WINTER CARNIVAL Pep Rally 2011: A Success

By: Captain C Cabot

As Friday morning rolled around, the weather forecast was looking pretty grim. However, this did not stop the handful of brave volunteers handing out flyers for the Pep Rally on this early morning of 21 Jan 2011. With everyone gearing up for the afternoon festivities, the Pep Rally turned out to be a great success. **Story on page 2.**

Pep Rally 2011: A Success

Cover story continued.

The afternoon started out with a bang as each of the 6 teams set up their decorations for the Team Decoration Challenge. With 1 hour to decorate a designated area of the mess according to their theme, the teams all did an incredible job! (Adjacent image).

The much anticipated Leadership Challenge "Dancing with the Bars" did not disappoint. Thanks to the choreographed routines by Mary Islander's Dance Studio. (cover images).

games until the food arrived. Hot chilli was served in bread bowls accompanied by Caesar salad. Some left the Pep Rally early in order to avoid the worst of the bad weather, while others stayed to enjoy the dance floor

with the DJ Services provided by Steve Barrieau.

As the coordinators of the Pep Rally, Capt Soanes and I would like to thank everyone who helped to make this event a success. A special

thank you goes out to Mary Dunlop and Caitlin Gregory from Mary Islander's Dance Studio, who volunteered their time to choreograph the dance routines for "Dancing with the Bars".

Update on the Water Situation at 14 Wing Greenwood

NR – 001.11

January 25, 2011

14 WING GREENWOOD – Since May 2010, the Wing has been making progress on determining the source of the perfluorooctane sulfonate (PFOS) contamination that was found in the base's water supply early last year, and plans are now underway to make the Wing once again self-sufficient for its water needs.

The results of groundwater testing to date indicate that an area on the base used to temporarily store waste firefighting

foam was the most likely source of the PFOS contamination in the Wing's water supply. An old firefighting training area on the base was identified as another potential source area, but has not impacted any drinking water supplies. The testing also showed the PFOS had not leached off of the Wing's property into the surrounding community.

"The Wing has taken every possible step to mitigate the risks from the PFOS contamination in consultation with the Nova Scotia Environment Department and the Health Promotion and Protection Department of Nova Scotia," stated Colonel Bill Seymour, the Commander of 14 Wing.

Meanwhile, new deep water supply wells are being planned for the Wing. These wells are expected to be operational by September-October 2011. The elimination of firefighting foam

containing PFOS is continuing and will be completed by the end of January 2011.

Last May, the precautionary Drinking Water Avoidance Advisory that was put into effect on March 24, 2010, was lifted for parts of the Wing. Some of the buildings not located on the base proper were hooked up to the Kings County municipal water system. The base proper, which is not hooked up to the municipal water system, will continue to use bottled water until supplied by the new wells.

The Wing will continue to work closely with Environment Canada and Health Canada and other departments to effectively manage the substance within its boundaries.

PFOS has been used in applications involving water, oil, soil and grease repellents for fabric, leather, packaging and rugs and carpets, for both domestic and commercial use and as additives in firefighting foams and paints and coatings. PFOS and its salts are persistent in the environment and a potential risk may occur through bioaccumulation and biomagnification of the chemical in wildlife.

# Greenwood Military Family Resource Centre (GMFRC) Full Day Casual Childcare

Submitted by: Brenda Virtue-Ellis, GMFRC Childcare Programs Director at 765-1494 local 5053 or Brenda.virtue-ellis@forces.gc.ca

The Full Day Casual Childcare Centre has a licensed capacity of 25 spaces for children aged 3 months to 12 years. There is now an infant program for children aged 3 to 17 months and a multi-aged program for children aged 18 months to 12 years. These programs are divided to provide developmentally age appropriate programming. Our programming is designed to foster growth in all areas of development; social-emotional, cognitive, as well as fine and gross motor skills. The infant and multi-aged program plans are posted so

that parents can see what their child will be learning while in care.

The aim of our Full Day Casual Childcare Service is to provide casual, affordable, flexible, and inclusive quality care to military families and to provide a service to parents so they may run errands, attend appointments, participate in community activities, or enjoy some free time. The centre provides a safe and happy atmosphere for children to learn and play.

The Childcare Centre is open Monday to Friday from 8:00 a.m. to 4:00 p.m. We provide daily nutritious snacks as well as a hot lunch. Our menu has been created in consultation with a Public Health Nutritionist.

Parents are encouraged to pre-book spaces a minimum of 24 hours in advance. We will accept bookings up to 4 weeks in advance, but **please remember that this service is casual and should not replace your full-time childcare arrangements.** This is a very popular service and is booked on a first come, first served basis.

## African Heritage Month

Submitted by: 14 Wing Employment Equity Diversity Council

**Did you know that February is African Heritage Month in Canada?**

It originally started as Black History Month when it was founded in 1926 by Harvard educated Black historian Dr. Carter G. Woodson. In the 1970's several Black organizations and community leaders banded together to promote this concept as a month from the original week recognition. In Nova Scotia, the celebration of Black History Month was initiated in the early 1980's through the efforts of the Black History Month Association. It is now in its second decade and is known as African Heritage Month.

African Heritage Month is a time to celebrate the many achievements and contributions of black Canadians, who, throughout history, have done so much to make Canada the culturally

diverse, compassionate and prosperous nation we know today. It also presents an opportunity for us to appreciate the richness of our Canadian diversity and its proud black Canadian history.

With roots dating back as far as 1609, black Canadians represent just over 2% of Canada's total population and 17% of the visible minority population today. The rapid growth of the black population, and other visible minorities have contributed to Canada's every changing cultural mosaic.

Did you know..... that during World War I, patriotic black Canadians attempted to join combat units but were rejected on the basis of race and/or colour. However, they still contributed to the war effort. In 1916, a segregated battalion made up of black Canadians, the No. 2 Construction Battalion, was formed. It was responsible for the crucial work of building bridges, digging trenches and clearing roads. In World War

II, the persistent efforts of black Canadians to join the armed forces were rewarded with success and they went on to serve with distinction in all branches of the military.

# February is Heart & Stroke Month

Submitted by: Muriel West

Christmas lights are still hanging off many eaves in this community but Valentines have been on display in stores ever since New Year's Eve. Even Sears gets the calendar all muddled by offering us a Spring & Summer catalogue before Christmas arrives. I think this is called holiday creep: when one festivity blurs into the next before we have recovered from the last. It gets a little tiring, doesn't it?

Valentine's Day is the next gift giving holiday that occupies our hearts and minds at the moment, unless, of course, you celebrate Groundhog Day in some meaningful way. (And if you do, I'd sure like to hear about that.) Gifts of chocolates, bouquets of flowers, alluring fragrances, and romantic dinners are some of the many ways we adults pander to our mates to mark this special day. And school kids painstakingly prepare their brightly coloured testimonials of affection for classmates and their teachers. How love was ever symbolized by a throbbing chest organ that rhythmically gushes blood has always puzzled me. That Mr. Valentine, he really started something. I never got the naked angel thing either. Darling little Cupid flitting about with his bow and arrow is always at the ready to inflict his potion of love. Where did that come from? Why does no one disarm that little child-warrior in the interest of non-violent intervention? And, like, put some clothes on, Cupid; you'll catch your death of cold!

There are those, of course, how absolutely detest Valentine's Day. I think these people have actually semi-organized themselves to voice objection to the required demonstration of love for another person on Valentine's Day. They, in fact, protest the notion of designating one specific day for love. In shunning Valentine's Day, they champion spontaneity, which is rather tossed out with the bathwater on Valentine's Day, isn't it?

Regarding matters of the heart, in a less-romantic-but-more-practical way, the Heart & Stroke Foundation thought it clever to play on the theme and mobilize an army of committed volunteers to execute a door-to-door appeal during the frigid month of February. If you live within the Village of Kingston, don't be surprised if someone knocks on your door sometime during February and solicits a donation to support the work of the Foundation. I hope you will give that person a warm welcome. And if you are able, I also hope you will write a cheque or give a cash donation.

Funds solicited are mostly used for research into heart health matters. Also, funds are used to study the effects of a stroke and best methods for recovery once a stroke has occurred. Receipts for the purpose of Income Tax are issued so the more you give, consequently the more tax dollars you are able to retain for yourself. I don't know about you, but I LOVE reducing the amount of Income Tax I have to pay each year.

I bet everyone who reads this paper knows someone who has

suffered a heart attack or stroke – and, sadly, these maladies are not just destined for the elderly. Strokes can surprise the best of us, especially if we let our blood pressure go unchecked. Creeping weight gain and slothful habits can invite heart health problems, and poor heart health has the potential to be a major killer.

So when you're out in the yard shoveling that heavy wet snow after having spent the night before chugging beer and watching the game, you might want to hope that someone is doing lots of research into sophisticated treatment for those of us who will be stricken suddenly with a heart attack or stroke this winter. That research, of course, requires money. And when a volunteer is working for the Heart & Stroke Foundation, they are not being paid, right? So more of what you give is available for the purpose of research.

I hope you will give generously to that canvasser when he or she happens by. Who knows? That donation you make may be instrumental in saving a life one day – maybe even the life of someone you know. And if you are truly inspired to get involved in the Heart & Stroke Campaign in this community yourself, give me a call at 765-8554. I'm sure I can find a street in the village for you to canvas that has not been assigned to another volunteer. Please, give from the heart when that volunteer knocks on your door and have a Happy Valentine's Day.

# Blood Donor Clinic at 14 Wing

By Eric MacKenzie

Here's your opportunity to save lives! It is once again time to roll up your sleeves and take the time to give blood. Canadian Blood Services will continue to hold **two day donor clinics** as a result of the outstanding support from our local communities. Let's respond and take advantage of this opportunity by filling up two full days with appointments. If we can double our one day attendance, over both days, Canadian Blood Services may be able to collect enough donations to save over a thousand lives!

The next **two day donor clinics** will be held at the 14 Wing Greenwood Community Centre on Tuesday February 8<sup>th</sup> and Wednesday February 9<sup>th</sup>. Donors can either give during the 1:00 - 3:00 p.m. time slot or the 5:00 - 8:00 p.m. evening slot on Tuesday or Wednesday. If you are interested in giving blood, please ensure that you bring identification with your full name and signature or full name and photograph. New donors are welcome!

Canadian Blood Services is aiming to collect 130 units at 14 Wing each day, and in order to collect 130 units, 220 donors have to walk in or book an appointment. Every 60 seconds, someone in Canada requires blood or a blood product, so please try and take the time to donate on either day.

**Please note that if you get a flu shot, you must wait 2 days after the shot before donating blood.**

This two day clinic is made possible by the generous support from McDonald's and Tim Hortons. If you are interested in more information please call Eric MacKenzie at 765-1494 ext. 5337 and please call 1-888-236-6283 if you wish to book an appointment.

# Greenwood Military Family Resource Centre (GMFRC) Twenty Fifth Anniversary

14 Wing Greenwood Wing Commander, Colonel (Col) W.F. Seymour, Margaret Reid, Executive Director Greenwood Military Family Resource Centre (GMFRC), and Kim McMahon, Board of Directors Chairperson, hold the Wing Commander's Commendation presented to the Board of Directors, Staff, and Volunteers of the GMFRC for 25 years of outstanding service and support to our families.

By: Sergeant Pete Nicholson, 14 Wing Photojournalist

January 2011 marks the twenty fifth (25<sup>th</sup>) Anniversary of the GMFRC! It started in January 1986 with very humble beginnings from the old Ivy Mansion, which

used to be on the plot of land between the current post office and Birch Street!

A steering committee, made up of mostly military spouses, got together to pursue the idea; "What does the military family need and how do we get the community involved?"

14 Wing Greenwood Chief Warrant Officer (CWO), J.M. Jardine (far left), and 14 Wing Commander, Col W.F. Seymour (far right), pose for a group photo with the Board of Directors, staff, and volunteers of the Greenwood Military Family Resource Centre during their 25th Anniversary celebrations.

(Images: Corporal Melissa Spence, 14 AMS Wing Imaging, Imagery Technician)

For strong supported families! The first GMFRC Executive Director was Base Chief Warrant Officer Fred Illingworth.

From sitting around the Base Commander's kitchen table and discussing what it would take to achieve their

goal, they agreed to start with a very basic Information and Referral Service. From there a Child and Youth service, Quality of Life coordinator soon evolved. The Child and Youth services were housed at 91/93 Bedford, a residential housing unit (RHU) that used

to be located near Dwight Ross School. An Education Centre was located at 6 Cedar Street and the Main Centre was at 11 Ward Road. With a very lean staff of five, volunteers were counted on immensely!

In 1998 it was becoming apparent that they were outgrowing Ivy House. So with much planning

and preparation and the cooperation of the military staff at Greenwood, they moved into their present location at the Morfee Centre. Now, with all their resources under one roof, and with a staff of over twenty, programs and services for military families have been expanded and continue to thrive at 14 Wing Greenwood.

# Flight Education at the Greenwood Military Aviation Museum

January 2011

Some might think a museum is a place where dusty old relics are stored and viewed. Not so at the Greenwood Military Aviation Museum (GMAM)!

On Wednesday morning, 12 January, the GMAM was abuzz with a busload of students from Pine Ridge Middle School in Kingston. Waiting for them were 24 enthusiastic volunteer instructors, seasoned veterans and serving members of various military careers, recruited to escort students on a tour of the Museum and to pass on their knowledge and experiences to the fertile minds of tomorrow's men and women. This is the kind of education you can't find in a text book!

2011 marks the ninth consecutive year the GMAM, and this dedicated team of

volunteers, has hosted a Flight Education (FltEd) Program. The course entails a 2½ hour guided tour of the Museum for 60 grade six students from up to eight different schools throughout the Valley area and complements the schools' science course and the subject of flight. Over the next several months, schools from Kingston, Greenwood, Middleton/Lawrencetown, Kentville, New Minas and

Avonport/Hantsport will be attending. An indication of the popularity of this Museum, elementary schools from as far away as Halifax come in the spring to tour the facilities.

The students visit different areas of the GMAM, including RAF/RCAF Station Greenwood history; Greenwood and the Cold War; Greenwood's squadrons; search and rescue techniques and equipment; the *Argus*

flight simulator/trainer; engineering, featuring the *Argus* piston engine and T-33 jet engine; flight controls, ejection seat mechanics and torpedoes; a 2/3 scale model *Spitfire* aircraft; and a *Tutor* flight simulator program.

Popular exhibits include sounds from the ocean heard

through sonobuoys: ship and submarine propellers, biologics (whale and shrimp noises) and running torpedoes. Another striking exhibit is the cutaway *Argus* engine - as big as a Volkswagen car - with 1000's of moving parts seen in motion. The *Tutor* flight simulator puts the student

virtually in the cockpit of a *Tutor* aircraft taking off and landing at Greenwood. A surprising comment was heard: "I didn't know Canada had war heroes too!" We sure do! Lots of them!

To date, 3500 students have experienced the course, with teachers and escorts, and a further 500 are expected through 2011. These young people are the future airmen and airwomen, airline pilots, mechanical technicians, engineers, and computer programmers. What thing, story or experience at the Museum might trigger the imagination of a student and influence his/her career decisions?

Wing Commander, Colonel Bill Seymour, made a special appearance at the initial meeting of the volunteers 5 January, offering encouragement and thanks to the volunteers. The FlightEd Program reflects his policies for connecting with the community and relating Greenwood's historical past and its relevancy today. A warm welcome to the 2011 FlightEd classes, their teachers and escorts!

# Four Wartime Squadrons Celebrate 70<sup>th</sup> Reunion at 14 Wing Greenwood

By Major Chris Larsen

Reunions are a fairly common event, but nowhere in Canada will four proud wartime squadrons (sqn) celebrate the formation of their units at the same time. On June 9-11, 2011, the four units will come together and celebrate Rendezvous 2011 (RV2011) at 14 Wing Greenwood in the Annapolis Valley of Nova Scotia.

404 (Buffalo), 405 (City of Vancouver or Eagle), 413

(Tusker) and 415 (Swordfish) Squadrons were formed in 1941 in England as a part of the Royal

Canadian Air Force (RCAF) commitment to the defence of Britain.

404 Squadron: Now a Long Range Patrol and Training (LRP&T) Squadron, was formed April 1941 at Thorney Island, United Kingdom and the sqn was to spend its entire wartime life in England and Scotland, serving at over a dozen bases and only within Coastal Command. Aircraft flown included the Bristol Blenheim, Bristol Beaufighter and the de Havilland Mosquito. Known during the war as a ship-busting unit, and a key squadron in the feared 'Strike Wings', 404 also suffered the worst single mission loss (55%) when on February 9, 1945, 6 of 11 Buffalo Beaufighters were destroyed at Fordefjord, Norway. The squadron was disbanded in May 1945.

The sqn was reformed in Greenwood in April 1951 and flew the Avro Lancaster, Lockheed Neptune, Canadair Argus and the current CP140 Aurora. The Buffalo Squadron remained an operational unit until 1975, when, due to a climate of fiscal restraint, the decision was made to markedly reduce the size of the air force. 449 Squadron, the training unit, was disbanded and the training

responsibilities passed to 404 Squadron. This was a bitter pill to swallow for a proud operational unit, and with significant effort of unit leadership, command was convinced that 404, along with training, should still conduct operational mission. This decision led to the unique appellation of LRP&T for the unit. 404 is currently the Aurora Operational Training Unit (OTU) responsible for aircrew and maintainer training.

**405 Squadron:** The sqn is now one of two Long Range Patrol (LRP) Squadrons in Canada (along with 407 Squadron in Comox, BC). Formed at Driffield, Yorkshire in April 1941, as the RCAF's first bomber squadron, the unit was equipped with the Vickers Wellington and Handley Page

Halifax. 405 flew the RCAF's first bombing mission in June 1941, only 10 weeks after formation. For a short period, the unit was attached to Coastal Command flying anti-submarine missions over the Bay of Biscay and protecting convoys enroute to North Africa. Recognizing the effectiveness of this proud unit, orders were received moving 405 into 8 Group, to become a Pathfinder unit, leading and marking for bomber forces. This distinction is remembered through the fact that the unit crest shows the eagle facing right - leading the way, while all other unit's crests face left. The unit was disbanded at Greenwood in September 1945, while participating in the Tiger Force preparations to deploy to the Pacific war.

Reformed in March 1950, 405, along with 404 Squadron, flew Maritime Reconnaissance missions from Greenwood using the Lancaster Mk X. The Pathfinders have spent their entire post-war life as an operational sqn employing the Lancaster, Neptune, Argus and Aurora aircraft.

**413 Squadron:** The sqn has had a varied existence. Currently a Transport and Rescue unit, it flies the Hercules and Cormorants. Formed in July 1941 at Stranraer, Scotland, it was the first RCAF unit to employ flying boats, the Consolidated Catalina, an aircraft flown by the Tuskers throughout the war. Quickly moved to the Far East, 413 Squadron was employed flying reconnaissance missions

searching for Japanese forces. While flying on one of these missions, Squadron Leader Leonard Birchall sighted a Japanese task force and was able to warn Ceylon military authorities, allowing the repulsion of the attack. The Catalina crew were shot down, becoming prisoners, but Birchall was to be remembered as 'The Saviour of Ceylon'. In February 1945, 413, then in the process of being reformed as a Bomber unit, were disbanded at Bournemouth, England.

After the war, in 1947, 413 flew photographic missions employing the Lancaster and Mitchell bombers from Rockcliffe, Ontario. In 1949 the

unit changed again, becoming a Survey Transport unit flying the Dakota, Canso and Norseman aircraft. The sqn was again disbanded in November 1950. Reformed a third time less than a year after disbandment, the Tuskers were now a fighter unit at Bagotville, Quebec, flying the Vampire, Sabre and Canuck aircraft. In January 1962, for the third time, the unit disbanded. In 1968, 103 Rescue Squadron moved from Greenwood to Summerside and was renamed 413 Transport and Rescue Squadron flying the Labrador helicopter and Albatross amphibious aircraft. In 1991, along with 415 Squadron, 413 packed up and

returned to Greenwood where it still holds SAR responsibilities.

**415 Squadron:** The sqn also formed at Thorney Island, stood up in August 1941, and flew its wartime career in both Coastal and Bomber Commands. A quick read of the unit's history identifies a unit that was not well treated by wartime authorities with many moves, often to austere airbases, and being subjected to several obsolete aircraft, including the Bristol Beaufort, Handley Page Hampden, and Vickers Wellington. Notably, the sqn also flew the Fairey Albacore, thus earning the distinction of being the only RCAF unit in the Second World War to fly a biplane in combat operations. In 1944, the unit re-equipped with the Handley Page Halifax, and flew bombing missions until being disbanded in May, 1945.

Reformed in 1961, 415 Squadron called CFB Summerside home, flying the Canadair Argus until 1981 when the unit packed up and moved to its new home

at Greenwood. The Swordfish served proudly until 2005 when the unit was finally retired, and has housed its unit colours at the Greenwood Military Aviation Museum (GMAM).

**VPI:** The fifth celebration during RV2011 will be the 45<sup>th</sup> anniversary of VP International (VPI). VP is a designation used to identify Maritime Reconnaissance Air Force units. VPI is a service organization that espouses friendship amongst all allied VP air forces.

From June 9-11, 2011, at 14 Wing Greenwood, these four units will come together to celebrate their service to Canada with a series of events to remember the past and anticipate the future of aviation in Greenwood. Events will include a giant meet and greet, a dinner, industry displays and sqn displays.

Further information about the celebration can be found at [www.rv2011.ca](http://www.rv2011.ca) or write to Major Chris Larsen at [chris.larsen@forces.gc.ca](mailto:chris.larsen@forces.gc.ca).

**Fun By The Numbers**  
Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# Dacey and Robar Qualify at Men's Challenge Round

Submitted by  
**Eric MacKenzie and  
Mary Wredenhagen**

The 14 Wing Greenwood Curling Club hosted the Provincial Men's Challenge Round from 21 - 23 Jan 11. Seven teams, from Halifax and Chester, competed for the final two berths at the upcoming NS Tankard. The NS Tankard, which will be held at the Dartmouth Curling Club from 1 - 6 Feb 11, determines who will represent our province at the 2011 Tim Hortons Brier in London, Ontario.

The weekend got off to a cold and dark start as Friday's storm forced teams to take twice as long to travel down. Thankfully everyone arrived safely, but once here the Curling Club's power went out several times throughout the day, including just before the practices started and as soon as the first draw ended. The remainder of the weekend was full of excellent curling, and those who attended were treated

to great shot making. The first team to qualify was team Dacey, who defeated team Robar 9 - 4 during the Saturday afternoon draw. Team Dacey is skipped by Mark Dacey, third Tom Sullivan, second Travis Culter, and lead Lee Buott. The second team to earn the last spot was team Robar, from the Mayflower Curling Club. Team Robar defeated team Harris 10 - 6 in the final draw at 2:00 p.m. on Sunday. Team Robar is skipped by Mark Robar, Jeff Dawson throws mate stones, Dana Seward is second, and Kirk McDairmid plays lead. The 14 Wing Curling Club would like to thank all seven teams for competing this past weekend, and we wish both team Dacey and Robar all the best in Dartmouth. This event would not be possible without the commitment and dedication of many volunteers and staff. Bill Cox, and the PSP Arena and Curling Club staff, did an amazing job with the rink,

Team Dacey

especially during the power outages, and ensured that the players experienced consistent ice conditions. Bonnie Vaughn was a great host, and all the participants enjoyed being well hydrated during their stay. Special thanks needs to be given to The Aurora Newspaper, Len Hawley at Annapolis Valley

Radio 97.7fm, K-Rock 89.3fm for all their help promoting the spiel. Sandra Cathcart, Carolyn Dale, Kathy Matthews, and Mary Wredenhagen were a tremendous help with the logistics. In addition, the support of Brian Campbell, Brian Walker, Dave Ronaldson, Bill Laird, and Robyn Bradshaw

Team Robar

was greatly appreciated. Plus, we are thankful for all the help from Julie Morley, Edie Lloyd, and the Nova Scotia Curling Association. Last but not least, we would like to extend our gratitude towards all those who came down to watch the wonderful curling. We hope to see you at the annual Men's and

Women's Closing spiels in April. The 14 Wing Curling Club has five active leagues throughout the week; Men's, Women's, Mixed, Commercial, and Intersection (for military members). For more information on the 14 Wing Curling Club, please contact Brian Campbell, President, at 765-4543.

# What Makes the Winter Carnival Incredible?

## YOUR PARTICIPATION!

The 14 Wing Winter Carnival 2011 Pep Rally was a smashing success, and a “Thank You” is extended to the coordinators of the Rally (Capt Cabot and Capt Soanes), Team Representatives and their unit members, as well as the WComd, WCWO, and COs and their CWOs who danced and helped us to celebrate in order to raise the spirit for their individual teams. Thank you to our sponsors who have generously contributed to our Carnival.

This was the introduction to the Winter Carnival itself, which will be held on 04 and 05 February 2011 at 14 Wing Greenwood. The theme of this year’s carnival is CELEBRATIONS.

Winter Carnival teams are designated as 14 Wing units this year, and the teams will be competing against each other in events and through their demonstrated team spirit. The events and their dates/timings are listed below, and a description of each event and rules can be found at the 14 Wing Splash Page – Winter Carnival.

Who can sign up for the events? All team members, civilian Wing employees, Winter Carnival sponsors, and military dependants over 19 years of age. Family members of all ages and the public are invited to participate in the family activities, and to come and watch the events as well.

Why wouldn’t you sign up for events and not just watch your teams participate?

Friday is a designated “No-Fly” day, and the WComd and units’ senior leadership want you to participate primarily to have fun, and also to help your unit/team win.

There are prizes and team trophies to win, people to meet, and a lot of fun to be had!

For only a \$10 key chain, this is a great way to get out in the winter and do something different to support your unit/team, and to have fun with your teammates and your families.

Your Team Reps need you to participate! Please contact your Team Rep in order to *quickly* sign up for events, and to help your team win!
