIP, and the newly established Casualty Support Management Program and the Military Families Fund Program. He was accompanied by the DGPFS CWO Boivin, the Human Resources Director Sharon Flemming, the Chief of Staff Gilles Archambault and Sandy Gauthier from the Military Families Fund.

Preceding BGen (retired) Martin's visit, in June we were visited by some of his key Director's in the delivery of the Canadian Forces Health and Fitness strategy; Colonel Claude Wauthier who is the new Director of Fitness for the Canadian Forces and Johanne Thibault the Director of

Sports, Recreation and Messes. In addition we hosted Jacques Adam from PFSS Health Promotion and Daryl Allard the Fitness Senior Manager. To wrap up the series of visits the PFSS Compliance and Review section headed up by Bert Leblanc scrutinized our programs and financial controls just a week ago.

Many of our visitors had never been to Greenwood or had not visited for years. Although two of the three visits were hasty 24 hour exchanges of information, they left the Wing with very good impressions of our personnel, programs and facilities. As well they were brought up to speed on our more high profile and ambitious undertakings such as the 14 Wing Centennial of Flight Campaign and the Arena/Curling Partnership project that proposes complex partnership with the municipality, the province and the Wing to build a showcase arena and curling facility in Greenwood outside the main gates of the Base.

To a person our visitors left this Base feeling that when it comes to Quality of Life we are making it happen for our families and ourselves. They voiced the sincere desire to return and to experience our facilities beyond the fleeting glances they were exposed to. Of course with typical Greenwood hospitality we say, "you'd be more than welcome!"

## They Shoot, They Score!

This week at sports camp, we couldn't get enough of hockey! Monday, we started the week off with skills training and a game over at the rink.

Tuesday, we put our skills to the test with a skills competition that really showed off our campers' talents.

Wednesday, we took a break from hockey and travelled to the IMAX to see the new Ice Age movie in 3D! Thursday, we got to experi-

ence what it would be like to train as a hockey team and Friday, we ended the week off by dividing into teams for a tournament.

We would like to thank Colin Gillis for coming in to help us out this week, as well as the bus driver for taking us on the trip and the lifeguards for their continuous help and support over at the pool every afternoon.

Great work campers!

# Heron UAV Detachment at KAF Completes First Change of Command

By: Captain Jean-François Gallant - Joint Task Force Afghanistan Air Wing

On July 9, 2009, Major Daniel Boisvert, the first officer commanding the Canadian

Heron UAV Detachment (CHUD), handed over to his successor, Major Ghislain Rancourt. The commander of the Joint Task Force Afghanistan (JTF-Afg) Air Wing, Colonel Bruce Ploughman, presided

over the change of command ceremony, which was held in a new hangar on X-Ray Ramp at Kandahar Airfield.

Maj Boisvert and his team arrived at KAF on 20 December 2008 after months of

preparation and training. They faced an enormous challenge: to commence operations in the Afghanistan area of operations with an aircraft new to the Canadian Forces, the CU-171 Heron unmanned aerial vehicle. CHUD began Heron flying operations from zero, rapidly ramping up operational capability to become a vital asset the coalition relies on in operations every day. Deployed with Roto 7 of Joint Task Force Afghanistan (JTF-Afg), the first members

of CHUD flew more than 1,900 hours over seven months, to support operations conducted by the Canadian task force and other contingents of the International Security Assistance Force (ISAF).

The Roto 8 members of CHUD have a mandate not only to continue the great work accomplished by the previous team but also to enhance the capability it provides to JTF-Afg. Major Ghislain Rancourt, the officer commanding during Roto 8,

will undoubtedly lead his team through a myriad of challenges related to the unforgiving environment and nature of the mission in Afghanistan while following the directive in their mission statement: "protecting boots on the ground." Rest assured, Roto 8 is well prepared to face the challenges and will profit from the hard work and contribution of Roto 7.

Congratulations to CHUD Roto 7, and have a safe trip home!

# The 19<sup>th</sup> Hole

As I sit to write this article it is pouring out of the heavens.... enough with the rain already! The course is in great shape and at times I guess we really do need the rain... but not while I am on vacation!

First of all, I want to thank Scottie and Frank for the round of golf on Sunday, July 19th. Special thanks to Brian W. for making up the cards for our Golf Game, they proved very lucrative for Doug and I... Frank, thanks for the \$4.00 and in case you

heard him tell the story that I was selling pencils on the 18th hole, that is not the case, ...we beat them fair and square. *Ya Gotta Love It When A Plan Comes Together!* It is not the amount; it is the bragging rights that really matter.

Monday, July 21st we saw a lot of fellow Greenwood members playing Paragon. Their course is in great shape as well. Scottie and Steve B have the bragging rights after that round... Scottie made a great shot on #17 to take

control of the ties. Dallas is away, so I don't have any news this week from the Friday Night 2-Ball, but I am sure it was another fun filled evening. The week of July 27th- Aug 2nd is pretty wide open. The only scheduled event is the Jr. Club Championship on Thursday 11:00, the rest is just the usual Jr., Men's, Intersection, Ladies and Friday Night 2-Ball.

There is another date that members can play at Paragon for free. August 14th (Fri-

day)... the Legion Goldenaires is a 9:00 Shotgun at our course. Don't forget that you can take your cart over to Paragon for that day and just pay a \$15.00 trail fee.

## Wear a Helmet, It's the Law

**Submitted by: Second Lieutenant S.D. Lawson**

While the helmet law for cyclists and skateboarders has existed for some time, a new strategy for enforcing helmet regulations on base has been enacted! The new strategy comes about in an effort to manage the risks associated with the skate park.

It is accepted that a skateboarder or cyclist could fall and hit their head at any time; however the skate park provides features that increase the risk. The Wing Commander, Colonel Derek Joyce has made it clear that providing this park comes with the condition that all skateboarders and cyclists who use it will abide by the law. The new strategy from the Military Police is intended to augment the Community Centre staff and volunteers, who obviously cannot be present at all times.

This strategy will bring the Military Police to the skate park if they are in the area and notice that there are persons using the park without helmets properly worn. They will not be hanging around waiting to catch violators, but they can

be expected to drop by at any time.

The park is provided for fun and exercise, so the penalties for not wearing a helmet range from a warning and ejection from the park for a first offence, to seizure of the skateboard or bicycle for seven to 30 days. For habitual violators, there is a possibility of a fine of approximately \$100 under the Nova Scotia Motor Vehicle Act.

Please keep in mind the goal is to continue to allow youth to enjoy the park, while managing the risk as a property owner. From watching the competition on Canada Day, it is clear that most youth already own a helmet, so the Military Police do not anticipate that they will have to seize any skateboards.

# Kingston 50th Steer BBQ

Submitted by: Muriel M. Craig - Chairman of Kingston 50th Steer BBQ

I would like to thank everyone who gave of their time towards Kingston's 50th Steer BBQ. Many donations were received and everyone worked towards making the BBQ a great success. We had a contest for naming the steer, which has been our community icon of "Home of the Steer BBQ". Many entries were received and the committee chosen to judge the entries chose "Kingsley" which means "of the King's meadow" and it was nominated by Stephen Boates of Kingston. Thanks to all who put forth names for this contest.

Friday evening, the committee held a re-dedication service of the Steer BBQ monument. A member from each family, whose name is on the original plaque, was present and received a certificate and a rose. Town Crier, Lloyd Smith gave a proclamation for this event. The Royal Canadian Legion, Branch #98 colour party were present and Piper Scott Pollon piped the group from the Village Office to the monument where the ceremony took place. Leo Glavine was the Master of Ceremonies for the event. Chairperson, Muriel Craig with Danny Lundrigan, Village Representative, and Quentin Simms, grandson of Ron Simms unveiled the new plaque for the occasion. This event was the work of Vicky Parker and Danny Lundrigan along with other members of the committee.

A group of men gathered at 6:00 p.m. to prepare the cooking of the steer for the next day. Many watched in awe of the teamwork they do to prepare for the next day's event. Tents were being assembled by the Kingston Fire department and they will return to take them down. A big thank-you for a job well done.

At Centennial park Friday evening, a fantastic festive and musical atmosphere could be heard. It was called "The Valley's Got Talent". It featured Danse Xpress, showcasing their hip-happy moves, Megan Armstrong singing two lovely songs. Elizabeth Furniss, Kristy Doyle and Kaily Shearer created some lovely harmony and toe-tapping songs. Demi Beaumier topped off the evening with her always popular and heart-warming voice singing several songs. Many musicians returned to the stage until it was dusk and then the fire-works started. It was a perfect night for the event to showcase Kingston in all its beauty. A large crowd gathered to celebrate these two events and didn't seem to mind the mosquitoes being there also. The Legion and Lion's cooked hamburgers, hot-dogs, and french-fries for this wonderful evening.

A breakfast was held at the Fire Hall from 7 to 9:30 a.m. It was well attended, and they ran out of food so it shows they have good cooks at the Fire Hall. The Fire Department helped in many ways this year and for this we are grateful.

The parade always draws a large crowd, and the streets

**'Udderly' Delicious Dessert Bake Off. The winning dessert is in the foreground made by Stacy Abriel.**

of Kingston were lined to view the floats, bands, and other entries of the parade. After the parade reached the arena area, the Town Crier escorted the dignitaries to a stage where each were introduced by our Master of Ceremonies - John Marshall. The float prizes were given to the winning entry.

After this, the Dignitaries were escorted into the arena, where they were served a delicious lunch including strawberry shortcake. We had ten Princesses from other communities join our parade and luncheon. A contest was held amongst the Princesses to do the hula-hoop and a contest to go to those attending the BBQ for names that were associated with the word "Steer". Each did very well, but Berwick Princess was the winner for both events. Thanks Ladies, it was fun.

An *udderly* Delicious Dessert Bake Off was held again this year. The contest was promoted through a number of

venues weeks before the Steer BBQ and the extra effort paid off, as there were fourteen entries. The three judges must have had a difficult time. After viewing the desserts, and then sampling a small morsel of each of the fourteen desserts, the judges deliberated and this is when the on-lookers were given the opportunity to purchase dessert portions. First prize was awarded to Stacy Abriel for her light and lovely lemon snowball cake. Stacey received a gift certificate from the Best Western Aurora Inn for dinner for two. Second prize went to Pat Casey for her frozen peanut butter dessert, and third prize went to Noreen Fallis for her perfect cream puffs. All contestants received some token to demonstrate appreciation for their participation. The dessert bake-off was a great success and Muriel West thanks everyone for their interest shown in our community celebration.

Danny Lundrigan organized a "Show & Shine" for motorcycles. Those that participated were pleased, and it's one more venue that could be looked at in future years.

What is a celebration without Bingo, Music, and Food. We had it all. We had dancers, singers, bands and lots of entertainment throughout the day. Brian Mulligan kept things rolling on stage during the afternoon and Brian Muiligan kept the music altogether. Hugh Moore kept bingo players on their toes watching for the number they needed to win the big one.

I would like to thank the committee for all their efforts they have demonstrated since last November getting the 50th Anniversary Steer BBQ in place for this year. Hard work receives satisfaction at the end of the day.

# 14 Wing Dragon Boat Team Victorious in Yarmouth Dragon Boat Fest

By: Lt Nadia Kang

On 19 Jul 09, in the early morning hours the 14 Wing Dragon Boat team travelled to Yarmouth, NS, to take on the best dragon boaters of western NS. Dragon Boat Racing is a team sport in which 20 rowers race a long, thin boat over several hundred metres. The sport evolved from the original "Waking the Dragon" rituals

celebrated by many Asian cultures. A dragon boat team is made up of 22 people including a steersman and a drummer.

The 14 Wing team was made up of a motley crew with members as young as seven, some older than 55, from as close as Yarmouth and as far away as Korea. The majority of the team came to the festival with little or no experience,

(Photo: Cpl Eli Poole)

but ready to face a challenge. In addition to our lack of experience, we also had not been able to have a single practice!

An impromptu lesson from the event staff, and some helpful tips from our team expert, Karen Freeman, were all we had to prepare us for the

racers. Despite our lack of experience, with the encouragement of our bus driver Cpl Jack Ker (also our biggest fan and unofficial coach) we were

ready to stake our claim to victory. Our primary team, the Flying Dragons, were first to race against the Sea Fest Sea Jewels. Despite a valiant effort, the Flying Dragons had difficulty keeping their strokes together and were defeated by the well-synchronized Sea Jewels by several seconds. Luckily, we were able to assemble a second team, the Dragon Butts, and give it another try.

In a race against the Yarmouth Dragon Slayers, the Dragon Butts suffered defeat, but it was clear the team was starting to get a feel for rowing technique and strategy. In spite of our two losses, our race times were good enough to qualify both teams for the finals. In the first final (judged by time), the Flying Dragons pulled together and pulled off an amazing victory with a time of one minute and twenty-nine seconds, an improvement of seven seconds over their first race! In the second final, the Dragon Butts worked as a finely tuned machine, shaving a whopping nine seconds off their first race time, beating a stacked team and claiming first place of the Yarmouth Dragon Boat Festival with a time of one minute and twenty-eight seconds.

The 14 Wing team had a great day, and definitely made a name for itself in Yarmouth as a team to watch. Thanks go out to our driver, Cpl Ker for driving us and supporting the team. Thanks also to the PSP manager for finding the funds to sponsor the bus and registration for the team. Thanks to all the team members for your enthusiasm, and congratulations on your victory! For information about future dragon boating opportunities, please contact Lt Nadia Kang, nadia.kang@forces.gc.ca, 765-1495 ext 3748.

## COMMUNIQUÉ

### NATIONAL PEACEKEEPERS' DAY

Citizens, the *Canadian Association of Veterans in United Nations Peacekeeping* (CAVUNP) and the *Canadian Peacekeeping Veterans Association*, (CPVA) jointly wish to bring to your attention that Sunday, August 9<sup>th</sup>, veterans, military personnel, police and peace officers will celebrate *National Peacekeepers' Day* in Canada.

*National Peacekeepers' Day* was made an official day by an Act of the Parliament of Canada in 2008 to honour Canadians in the service of peace. This day is about commemoration and celebration of Canadian peacekeepers, past and present. It is also recognition of those who help make peacekeeping duty less arduous and for remembering our fallen comrades who have made the ultimate sacrifice on the field of honour in the service of peace.

We wish to remind everyone of our moral obligation as Canadian citizens to observe with pride our *National Peacekeepers' Day* by a gesture of solidarity with our Canadian peacekeeping veterans and serving military personnel, police and peace officers.

You are invited to observe the 9<sup>th</sup> of August, by a minute of silence to render homage to the 170 Canadian Peacekeepers who have made the ultimate sacrifice of their lives in the service of peace in the world as well as for those who have served since 1947 including Canadians who are presently serving with the United Nations, NATO and other international or multinational missions amidst danger and strife in far away countries.

In order to ensure a solemn visibility on this commemorative day, you might dress in blue and white, wear your Canadian Peacekeeping Service Medal or the CPSM lapel pin, a poppy, post this notice or even display or fly the United Nations flag. Veterans of peacekeeping missions may wear a blue beret.

Citizens, on the 9<sup>th</sup> of August, if you meet a veteran, a member of the military or a peace officer, we invite you to shake their hand, and say a simple 'thank you'.

Celebrations of our great country's birthday happened all over the country. They happened everywhere, even far from home. Soldiers took a moment to pose for a picture in Kandahar with some of the Canada Day items sent to them by the GMFRC. It is thanks to our soldiers that we live in this great country we call home. People in other countries also have them to thank for their safety and their better way of life. For this, we salute and support our deployed soldiers!

## Historic Aircraft that Played a Significant Role in Canadian Aviation Heritage

Submitted by: Bryan Nelson, Executive Director, Canadian Aeronautical Preservation Association

### Avro Canada CF-100 Canuck

In October 1945, the Canadian Government signed an agreement to build two single seat jet aircraft with the company that became AVRO Canada. After design changes the aircraft would become the CF-100 Canuck, the only Canadian-designed fighter to go into production. The RCAF named the aircraft "Canuck" after the First World War trainer; however, the crews generally referred to it as the "Clunk," although other fighter pilots referred to it derisively as the "Lead Sled," among other names.

The CF-100 prototype first

flew on 19 January 1950. Production began in September and operational use commenced in July 1953. With a good rate of climb, an excellent fire control and radar system, and heavy armament the Canuck soon proved itself to be the best all-weather fighter in the world at the time. The Canuck was also the first straight wing aircraft to exceed the speed of sound without rocket assistance when Jan Zurakowski of AVRO took a Canuck through the sound barrier on 18 December 1952.

For most of the 1950s, the

Canuck was the only all-weather fighter in NATO's inventory. As a result, at NATO's request the RCAF deployed four squadrons to France and Germany in 1956, replacing four Sabre squadrons. In Canada, five squadrons were deployed to defend North America. Belgium also bought 53 Canucks, with the Canuck winning a competition against American aircraft.

By the early 1960s, the Canuck was obsolete as a fighter, replaced by CF-101 Voodoo in Canada while German-based squadrons were disbanded. The aircraft continued to serve in the RCAF and the Canadian Armed Forces as an electronic warfare, reconnaissance and training aircraft until 1981. AVRO Canada built 692 Canucks between 1950 and 1958. The aircraft was a major Canadian engineering achievement.

### Avro Canada CF100 Canuck

En octobre 1945, le gouvernement canadien signe un accord pour construire deux avions à réaction monoplace avec la société qui prend par la suite le nom d'Avro Canada. Après des modifications de conception, l'avion deviendra le CF100 Canuck, seul chasseur de conception canadienne à avoir été produit. L'ARC nomme l'avion « Canuck » d'après l'avion d'entraînement de la Première Guerre mondiale; par contre, les équipages le surnomment généralement « Clunk », et des pilotes de chasse lui donnent le sobriquet de « Lead Sled » (traîneau de plomb), entre autres noms.

Le prototype du CF100 vole pour la première fois le 19 janvier 1950. La production commence en septembre, et sa mise en service opérationnelle s'effectue en juillet 1953. Doté d'un bon taux de montée, d'un excellent système radar et de conduite du tir ainsi que d'un armement lourd, le Canuck se révèle vite à l'époque le meilleur chasseur tous temps du monde. Le Canuck est aussi le premier avion à voi-

lure droite à franchir le mur du son sans l'aide de fusées, lorsque Jan Zurakowski, d'Avro, réussit cet exploit le 18 décembre 1952.

Pendant la plus grande partie des années 50, le Canuck demeure le seul chasseur tous temps dans la flotte des pays de l'OTAN. De ce fait, à la demande de l'OTAN, l'ARC déploie quatre escadrons en France et en Allemagne en 1956 pour remplacer quatre escadrons de Sabre. Au Canada, cinq escadrons sont déployés pour défendre l'Amérique du Nord. La Belgique fait aussi l'acquisition de 53 Canuck, cet appareil remportant le contrat devant des avions américains.

Vers le début des années 60, le Canuck est devenu désuet comme chasseur et il est remplacé par le CF101 Voodoo au Canada, tandis que les escadrons basés en Allemagne sont dissous. L'avion demeure en service dans l'ARC et les Forces armées canadiennes comme avion de guerre électronique, de reconnaissance et d'entraînement jusqu'en 1981. Avro Canada a construit 692 Canuck entre 1950 et 1958, et cet appareil a constitué une grande réalisation canadienne en matière de génie.

# In Thanks and Recognition

By: Michelle Shears, for the Kingston Apple Blossom Committee

Apple Blossom time has come and gone and life has carried on. In this time, the Kingston Apple Blossom Committee has had an opportunity to reflect on this year's festival, Applescious Valley: a celebration of everything apple, and recognize that it takes the contributions of many to accomplish an event such as the Apple Blossom Festival.

The Kingston Apple Blossom Committee would like to recognize and thank those local organizations, businesses and persons who have supported Princess Kingston 2009 Haley Mackintosh:

The Village of Kingston Commission; Kingston Lion's Club; Legion Branch #98; Legion Branch #98; Ladies Auxiliary; Kingston Volunteer Fire Department & Auxiliary; T&S Office Essentials Country Traditions Flower Shoppe; Hair Expressions Cathy & Co.; Atlantic Superstore Avery's

We would like to thank Tibbet's Home for Special Care for having Haley and the Apple Blossom Royal Party to visit and bring a little bit of the Festival to the residents.

We look forward to the 2010 Apple Blossom Festival, "Blossomed Here, Enjoyed Everywhere", May 26-May 31.

Camper Marcel Heighington wearing a crown he made this week at French Camp!

## It's a Blast from the Past!

French Campers this week had a blast traveling back in time to explore different eras! To kick off the week, we invented a

time machine, which transported us back into the past for the rest of the week! Tuesday, French campers explored the age of

dinosaurs! We went on an adventure walk in the morning to collect various rocks which we painted and made into pet dinosaurs! Every camper was royalty on Wednesday as we explored the medieval times by creating our very own crowns! Thursday was a day full of magic as we explored the world of Harry Potter! We made teams and played our own game of Quidditch! We finished the week off with a bang by

travelling to Halifax to watch the movie Ice Age 3: Dawn of the Dinosaurs in 3D! Everyday, we cooled off by swimming in the outdoor pool! Week 4 of French Camp was a success, the counsellors and the campers had loads of fun! French Camp would like to thank everyone who helped make this week great! Thanks to the lifeguards for their daily work, thanks to our bus driver and thanks to the Staff at the IMAX Theatres!

### Acknowledging the unique lifestyle of our military families

Acknowledging the unique lifestyle of our military families is very important. Many spouses are taking care of the children and the household on their own due to their military member's deployments and training requirements. Coping as a sole family caregiver while supporting a deployed spouse for months on end is not always easy. Many spouses play the double role of mom and dad, not to mention throwing in the sole responsibility of gardening duties, extracurricular activities, home work, taking care of all the pets, all while being a member of the work force. What gets the families through deployment is the knowledge that their soldiers are committed to their jobs; believe in what they do and that they are making a difference. A yellow ribbon or a Red Friday t-shirt lets families know the community supports the troops and their efforts on behalf of our country, making the separation that much easier. Families keep the home fires burning while awaiting the return of their soldier. Military Families truly are the Strength Behind the Uniform.

There were more than 40 applicants for the four berths available. If you read her blog she is learning navigational skills and all kinds of amazing life long adventures. They will travel from New London Connecticut to Halifax to partake in the tall ships then back to Boston and home on the Yarmouth ferry. Wow! What an adventure a huge thanks to Seastar and the Duke of Edinburgh program.

Stephanie grew up in upstate NY and earned a bachelors degree in Civil Engineering from Northeastern University in Boston. While in university, she took various internships with the National Park Service, the Student Conservation Association, and private engineering companies. Shortly after graduation, Stephanie moved to Boulder, CO where she works as a Transportation Engineer and is studying for her Masters in - Urban Design at the University of Colorado at Denver. After a fantastic and life-changing semester abroad with Sea Education Association, Stephanie has turned to tall ships sailing. This new take on life is how she came to be a deckhand on the Schooner Virginia.

# Lights, Camera, ACTION!

Submitted by: **Kristin Crocker**

It was Day Camp's time to shine this week at the 14 Wing Community Centre as we lived the pampered life of celebrities, singing in the sun & lounging by the pool. We started off the week learning about Hollywood's history & the star-studded Walk of Fame. Then we tried out our own acting chops

with some crazy, fun improv games & discovered what it was like to create our very own small productions. Our stars were ready for their close up Wednesday afternoon when we had our very own celebrity photo-shoot. We gave our voices a break from lines & scripts on Thursday to take a trip to the IMAX in Bayer's Lake for a screening of Ice Age 3:

Dawn of the Dinosaurs in 3D! Campers took the stage on Friday when we hosted our very own talent show, earning them a much deserved round of applause. Thanks to all the staff at IMAX, our bus driver & our friendly, neighbourhood life-guards this week for all your help. Until next time campers, play safe, have fun & remember you're all STARS!
