## 14 Wing CP-140 Aurora Participates on Operation NANOOK

By: Major CMR Larsen

*Lieutenant Colonel Chretien, Land Component Commander looks on as a CP-140 Aurora flies over a CH-146 Griffon at Camp Resolute Bay, Nunavut. The Auroras are part of the Air Force contribution to Operation NANOOK 2010.*

Operation NANOOK is one of three major recurring sovereignty operations conducted annually by the Canadian Forces (CF) in Canada's Arctic. Planned and directed by Joint Task Force North (JTFN) the whole-of-government operation highlights interoperability, command and control, and cooperation with interdepartmental and intergovernmental partners in the North. Operation NANOOK 10 takes place in Canada's Eastern and High Arctic area from August 6 to 26 and includes two major exercises, Exercise NATSIQ, a sovereignty and presence patrolling exercise of military resources, and Exercise TALLURUTIIT a whole-of-government exercise that focuses on environmental containment and remediation resulting from a simulated fuel spill.

Operation NANOOK 10, as a combined, joint and integrated operation engages personnel and resources (ships and aircraft) from: the Canadian Navy, the Canadian Army, Canada's Air Force and CF Special Forces; other federal government departments to include Public Safety, the Royal Canadian Mounted Police, the Canadian Coast Guard (central and Arctic region), Transport Canada, Indian and Northern Affairs Canada, Natural Resources Canada, Environment Canada, Parks Canada, the Government of Nunavut; the municipal communities of Resolute Bay, Pond Inlet, Grise Fjord, Iqaluit and Arctic Bay; and internationally the US Navy's 2nd Fleet, the US Coast Guard and the Royal Danish Navy.

...continued on page 2.

The Arctic does not seem to be that challenging a location to work at over a sunny afternoon in August, 2010, but even during the dog days of summer it is not hard to realize that the long and dark winter is quickly approaching for the residents of Nunavut, Canada's newest territory.

A crew of twenty, including aircraft technicians and a full operational crew, joined mission support staff pre-deployed in Iqaluit to participate in a major joint exercise called Operation NANOOK. Comprised mostly of members from 404 (Long Range Patrol and Training) (LRP&T) Squadron (Sqn), led by Crew Commander Captain Bernie MacDonald, the crew planned to participate in five missions over six days in support of Navy and Army operations in the North.

**What Does the Aurora Bring to the Table?**

For the reader to understand why an Aurora was deployed to Iqaluit, I have to subject you to the obligatory list of equipment and abbreviations. Key to this mission was proving the ability of 14 Wing Operations (14 WOPs) to transport and establish the Deployable Mission Support Centre (DMSC) led by Mr Yvan Lachance and Captain Colin MacFarlane and their respective teams. As well, the newly proven Overland Equipment Mission Suite (OEMS) and the chance to use the Tactical Common DataLink (TCDL) were key opportunities to showcase to our defence compatriots what we are now able to offer them with the OEMS modified CP-140 Aurora. The Aurora is a key piece of Canada's Intelligence, Surveillance, Reconnaissance and Control (ISR&C) capability for over land and sea, undersea, and aerospace operations.

# 14 Wing CP-140 Aurora Participates on Operation NANOOK

## ..cover continued.

In plain speak: the Aurora can now use its powerful camera system efficiently, and while airborne can actually transmit video to a supported unit, this time the HMCS Montreal. What we can see from the air, a tactical commander can see on the ground/sea providing general situational awareness. It is not hard to imagine how this capability greatly adds to the 'big picture' required by operational commanders.

On operations, the Air Component can provide real-time situational awareness of events on the ground, in the air or on the water. This allows the Chain of Command to be better informed during military missions, and is also available in support of civilian law enforcement

agencies, when authorized by the Minister of National Defence. Any such missions are carried out in accordance with Canadian law.

This video link up is complex and requires many system integrations. Its successful employment by 405 and 407 (LRP) Squadrons at OP PODIUM (Vancouver Olympics) and OP CADENCE (G20 and G8 surveillance) highlights the flexibility and know-how that is resident within the LRP fleet, including 14 Software Engineering Squadron (14 SES) and the Project Management Office (PMO) Aurora in Ottawa.

### Arctic Surveillance

Not until you fly over the arctic do you realize how expansive, beautiful, and awesome it is. It is inspiring

to see the fjords, straits and bays that challenged Hudson, Franklin and Parry. Until the early 1900's, the Northwest Passage had never been traversed by a ship. With climatic concerns, environmental sensitivities and the escalating arctic resource and territorial claims, the increasing open water months invite strategic and personal (pleasure craft/adventurer) interest. The ability for our air assets to detect and visually identify all unknown contacts in our arctic archipelago is crucial to exercising our sovereignty.

Even though the weather over our operational areas was 'iffy' (to say the least – 200 foot ceilings and frequent 1/8 mile visibilities), the crew managed to use the OEMS, radar, cameras and

(Image: Cpl Cronk)

old fashioned eyeballs to find and confirm vessels of interest to other government departments, the Air Component Commander (ACC) at Resolute Bay and the Joint Task Force (JTF) Commander in Yellowknife.

Environmental surveillance was one of the key tasks for the crew. Wildlife spotting and description is a secondary task on all missions (such as spotting and reporting whales on standard coastal patrols). During the deployment the crew spotted and reported Polar Bear, Narwhal, Beluga

and Musk Ox. As well, ice condition reporting was crucial for the safe passage of supported naval vessels planning to transit narrow straits and inlets. Though ice accumulation in many places was minimal, other locations had hundreds of icebergs, pans, growlers and 'bergys-bits'. The icebergs ranged in size from a few feet to 200 feet. Individually these behemoths don't present a challenge to our modern warships, but when the individual bergs, influenced by wind, current and tide,

band together to form several square miles of impenetrable ice, no warship will pass.

Our crew was also tasked to participate in a Search and Rescue (SAR) tasking near Clyde River for a missing helicopter. Working with the Coast Guard vessel Desgroseillers and her onboard helicopter, we were sadly unable to locate the individual. 413 (Transport & Rescue) Squadron confirmed the sad outcome of the missing pilot the next day in close coordination with the Canadian Coast Guard.

The ability to conduct ISR&C tasks and immediately switch to a new mission (in this case SAR) demonstrates the capacity the 30-year old Aurora fleet brings to Canada; crews are extensively trained and absolutely motivated, able to fly world wide.

### The Aurora's Future – Canada's ISR&C Capability

The OEMS modification to the Aurora is not the last step to upgrading the aircraft's capability. Testing is about to commence on the first of the newly-delivered Block III planes. This upgrade will add a new computer, imaging radar, electronic support suite, subsurface acoustic system and a plethora of support systems and trainers. The modifications are a multi-generation update to the sensor systems employed by LRP aircraft and will provide Canadians with a long range and long endurance ISR&C capability both domestically and around the world.

We all know that training tasks through arctic surveillance exercises such as NANOOK, as well as real time operations in the vast north, will continue. The Canadian public expects increased control of our northern archipelago – the CP-140 Aurora will provide the eyes and ears to complete these sovereignty and environmental tasks well into the next decade.

## Flight program helps unite families

By: David Elias

Whether you serve in Pat Bay B.C. or Petawawa Ont., posting locations for CF members are scattered throughout this country. And while the novelty of living in a different community can be an adventure, postings often uproot personnel from loved ones.

Helping soldiers, sailors, airmen and airwomen stay connected with their families is a priority for the Chief of Defence Staff, which is why participation in the annual CDS Special Christmas New Year's Leave Travel Plan is encouraged.

"When our members can maintain strong family ties it creates resilience in the Canadian Forces," said General Walter Natynczyk, Chief of the Defence Staff, "It makes sense to use what resources we can to help our men and women in uniform spend time with loved ones, noting that they have contributed to vital operations on behalf of Canada."

CF members wishing to

participate in the program must apply for the flights and will be eligible for one of two categories, as defined in detail at the end of this article.

Application intake for Category 1 opens at 1300

hrs (EST) on 13 September 2010 and will require the completion of the *Christmas/New Year's Leave Travel Form* available online on the 2 Air Movement Squadron website. This form, updated for this

year's program, is the only form accepted by the National Passenger Service Centre (NPSC) for consideration in this program.

Application intake for Category 2 opens at 1300 hrs (EST) on 12 October (EST).

Final application deadline for both categories is 2359 hrs (EST) 9 December 2010.

Once the National Passenger Service Centre (NPSC) starts receiving names, the system will immediately begin to assign seats. The first applicants could receive flight confirmation as early as 20 September.

There is no financial compensation in the event of a flight delay. Every effort will be made to ensure confirmed flights arrive at their destination on time.

"Nearly five thousand members are expected to take advantage of our program this year," said Master Corporal Benita Clemens of the National Passenger Service Centre. "This service is important because it gives all members, especially single

members, new recruits or those on an imposed restricted posting, an opportunity to connect with their immediate families."

Outgoing flights with this program commence on 18 December 2010 with the return portion to be completed no later than 7 January 2011. The full flight schedule is available on the 2 Air Movement Squadron website.

The program is operated under the stewardship of Canada Command, is executed by the Air Force, and has been in operation for more than 35 years.

Complete details of the program along with links to application forms are available in the CANFORGEN message on this topic: 159/10CANADA COM 030-10 111711Z - SPECIAL CHRISTMAS / NEW YEARS LEAVE TRAVEL PROGRAM 10/11.

## Un programme de vols qui aide à réunir les familles.

par David Elias

Pat Bay (C.-B.) et Petawawa (Ontario) comptent parmi les nombreux lieux d'affectation des membres des FC disséminés dans tout le pays. Certes, c'est un peu une aventure que d'aller vivre dans une nouvelle collectivité, mais les affectations déracinent souvent les militaires et les éloignent de leurs êtres chers.

Le Chef d'état-major de la Défense se soucie en priorité d'aider les soldats, les marins et le personnel de la Force aérienne à entretenir des liens avec leur famille, et c'est pourquoi il encourage les militaires à profiter du plan de voyage annuel spécial du CEMD pour les congés de Noël et du Nouvel An.

« Quand nos militaires peuvent entretenir de solides liens avec leur famille, cela favorise la résilience des Forces canadiennes », a déclaré le Général Walter Natynczyk, Chef d'état-major de la Défense. « Il est logique d'utiliser les ressources dont nous disposons pour aider nos militaires à passer du temps avec leurs êtres chers, car n'oublions pas qu'ils ont contribué à des opérations essentielles au nom du Canada. »

Les membres des FC souhaitant participer au programme doivent demander une place à bord d'un vol d'une des deux catégories décrites en détail à la fin du présent article.

La réception des demandes de catégorie 1 commence à 13 h (HNE), le 13 septembre 2010; pour présenter sa demande, il faut remplir le formulaire *Demande de voyage à l'occasion des congés de Noël et du Nouvel An* affiché en ligne sur le site du 2<sup>e</sup> Escadron des mouvements aériens. Le formulaire, qui a été mis à jour en fonction du programme de cette année, est le seul que le Centre national de service aux passagers (CNSP) accepte aux fins du programme.

La réception des demandes de catégorie 2 commence à 13 h (HNE), le 12 octobre.

La date limite de présentation des demandes des deux

catégories est le 9 décembre 2010 à 23 h 59 (HNE).

Une fois que le Centre national de service aux passagers (CNSP) commence à recevoir des noms, le système se met immédiatement à attribuer les places. Les premiers voyageurs pourraient recevoir confirmation de leur vol dès le 20 septembre.

Aucun dédommagement financier n'est versé si le vol est retardé. On fera l'impossible pour faire en sorte que les vols confirmés arrivent à destination à temps.

« Nous nous attendons à ce que près de cinq mille militaires profitent de notre programme cette année », a affirmé le Caporal-chef Benita Clemens, du Centre national de service aux passagers. « Il s'agit d'un service important, car il offre à tous les militaires, en particulier à ceux qui sont célibataires, aux recrues et aux militaires en affectation avec restrictions imposées, une chance de passer les fêtes avec leur famille immédiate. »

Aux fins du programme, les vols commencent le 18 décembre 2010, et le vol de retour doit avoir lieu au plus tard le 7 janvier 2011. Le calendrier complet des vols est diffusé sur le site du 2<sup>e</sup> Escadron des mouvements aériens.

Le programme est administré par Commandement Canada, il est mis à exécution par la Force aérienne et il existe depuis plus de 35 ans.

Des détails complets sur le programme et les hyperliens menant aux formulaires de demande sont donnés dans le CANFORGEN portant sur le sujet : 159/10 CANADA COM 030-10 111711Z – PROGRAMME SPÉCIAL DE TRANSPORT POUR LES CONGÉS DE NOËL ET DU NOUVEL AN DE 2010-2011.

Le CANFORGEN figure sur la page d'accueil du portail national (le RID).

Commonwealth participant à un échange avec les FC, qui sont séparés de leur conjoint(e) et de leurs enfants en raison de leur affectation militaire et qui n'ont pas droit à un déplacement en service commandé, et les militaires célibataires de la Force régulière, les réservistes en service actif de classe B et C ainsi que les militaires des États-Unis, de l'OTAN et des forces du Commonwealth participant à un échange avec les FC, qui vont visiter leurs plus proches parents (PPP) mentionnés dans le formulaire CF742 – Avis d'urgence personnelle (AUP) et qui n'ont pas droit à un déplacement en service commandé.

**CATÉGORIE 2** – Tous les autres membres des FC et toutes les personnes à charge admissibles qui ont droit à un déplacement en congé et en service non commandé, en fonction des places disponibles, conformément à la référence A, et qui ne détiennent pas déjà une place confirmée de catégorie 1.

## Terry Fox Head Shave this Friday!

14 Wing Greenwood, and the surrounding communities, have helped raise well over \$6,000.00, and we are confident that our remaining fundraising events will help us exceed our goal!

The Terry Fox Head Honcho Head Shave Fundraising campaign started in early July and is coming to end this Friday, and we are determined to raise the necessary \$7,000.00 to see our WComd Col. W.F. Seymour and WCWO J.M. Jardine shave their heads.

Provided that the \$7,000.00 has been raised, then the Head Shave event will take place on Friday September 17<sup>th</sup> from 3:45 – 4:30 p.m. inside the

Back Bar of the Annapolis Mess. In the event that the \$7,000.00 goal has not been reached then Eric MacKenzie, one of the two organizers of the campaign, is willing to shave his head and all funds collected will still be donated to the Terry Fox Foundation.

We encourage all interested individuals to attend the event, but please note that you must be either an Annapolis Mess members or signed in as a member's guest.

If you are interested in making a donation, or to learn more, please contact either Eric MacKenzie at 765-1494 ext. 5337 or PO1 Heather Breton at 765 – 1494 ext. 5942.

# Hockey Night at 14 Wing Greenwood

On Friday the 24th of September the *Acadia Axemen Hockey Team* will play the *Trois Rivières Patriotes* in an exhibition hockey game hosted by 14 Wing Greenwood at the Greenwood Gardens. Game time is 7:00 p.m. and the doors will open at 6:00 p.m. for those who want to claim their seat and watch the teams warm up. General admission tickets go on sale at the 14 Wing Fitness and Sports Centre, Monday the 13th of September. Cost for an adult ticket is \$10.00 and \$7.00 for youth.

This game promises to be very entertaining with both teams bringing full rosters as players will be trying to make an impression and earn a spot on their respective teams for the upcoming season. Further to this they will play a physical game in the much smaller Greenwood Gardens arena.

The intermissions will feature young Minor Hockey players from the Greenwood/Kingston Minor Hockey Association and an opportunity for some lucky ticket holders to shoot for some great prizes.

The Acadia players will remain after the game for pictures and autographs with the fans.

This is a great opportunity to come out and support our Acadia University partners.

For additional information please contact the 14 Wing Fitness and Sports Director at 765-1494 ext. 5498 or email at: williams.fl@forces.gc.ca

## 14 Wing Community Council

The 14 Wing Community Council is responsible for the welfare of members and their families living in the Residential Housing Units (formerly known as PMQs).

We are your voice in the community! We are in need of new members to fill a variety of positions. This is an excellent opportunity to get involved and have an influence in your community.

If you are interested or would like additional information, please contact the Community Council President, Maj Mike Peters, at local 3560 or the Vice President, Capt Natalie Wispinski, at local 3669.

## SKATING CAMP

Want to learn the finer aspects of skating? Come join us and learn the importance of edges and blade pressure that will make you a better skater and hockey player. We can analyze your skating and develop drills to improve your technique and fine tune your stride. My name is Dean Peach and have been instructing the finer aspects of skating for more than 25 years. I have had experience coaching and instructing skating techniques at the Minor Hockey, Junior and Pro levels.

We will be offering 1 hour sessions at \$20.00 a session which includes your instruction and ice time. Lesson will begin late September and end February. This is not a get in shape class but a class to work on the awareness and stability in your stride. If you would rather one on one session with video analysis we can arrange that also.

The times for the sessions will be confirmed as soon as the Western Valley Association has their numbers mid September. If you would like a specific time let me know.

You can contact me at 765-0700 or at peachdf@hotmail.com. See you at the rink!

# Hangar 14 Project Complete

## By Captain Scott Spurr

On Tuesday, September 7, 2010 Wing Commander, Colonel Bill Seymour and Acting Wing Chief Warrant Officer, Robert Viel presided

over the official ribbon cutting ceremony that signalled the completion of the 3.9 million dollar renovations to 14 Hangar.

The construction was

part of the 66 million dollar infrastructure for defence projects for the Wing that Honourable Peter MacKay, Minister of National Defence and Minister for the Atlantic

Gateway unveiled while visiting last fall.

The Hangar was originally constructed in 1995 for 434 (Combat Support) Squadron (Sqn). The Sqn was disbanded in 2002 and 413 (Transport & Rescue) Sqn then moved into part of the building and took over most of the building a few years ago.

The Sqn current flies the CC-130 Hercules aircraft and the CH-149 Cormorant helicopter and it was discovered that the Hangar

would have to be changed in order to accommodate the Hercules. These modifications included work on the high bay (Bays B & C) in order for access of the CC-130 Hercules due to the wingspan and high tail configuration.

The project started in September 2009 and some of the work that was done included modifying existing roof structure by installing narrower open web steel joists in order to raise the

ceiling height. Also, new steel beams had to be installed between existing steel columns to support new joists and new Hangar doors had to be provided on the end of the bays to accommodate wider openings.

The new upgrades to the Hangar will allow 413 Sqn to house their Hercules aircraft in case of inclement weather and for maintenance which will contribute to high availability for any Search and Rescue mission in the future.

## Dedicated to Road Safety

During the month of September the RCMP's Annapolis Valley Traffic Services will continue to be dedicated to road safety. We will be focusing our enforcement efforts towards pedestrian safety as well school zones and crosswalks.

With school back in for another year, motorists are urged to get back into the habit of slowing down for school zones when school is in.

Watch for school children as you approach crosswalks and intersections and be sure to stop for school busses when you see the red lights flashing.

As a pedestrian please remember you must always use your eyes and ears to stay safe. If you are using headphones as you walk or run, ensure you can hear traffic as a driver

may use the horn to warn of danger. Assume a driver can not see you. Before you step out in to a crosswalk, check the intersection, make eye contact with the driver of the vehicle and ensure traffic in both directions has come to a complete stop.

Remember: Crosswalks and traffic signals do not stop cars! You have to be alert and ensure a vehicle is stopping before you step out on to the street. Do not trust that because you are in a crosswalk you have the right of way. You might be right, but don't be dead right.

In September of 2009 there were no road users seriously injured in the Annapolis Valley however one person was killed. Let's work together to ensure we keep our roads collision free.

## 2010 Terry Fox Run – Volunteers Needed

**By: Eric MacKenzie  
Community Recreation  
Coordinator**

The 30<sup>th</sup> Annual Terry Fox Run (Site # 1060) will take place on Sunday September 26<sup>th</sup> 2010, which is the weekend after our annual Wing Welcome. Registration will take place at the 14 Wing Community Centre at 12:00pm where a warm up will be offered at 12:45pm prior to the official start at 1:00 p.m.

Individuals can either participate by walking, running or biking the 10km route planned. However, please note that helmets are mandatory and you will not be permitted to bike the route if you do not have a helmet. If you do not have a helmet you can still walk or run the route if you wish. Also, please be aware that participants under the age of 8 must be accompanied by an adult. Finally, it is important to note that both the 5km and 10km routes will be the same as last year; the run will start at the Community Centre and then proceed down Kingswood Rd, through the flower streets, through the PMQ gate, around

the Wing and then back to the Community Centre through the main gate.

Speaking of the run, the Terry Fox 100KM CHALLENGE has once again been set. Are you ready for it? This challenge is for anyone who would like to run, walk or bike 10km a day, for ten straight days, starting on Friday September 17<sup>th</sup>. The goal is to complete your final 10km during the 30<sup>th</sup> Annual Terry Fox Run event on Sunday September 26<sup>th</sup>. If you are interested in signing up or learning more about this challenge, please contact Eric MacKenzie at the 14 Wing Community Centre at 765 – 1494 ext. 5337.

This is the third year that the Village of Kingston has partnered with 14 Wing and with this great partnership, we expect this event to be even larger and more successful than ever. It is also our goal that this partnership will increase the amount of donations that we are able to collect in support of the Terry Fox Foundation!

However, as a result of this event growing, the demand

and need for volunteers has also grown. This event is just over a month away but we would like to remind everyone that the success of this annual community fundraiser requires a great deal of community assistance and support. If you are interested in volunteering, please contact Eric MacKenzie at 765 – 1494 ext. 5337.

Lastly, the Terry Fox Pledge sheets and posters have been placed around 14 Wing, and both the village of Greenwood and Kingston. Please bring your completed pledge sheets to the Terry Fox Run and fill out a Terry Fox Run Entry form at 12:00 p.m. on Sunday September 26<sup>th</sup>. The pledge sheets are available in the following locations:

### 14 Wing Greenwood:

Community Centre, Fitness and Sports Centre, MFRC and CANEX

### Village of Greenwood:

Greenwood Post Office, CIBC and Scotiabank

### Village of Kingston:

Kingston Post Office, CIBC, Kingston Pharmasave, Avery's Farm Market and Kingston Diner.

## Le Wing Welcome : accueillir l'autre dans sa différence !

Le Wing Welcome est une tradition importante à Greenwood. La programmation offre une magnifique occasion d'accueillir les nouveaux arrivants et de resserrer les liens entre nous. Voilà une belle manière de faciliter leur intégration, car les défis peuvent s'avérer nombreux.

Pour certaines familles, une mutation implique la perte d'un emploi pour le conjoint ou la conjointe non-militaire. Pour d'autres, le déménagement entraîne la coupure avec le réseau de support qu'on avait mis beaucoup de temps à bâtir. Il y a donc un certain deuil à vivre en même temps qu'on cherche à établir un nouveau réseau social qui permettra à chacun des deux conjoints et aux enfants de retrouver une zone de confort. Parfois, s'ajoute le défi d'intégrer un système scolaire différent, une nouvelle langue, un nouvel environnement. Tout cela, sans compter le facteur de stress généré par les différentes tâches et responsabilités liées au travail.

Que l'on soit du côté de ceux qui arrivent ou de ceux qui accueillent, une des clés pour la réussite de cette période de transition est certainement l'accueil mutuel dans un esprit d'ouverture. Le Wing Welcome est un symbole et un outil pour

concerter tous les efforts dans cette même direction.

Un défi particulier consiste, me semble-t-il, à accueillir l'autre dans sa différence. Chaque personne arrive avec ses talents, son histoire et ses expériences professionnelles. Ma capacité d'entrer en relation avec l'autre repose sur l'acceptation qu'il est différent de moi et sur mon habilité à composer avec des forces complémentaires aux miennes. Comme chante Gilles Vigneault : « Chacun porte son âge, sa pierre et ses outils, pour bâtir son village, sa ville et son pays ». Non, il n'y a pas de petite contribution lorsqu'il s'agit de bâtir un monde meilleur.

Que de livres et de théories sur les personnalités ! Il faut admettre que ce sont de bons outils lorsque vient le temps d'interagir et d'apprendre à travailler de manière constructive. Mais au-delà des sciences humaines, c'est l'accueil dans le respect qui compte.

Lorsqu'arrive le temps d'accueillir de nouveaux arrivants, célébrons l'apport de sang neuf, de nouvelles idées, de manières de faire différentes, voire surprenantes. Accueillir l'autre dans sa différence peut devenir un chemin pour être « Unis dans l'action ! »

## Wing Welcome: celebrating our differences!

Wing Welcome is an important tradition for Greenwood. It provides a great opportunity for us to welcome new residents and to tighten the links within the community. It's a very nice way to facilitate integration into a new area, especially when we realise how challenging this can be.

For some families, a new posting involves the loss of a job for the non-military partner. For others, one of the consequences of moving is to be separated from their support network which took so long to build. So, families go

through a kind of grief. At the same time, they try to create a new social network where each partner, and the children, will discover their comfort zone. In addition, sometimes it's challenging to integrate into a new school, to deal with a new language, to adapt to a new social and cultural environment. And we didn't yet mention the factor of stress generated by new tasks and responsibilities at work.

For those who arrive in the area, as well as for those who are welcoming them, one of the key to success during this time of transition is certainly mutual welcoming with an open mind. Wing Welcome is a symbol but also a tool to concentrate all efforts in the same direction.

There seems to be a special challenge to learn to welcome others with their own diversity. Each person arrives with his or her gifts, his or her personal history, his or her professional experiences. My ability to build a relationship with others depends on my ability to deal with strengths that complement mine. As Gilles Vigneault sings: "Every one bears his age, his stone and his tools, to build the village, the city, the country." No contribution is little when it comes to building a better world.

There are so many books on the "Personalities theory!" These books are very good tools when it comes to interacting with others and learning to work efficiently with people. But above any human sciences, the primary goal is to welcome with respect.

It's the time to welcome new residents: let's celebrate the arrival of new blood, new ideas, and different ways to do things. Welcoming others with their differences, can become a way to "Operate as one!"

## The Benefits of Having a 14 Wing Community Recreation Card!

Summer is sadly coming to an end but that means the start of our exciting fall programs and many other benefits that you can take advantage of by having a 14 Wing Community Recreation Card.

In order to join one of our nearly 30 clubs on base, you require a 14 Wing Community Recreation Card. To familiarize yourself with the clubs and services that we provide, please note that the Display Booths/Demos event will be held during our annual Wing Welcome weekend. This event is held in the Fitness and Spots Centre gymnasium from 9am until 1pm on Saturday September 18<sup>th</sup> and it is an opportunity for all clubs and local business to showcase what they offer. Most clubs who will even have registration forms for their upcoming seasons at their table and other clubs will be offering a demonstrating during the event. Please note that if you are interested in only joining one club then a One Activity pass is available to become a member of only the golf club, minor hockey, swim club, etc.

A 14 Wing Community Recreation Card allows you to access the 14 Wing Fitness and Sports Centre during selected times. Accessing the Fitness and Sports Centre will allow you to take advantage of all of the great cardio and weight room machines and equipment, as well as the indoor pool, walking track and gymnasium.

The 14 Wing Community Centre offers lots of great family trips to the Zoo, Brier Island Whale Watching, the Putting Edge in Halifax, Ski Martock, etc. These family trips will continue in the fall and winter, so keep you eye out for our next special event. All of our trips are only available to military members, their families and those who have valid 14 Wing Community Recreation Cards. These trips are always reasonably priced as a result of the great support from TEME.

14 Wing Community Recreation Card holders are entitled to FREE Public Skating, which will start on Saturday October 16<sup>th</sup>. The time slots will be the same as last year, with a Public Skate being offered from 7-8pm on Saturdays and 11am -12pm on Sundays. For more information, please call the Greenwood Gardena Arena at 765 – 1494 ext. 5305

Even though it is hard to think about winter, it is important to know that another benefit that you can take advantage of during the winter season, is the discount at Ski Martock for 14 Wing Military members and Community Recreation Card holders. Skiing is an excellent way for the family to exercise and have fun, and Ski Martock is located roughly an hour away outside of Windsor. The Ski hill will once again offer day lift tickets for adults and youth ages 6-15 for \$23 and a discount price of only \$20 for children 5 years and under. If you have the desire to sky but do not have the necessary equipment, then they offer a \$27 a day for adult equipment rentals and only \$20 a day for youth under 15 years of age. For more information, please contact Ski Martock at 902 798-9501.

Other terrific benefits of having a 14 Wing Community Recreation Card includes membership opportunities to nearly 30 clubs, and the following discounts; 14 Wing Summer Camps and March Break Camps, Greenwood Bowling Centre, 14 Wing Greenwood Golf passes, Brier Island Whale Watching, Falls Lake Cabin gift certificates, Hockey School registration, Swimming lessons and finally free youth membership for Pre-Teens and Teens at the 14 Wing Community Centre!

We also offer temporary one month memberships, which allow you to use the 14 Wing Community Recreation Card on a trial basis. Be prepared to make the end of 2010 and the start of 2011 a great year with all that you can take advantage of with a 14 Wing Community Recreation Card!

If you are interested in learning more about the 15 benefits of having a 14 Wing Community Recreation Card or inquiring about one of the three membership fees that would apply to you, simply call the Community Centre at 765-1494 ext. 5341, 5337 or 5331.

Cette année, la fin de semaine *Bienvenue à l'escadre* annuelle débutera vendredi le 17 septembre 2010 et terminera samedi le 18 de septembre 2010. Le thème de la *Bienvenue* sera les connections qui existent entre l'escadre et la communauté. Le comité du *Bienvenu à l'escadre* travaille fort pour s'assurer que l'évènement sera bien amusant pour tout le monde.

Chaque année la 14e escadre de Greenwood tient des activités *Bienvenue à l'escadre* comme moyen de donner la bienvenue aux membres des FC qui ont été récemment mutés à la communauté de Greenwood. Les activités créent une atmosphère détendue pour que le personnel, les familles et les amis sortent s'amuser en faisant la connaissance de nouveaux visages ou tout simplement profiter de la compagnie des autres. La *Bienvenue à l'escadre* permet aussi aux membres de la 14e escadre et

leurs familles d'apprendre à propos de leur communauté et de la richesse d'activités et de clubs disponibles dans la région. Les groupes, les clubs, les entreprises locales et les groupes qui ont accordé leur patronage étaleront leurs exhibitions au Centre sportif samedi le 18 septembre 2010 de 9 :00 à 13 :00. Nous invitons tout le monde à venir voir qu'est-ce que nous avons d'amusant et d'excitant de disponible pour vous à Greenwood.

Les activités de la *Bienvenue à l'escadre* cette année promettent une grande variété d'amusement pour des gens de tous les âges. Pour les jeunes enfants il y aura des activités comme la glissade de bonds extrêmes, un labyrinthe extrême, des tatouages temporaires et un triathlon enfant de fer. Pour les jeunes il y aura une maison de bonds, une compétition de planche à roulette, une danse vidéo pour préadolescents et adolescents et un Jeune Idole. Pour toute la famille

il y aura une période de patinage libre, une période de natation libre, des quilles cosmiques et un film pour familles. D'autres activités extraordinaires incluent un tournoi de golf vendredi matin et un déjeuner de crêpes samedi matin. Vendredi soir, la 14e escadre sera hôte d'un Rôti de porc et une danse qui coute \$10.00 pour les membres, \$15.00 en avance pour ceux qui ne le sont pas ou \$20.00 à la porte. Si vous n'êtes pas membre il s'agit de devenir ami avec un pour être invité.

Pendant la fin de semaine, il y aura des prix pour certaines activités alors faites certains de marquer le date du *Bienvenu à l'escadre* sur votre calendrier et consultez le journal Aurora pour un calendrier des événements complet, ou visitez notre site web au : [www.cfcommunitygateway.com](http://www.cfcommunitygateway.com).

Pour des renseignements supplémentaires contactez le Capitaine Jamie Wells au poste 3386 ou Lias White au poste 5927.

the wealth of activities and clubs in the region. Clubs and groups, some local businesses and sponsors of the event will set up their displays in the Fitness and Sports Centre on Saturday, September 18<sup>th</sup>, 2010, from 9:00 a.m. to 1:00 p.m. We invite everyone to come down and check out what fun and exciting events are available in Greenwood.

This year's Wing Welcome promises to provide an array of fun activities for all ages. For young children, there will be activities such as an extreme bouncer slide, an extreme maze, temporary tattooing and an iron kid's triathlon. For the youth, there will be a youth bouncer, the popular skateboard competition, a pre-teen and teen video dance and a Youth Idol. For the entire family, there will be activities such as a family skate, family swim, glow in the dark bowling, and a family movie.

Other extraordinary activities include a Wing Welcome Golf Tournament on the Friday morning, and a pancake breakfast on Saturday morning. Friday night, 14 Wing will host a Pig Roast and a Dance at the Annapolis Mess. The cost for the Pig Roast and Dance is \$10.00 for members, \$15.00 for non members and \$20.00 at the door. If you are not a member, make friends with one and get an invite.

During the weekend, there will be prizes and awards for certain activities and merchandise, be sure to mark the Wing Welcome dates on your calendars and stay tuned to the Aurora Newspaper for the complete events calendar or visit our website at: [www.cfcommunitygateway.com](http://www.cfcommunitygateway.com)

## PSP Online Click into the Benefits!

The PSP Staff understands the time constraints faced in the ever changing world today. With more demands being placed on people's time we understand that it may be difficult to find the time between 8:30 a.m. and 4:30 p.m. Monday - Friday to register for the latest Personnel Support Program (PSP). It is because of this demand that PSP would like to offer the user the convenience of online registration. No traffic and no line-ups in the comfort of your home, online registration is available for you 24hrs a day.

### Getting Started

Getting started is easy; Each participant registering will require their own user account and password, to activate yours contact the 14 Wing Community Recreation office for Recreation Programs at 765-1494 ext 5331,5337 or 5341 and The Fitness & Sport Centre for Swim Programs at 765-1494 ext 5025,5564 or 5997.

### Program Registration

New recreation programs are accepting registration continuously. We would encourage you to check the PSP online web site frequently for updates. With online registration you have the capabilities to see program information. By clicking on the "programs currently available for registration" box you can see and register for programs that are accepting registrations. If the course is full you can add your name to the waiting list.

There is a FAQ section available to assist you with any further questions you may have. If you can't find answers to your questions here contact your local Recreation Department and our staff will be happy to assist you.

Please check out our web site at: [www.bk.cfpsa.com/greenwoodpub](http://www.bk.cfpsa.com/greenwoodpub)

# Hello from the Staff of the Morfee Annex Nursery School

At the Community Recreation Morfee Annex Nursery School we provide an enjoyable and educational learning experience for young children to help prepare them for primary school. We believe that the early years of life are crucial to the future functioning and growth of the individual. We hope to design a program that emphasizes and promotes a positive self-concept in each and every child. We provide an environment that develops our students physically, socially, emotionally and intellectually. A well rounded child is a happy healthy child!

Our school offers both a Nursery School and Pre-School program, which are available in both English and French Immersion. Nursery School classes are for ages 2 ½ and 3, while Pre-School is offered to 4 and 5 year olds. The school year runs from September to June, morning classes 9:00am to 11:30am and afternoon classes from 1-3:30 pm.

**For more information or registration please feel free to drop in and see us or give us a call at 765-1494 local 5301. Our schools director Maurina Duret will be more than happy to show you around.**

**KEEP YOUR EYES POSTED ON THE "YOUTH HAPPENINGS" SECTION OF THE AURORA FOR UPCOMING YOUTH PROGRAMS!**  
MORE INFO @ 765-8165

**Submitted by: Mary Wredenhagen**

Do you miss the sound of people yelling hurry! Hurry Hard? Do you miss the camaraderie of being on the ice with your friends and competitors? Well, another curling season is fast approaching and it is time to think about getting the gear out. 14 Wing Greenwood has a wonderful curling club filled with sport, competition, friendship, and just plain fun.

This year is looking to be another great year for the Greenwood Curling Club. There are already Bonspiels on the calendar. The first of the season is the Aurora Mixed which will take place the weekend of October 29 – 31.

Don't forget to wear your costume. Best costume wins a prize! This is guaranteed to be a fun weekend for all who participate. For complete details on the Aurora Mixed contact 765-6787 or 765-6177 or email: wdrichardson@eastlink.ca.

Also in October we will be offering 3 Sunday evenings of free curling for everyone. You do not have to be a member of the Greenwood Curling Club to come and play. If you do not have curling equipment, that is okay. You just need a clean pair of sneakers, we will provide the rest. This is your opportunity to come out and give curling a try with no cost and no obligation. See if you love the sport as much as we

# The Extra End

do. If you do, we encourage you to come out and join a league. Please continue to read The Aurora Newspaper, our ad with specific dates and times is coming soon.

This season the Greenwood Curling Club will have a Junior League on Sunday afternoons; a Men's League on Monday evenings; a Women's League on Tuesday evenings; a Mixed League on Wednesday evenings; and a Commercial League on Thursday evenings. Plus, there are many bonspiels coming our way; some are in house and some are provincial. Our club is full of wonderful

members and volunteers who make all our leagues and bonspiels a success.

Have you given up your much loved curling game because you can no longer get down into the hack? Well, as a new feature this season we will be offering a Stick League. In this game a special stick is used to deliver the rock, so you never have to get down into the hack again. The league will be drop in; you pay \$5.00 each time and the league will run on Tuesday and Thursday mornings from 10:00 a.m. to noon.

The cost of curling this

season will be \$140.00 if you play in one league or \$195.00 if you play in two or more leagues. With approximately 25 weeks in the curling season this is less than \$10.00 a week to curl. Not bad for a sport that combines friendship, fun, and fitness all into one. So come on out and join curling. You will be glad you did.

This year we have three registrations dates set up for your convenience. The first will be at the Fitness & Sports Centre during Wing Welcome on Saturday morning, September 18. You

are also invited to come out and register during our Meet & Greet on Wednesday, October 13 at 7:00 p.m. and on Wednesday, October 20 at 7:00 p.m. Please note that you will need to show your Rec card at time of registration. If you don't have your Rec card yet, our friends from the community centre will be on hand during the Meet & Greet so you can obtain yours.

We look forward to seeing you at the Greenwood Curling Club this season.

Good Curling!

Wing Welcome is around the corner and if you haven't already penciled in your plans for a busy Saturday afternoon, be sure to consider our Youth Idol competition! This will mark the seventh season of this event and we want to ensure that this is the best Wing Welcome Youth Idol to date.

Youth Idol will take place inside the Teen Room at the 14 Wing Community Centre from

3:30pm until 6pm on Saturday September 18<sup>th</sup>. This event is for anyone who is 18 years of age or younger and who have been waiting to showcase their vocal chords to the community. There is *no pre-registration* since registration will only be at 3:00 p.m. on Saturday September 18<sup>th</sup>. However, we will have to put a limit on the number of participants and registration will be done on a first come first serve

basis inside the Teen Room.

We have a great group of judges who have an excellent ear for talent and who are anxiously waiting for all of you to take the stage! You watch the show; you sing in the shower, you even carefully practice when you're home alone... It's now time to step up to the microphone and display your talent!

If you're wondering what type of music you have to choose

from, B&S D.J Services will be on hand with hundreds of songs to choose from. However, we encourage all individuals to bring their own CD to ensure that it works and your song of choice is available. Plus, you and your friends can even sing without background music if you're brave enough to do so!

There will be a large stage, sound system and lights set up to make this a memorable event.

There will also be only one division with an overall first, second and third place prize for either a solo or duet performance. There will also be one prize awarded to the most creative, most humorous, and best choreographed performance by either a solo or duet performance.

If you have any questions please call the 14 Wing Community Centre at 765 - 1494 ext. 5337.

## Ceramic Club Opening

The ceramic club is once again getting ready to open its doors. This year our membership is 50.00 plus Rec card good until the end of June. We also charge a pouring and firing fee to recoup some of the expenses incurred when

ordering molds, and slip (clay) is 18.30, tax included. I have been asked numerous times how many items will the slip make? There are many factors that go into figuring that out. One is how thick do you pour your items, the size of the item also

matters. The thing to remember is we don't pour solid like the plaster pieces you get from other places and if it doesn't turn out you can reclaim this and remake slip from so there is no waste. We have approximately 2,000 molds in our facility ready to

be poured. We will be at the Wing Welcome with some of our finished items on display. Sunday September 19 will be our first day open for the season. Club hours are Sunday 10-4:00, Wednesdays 9:30 - 2:30 and Thursdays nights 6:00 - 9:30.

Our age limit is 16 and up. Every shift has a supervisor to help people either with pouring or finding molds. So if you think this might be just what you are looking for drop by or call our extension is 5074. Or call me Donna at 765-0592

## Feeling Good about Yourself as a Parent

Submitted by: Kim Dixon,  
GMFRC Coordinator  
of Child and Youth  
Services at 765-1494  
local 1812

As a parent, our lives are full and demanding. Whether it is work, volunteering commitments, home improvements or going back to school, we need to take care of ourselves as well as our children. Often parents forget that they need to feel good

about themselves in order to be "good" parents. Try to set aside time for yourself, even if in the beginning it is a simple monthly dinner out without the kids, or a trip to the local gym. If you try to hold onto your basic everyday needs, then your child will eventually respect those needs too as he or she gets a little older. Being aware of what your needs are today will help you feel less "drained" tomorrow.

Sure, this is not always an easy thing to do – sometimes we feel guilty for thinking of ourselves or have become use to putting others first that we have pretty much forgotten how to talk care of ourselves.

A few simple tips on how to actually do this are:

- Accept that if you need your

own space it does not make you a weak or selfish parent.

- Avoid overloading factors or try to unload some of the ones you have.
- Accept being less than perfect.
- Accept that you can't take care of someone else if you don't take care of yourself first.

A parent's works is more

consuming and demanding than any paid job, so get help if you need to. Stop by the GMFRC and take advantage of the many fun programs that we offer to parents.

If you would like more information on this topic, or other parenting issues such as toilet training, activities for children, etc, please contact Kim Dixon.

## Cookie Jar Prize

**Albert Johnson, Co-Chair of the Kinsmen Club of Mid-Annapolis Valley's TV Bingo project, presents cheques for \$14,665.00.00 and \$150.00 to Irene Toole. On September 1, Irene won the Cookie Jar prize and the consolation prize on the fourth of four weekly games played on Kinsmen TV Bingo seen each Wednesday on the local EastLink Television channel 13. # 70<sup>th</sup> Commemoration of the *Battle of Britain*

## The Stage

By 4 June 1940 the last of the British Army has escaped from France via Dunkirk along with 123,000 French and a few hundred Belgian troops. They had miraculously avoided the German pincer-like trap, but left tons of their equipment on the beaches of France.

Goring and other high-ranking German Air Command officials wanted to follow what they believed to be a crest-fallen and ill-equipped British Army to England. The Luftwaffe would land paratroops and capture an airfield in Southern England under cover of a massive bombing raid of that area. Junkers aircraft would transport five crack divisions to this airfield while five more divisions stood by in France.

Hitler vetoed this plan - he did not wish to humiliate the British by defeat nor did he want to destroy the British cities and countryside. He was preparing the British terms of surrender. When they came to their senses, he would act the benevolent conqueror. Churchill feigned interest in surrendering but, in effect, was stalling so that invasion defences could be put into place.

By 19 July, Hitler demanded the British intentions and was furious when informed that no such surrender was forthcoming. He ordered England to be bombed with leaflets, informing the British people that the lunatic, Churchill, was leading them to their deaths and their country's destruction.

## Goring's Plan

Hitler gave Goring permission to proceed with his plan to conquer Britain which would be accomplished in three phases. The Luftwaffe would -

Phase one - sink all British Merchant shipping and attack all naval ships, bases and installations in the English Channel and destroy all aircraft which interfered. The Channel would also be heavily mined by aircraft at specific locations.

Phase two - neutralize the RAF by destroying all British airfields and aircraft factories.

Phase three - cover and assist in the invasion of Britain.

Goring calculated that he would have ample time to invade

England (Phase 3) on 15 September if he were to commence phases one and two on 10 August 1940. He also reckoned that in defence of phase one all Allied naval ships would appear in the English Channel, where his Luftwaffe would destroy them.

## Battle Status

The Luftwaffe had 824 Fighters (mostly Me 109s and some Me 110s). They also had 1, 191 bombers of which 316 were Stuka dive bombers.

Britain had 640 combat-ready Fighters, mostly Hurricanes and Spitfires and some Defiants (these carried a gunner with rear firing guns only - much to the sorrow of the Luftwaffe pilots who mistook them for Hurricanes).

The Luftwaffe had many battle experienced pilots (Spanish Civil War) while Britain had none. British aircraft were somewhat superior despite their lack of injector carburetors, and, of course, the highly manoeuvrable Spitfire which could get on the tail of a pursuer who a moment before had been on its tail. At the time Luftwaffe aircraft were operational well above 20,000 feet, while the British counterpart was virtually useless at such altitudes.

## Early Battle Strategy

As Luftwaffe Fighters could do little damage to ground installations, the British strategy was to ignore them. Bombers were a different situation however, their massive

formations were constantly attacked and broken up into small groups and sent down or home. Naturally, dogfights with escorting enemy fighters were unavoidable, but it was considered unnecessary risks for Allied pilots and machines. Allied fighters guarded against being lured away by Luftwaffe fighters. Should he be coaxed to follow, an Allied fighter seldom returned from the skies over France for he was bound to be pounced upon by several enemy fighters.

## The Battle

Many will argue the start of the Battle, for many a dogfight was seen prior to Goring's date of 10 August 1940. Actually, due to weather, this date had been repeatedly postponed to the afternoon of 13 August. Many too will argue as to the date of its finale. The date proclaimed as Battle of Britain Day is 15 September, 1940, for on that date 185 Luftwaffe aircraft were shot down, the highest daily toll in the action. This period was certainly the turning point in Britain's favour. British losses were a fraction of these figures and damaged aircraft proportionately less. As the battle raged over England and the Channel, many Allied pilots bailed out and lived to fly again, while most surviving Luftwaffe aircrew spent the remainder of the war as POWs.

The German Me 109 had a flight endurance of 80 minutes which meant that to climb over to England took 30 minutes, another 30 minutes to get home, leaving a bare 20 minutes in escorting time. As a result, and despite efforts to provide fighter escort in relays, Luftwaffe bombers often found themselves without escort and therefore relatively easy prey to British fighters.

By 30 September 1940, Luftwaffe fighters remained safely above 20,000 feet and came down only for the most lucrative targets. Luftwaffe bomber raids were now of smaller formations, with lighter and faster bombers. Still later, nightly bombing raids replaced the

daylight raids. One such terrible raid took place on 29 December 1940 when the city of London was mercilessly bombed by wave after wave for more than six hours, the firelit target of the first wave readily showing the way to those following.

Hitler had decreed that the city of London proper was not to be bombed, but when two of his lost bombers dumped their bombs over London (perhaps by accident), the British seized the opportunity to show the people of Berlin that the propaganda saying this could never happen was false. Soon both cities were being bombed every night when weather conditions permitted, although the nightly bombings of London diminished significantly by 10 May 1941. German Air Squadrons were by then moved to her Eastern Frontier and on 22 June 1941 German Armies marched on Russia. The Battle of Britain had been won and the German plans to invade England never took place.

## The British Advantage

Early in WW II, Britain's radar system was improved to the degree that all aircraft rising from French airfields showed as blips on the screens. As a result, WAAF operators tracked and reported the number, speed, altitude and course of the enemy force to Allied Fighter Command enabling accurate interception. The Luftwaffe were unsuccessful in knocking down the radar scanning towers and for some reason did not strafe the little wooden camouflaged shacks near their base, where the WAAFS would have been sent scurrying and their sets destroyed. Airborne radar installed in British night fighters were also most successful in pin-pointing the quarry.

Even more miraculous was the well kept secret of Britain's decoding machine which informed them of all data for a proposed Luftwaffe raid even before enemy aircrew manned their aircraft. Many an enemy aircrewman wondered how it was that Allied fighters and anti-aircraft installations were always waiting for them

*"Never in the field of human conflict was so much owed by so many to so few."* -

Sir Winston Churchill

In commemoration of the anniversary of this historic battle, a chapel service and a parade are held mid-September each year here at Greenwood. We do this to honour the members of the Air Force who gave the ultimate sacrifice of their lives during this significant Battle and other battles fought by the Air Force.

There is a reason why the Battle of Britain has been selected for symbolic honouring of the dead heroes of the Air Force. It was entirely an air battle and was one of the most decisive battles in all history. In a brief span of raids during the spring and autumn, 10 July to 31 October of 1940, our Commonwealth Air Forces defeated the German Luftwaffe. It is almost certain that Great Britain would have been invaded if the Battle of Britain had been lost. The RCAF is proud of the active part it played in this historic battle. Of 103 Canadian fighter pilots in battle, 23 were killed in action. Another 200 fought with the RAF's Bomber and Coastal Commands. An untold number served as ground crew, keeping the fighters, bombers and patrol aircraft flying. These Canadian pilots and crews distinguished themselves, not only in the Battle of Britain, but also in later battles.

## 70th Commemoration of the Battle of Britain

Join us as we remember before God those who died for their country in the Battle of Britain, arguably the key turning point of WWII. They shall not grow old as we grow old. Age shall not weary them, nor the years condemn. At the going down of the sun and in the morning we will remember them! We will remember them!

**St. Mark's Chapel  
19 Sept at 1030 hrs**

regardless of their target.

German propaganda backfired, for Hitler and his top officials had convinced the German people that the Luftwaffe had ample and superior aircraft for the short conflict with Britain. Despite his severe losses, he was now loathe to step up replacement aircraft production. On the other hand, during July 1940, Britain turned out 496 fighters and the number was increasing.

Thanks to the British Commonwealth Air Training Plan, British aircrews trained in the safety of Canadian skies. When Britain and her Allies went on the aerial offensive, they shot down as many aircraft as possible including trainers, making aviation training in Nazi held countries perilous.

## R.C.A.F. Participation

In addition to many

Canadians serving with RAF Squadrons during the Battle of Britain, several RCAF Squadrons as well as those from other Commonwealth Air Forces fought alongside the RAF. #1 Fighter Squadron RCAF (renumbered #401 in England) was Canada's most famous and highest scoring Squadron with 196 enemy aircraft destroyed. The Squadron Commanding Officer, Squadron Leader McNab and two of his Flight Leaders, Flight Lieutenant MacGregor and Flying Officer Russel, were the first RCAF pilots awarded DFCs during World War II. During August and September 1940, this Squadron destroyed 31 enemy aircraft and damaged 28 others.

## Epilogue

Perhaps Goring was unaware of the similarity of the mottos of the RAF and the other Commonwealth country squadrons to that of the RCAF - "PER ARDUA AD ASTRA", Through Adversity to the Stars.

We owe our sincere and everlasting gratitude not only to those gallant young men, but to the millions, in uniform and out, that, under conditions of danger, destruction, and death played supporting roles in bringing about a victory in the Battle of Britain.

# HOROSCOPES

## September 12 - September 18

### ARIES - Mar 21/Apr 20

Aries, it will be difficult to keep your emotions in check this week, especially when someone is attempting to ruffle your feathers. Keep a smile on your face and try.

### TAURUS - Apr 21/May 21

Not much is keeping your ego in check this week, Taurus. Therefore, you may find some people are staying away for fear of being in your shadow.

### GEMINI - May 22/Jun 21

Gemini, throw a party and invite your closest friends. You deserve some time to simply kick back and relax this week. If a party isn't in the cards, go out for dinner.

### CANCER - Jun 22/Jul 22

It may be time to expand your family, Cancer. For those who are not ready for more kids, a new pet can add a different atmosphere to the house. Visit a local shelter for some prospects.

### LEO - Jul 23/Aug 23

Leo, take advantage of an opportunity to go out and socialize with friends. Just don't burn the candle at both ends. Wait until the weekend for further festivities.

### VIRGO - Aug 24/Sept 22

Virgo, normally you are very mild-mannered. But lately everything sets you on edge. It is important for your health to calm down and avoid stressful situations.

### LIBRA - Sept 23/Oct 23

Libra, keep an open mind and open ears when someone offers advice this week. It is important that you keep all options open for the next several weeks.

### SCORPIO - Oct 24/Nov 22

Continue to do whatever works for you, Scorpio. Don't worry about what other people say, or what you think they're going to say. Embrace your spirit of innovation.

### SAGITTARIUS - Nov 23/Dec 21

Sagittarius, there's no rest for the weary, and you certainly are weary. That's because you have been trying to do too much with little to no help. Things must change.

### CAPRICORN - Dec 22/Jan 20

Capricorn, take a few moments to assess a situation before you jump right in. You may find what you were thinking of doing isn't the best plan of attack.

### AQUARIUS - Jan 21/Feb 18

Aquarius, be careful when offering an opinion that might be taken as negative. It might be best to say nothing at all for the time being. Look forward to Wednesday.

### PISCES - Feb 19/Mar 20

Pisces, be extra diligent when making a big purchase this week. You need to put in a little more homework before sealing the deal.

### FAMOUS BIRTHDAYS

### Fun By The Numbers

Here’s How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

## "The Toughest Two Minutes in Sports" Part Two

By: Sergeant Pete Nicholson - 14 Wing  
Photojournalist and Corporal Paul Materiuk  
2010 Scott Firefit National Championships  
Brampton, Ontario, September 2-5, 2010

CFB Greenwood Fire Department sent four of their own firefighters to represent 14 Wing Greenwood at the 2010 National Firefit Championships hosted by the city of Brampton Ontario. The four day event, from September 2-5 saw firefighters gather from across Canada to compete in what is known as the toughest two minutes in sports.

As mentioned in last weeks article, Private (Pte) Adam Arsenault, Corporal (Cpl) Chris Hamilton, Cpl Paul Materiuk and Pte Patrick Boulay qualified to participate in this incredibly demanding event. They each took part in three events, the individual, the NXG2 (2 man relay), and the four man team relay.

The competition started on the Thursday and Friday which were both qualifying days to move on to further events into the weekend finals. On Saturday, two of the team members competed individually in the finals, Pte Arsenault ran a solid 1:50 (minutes and seconds) and Cpl

Materiuk had a personal best time of 1:43.

On Sunday the four man relay team competed and made it past the first round of the finals, but would later fall short losing an incredibly close race to Halifax Regional Municipality Fire Department. However this would turn out to be their personal best time of the season at 1:22. Cpl Chris Hamilton posted a personal best time for his individual race at 2:18 and Pte Patrick Boulay posted a time of 2:02 which is also his personal best time of the season.

Pte Mark Beer, another 14 Wing Fire Department member who competed with the Canadian Forces Fire Marshall National Firefit team, posted a personal best time of 1:28!

The team would like to extend a personal "thank you" for the support they received from the Wing, Wing Construction Engineering, 14 Wing Fire Hall, Canadian Forces Fire Marshall and Halifax Regional Fire Services. We look forward to the continued support from everyone and for another successful season ahead!

# GMFRC - Employment and Education Services

By: Sergeant Pete Nicholson, 14 Wing Photojournalist

Another invaluable service that is provided at the GMFRC is Employment and Education services. For the past two years, Stephanie Townsend has been the Coordinator and their mandate is the education and employment of Military spouses and families, and extended families (grandparents).

Interest from the Wing has doubled in the time she has been in this position, seeing 100 to 150 clients per year. Coming from a military family she has the experience and a strong desire to support the Military families with their unique barriers and frequent moves that still create biases by some employers. Stephanie recently returned from maternity leave and her temporary replacement during that time, Kristen Lawson, brought in more business contacts for post positions through the GMFRC. Basically people need or want to get into the workforce, some even require retraining because they're "over qualified".

Responsible for seven Bases/Units throughout Nova Scotia, including Greenwood, Aldershot, Yarmouth, Bridgewater, Cornwallis, Employment and Education services puts a positive spin on the military spouse (dispelling all the negative connotations), by providing assistance with cover letters, resumes, interviews, job searching and networking. Once that information is specified, it is up to the individual to take that information and put it all together. Then the individual then comes back to make sure it is correct and uses those skills to get themselves a job.

The Job Search list goes out every Monday and it is relevant to the individual's field of qualification. While there are still some uninformed employers that are leery about hiring a military spouse because of their transient nature, a new project called "Hire a Military Spouse" is a website offering access to jobs where local area employers see the benefits of hiring Military spouses or family members.

Education retraining assistance, applications, view books and updated resources provide opportunities for many different courses, such as first aid, boat smart and defensive driving to name

a few. These are less expensive for Canadian Forces (CF) families and they receive preferred treatment (course loading). There are also craft workshops to aid in the interaction of family members to get to meet others in a similar environment.

Employment and Education services deal with all Universities and Colleges. They act as a liaison between some and as an invigilator for exams for distance learning courses for others. As well, they have CF recruiting-information, offer some youth work with Secondary education facilities, and work with the Community Centre for resume workshops. Their annual participation in the Education and Employment fair in conjunction with the Second Career Assistance Network office and the Personnel Selection Office is yet another venue they have to offer!

For military family members with questions about employment or education needs, or with interest in participating in educational or social workshops, you should give Stephanie a call at local 1816. [www.familyforce.ca](http://www.familyforce.ca)
